No. 638 of 1911.

From,

E. MACONOCHIE, Esquire, I. C. S.,
Acting Agent to the Governor,
Kathiawar,

To,

THE SECRETARY TO GOVERNMENT,
Political Department, Bombay.

KATHIAWAR POLITICAL AGENCY,
Rajkot, 9 - September 1911.

I have the honour to subn it the Annual Administration Report of the Kathiawar Agency for the year ending 31st March 1911.

CHAPTER I—GENERAL AND POLITICAL.

Area—20,882 square miles, Population—24,97,145 according to latest Census.
Gross Revenue—2,00,00,000 approximately.

Introductory remarks and Personnel.

2. The Agency is divided into 4 administrative divisions (Prants) viz.—Jhalawad, Sorath, Halar and Gohilwad; and contains 188 separate States, Talukas and estates, jurisdiction being exercised by 84 Chiefs and Talukdars. The smaller non-jurisdictional estates are grouped into Thana Circles, the jurisdiction and control of which vests in the British Political Officers and is partly delegated to Deputy Assistant Political Agents and Thandars.

The Official *personnel* of the province during the year under report is given in Appendix I.

3. The annual tribute of the Province is as follows:—

British Tribute	...	Rs. 6,95,924	4	0.
Gaekwar Tribute	...	,, 2,90,188	4	0.
Junagadh Zortalbi	...	,, 92,421	8	0.
Total Rs...		10,78,534	0	0.

4. The Annual Reports of States of Class IV and upwards are separately submitted and this report deals chiefly with States and Talukas below Class IV (a list of which is given in Appendix XXVII) and with Thana Circles, though in general matters and in the appendices it deals with the whole province.

Thana Circles.

5. Since the abolition of the Bagasra Thana there remain the following 11 Thana Circles in the Province:—

		Area in square miles.	Population.
Jhalawad	1. Wadhwan District Thana..	222·170	17,916
	2. Dasada Thana..	119·76	11,525
	3. Bhoika Do.	178·388	18,539
	4. Paliad Do.	227·3	16,115
	5. Chotila Do.	367·9	17,724
Sorath	1. Lakhapadar Do.	137·2	14.589
Halar	1. Dhrafa Thana..	207·7	13,653
	2. Lodhika Do.	265·2	8,596
Gohilvad	1. Babra Thana....	298·7	27,026
	2. Songadh Do.	151·	21,445
	3. Datha Do.	172·8	23,129

Note—The Bagasra Thana in Sorath Prant has been abolished with effect from the 7th July 1909 under the authority of the letter from Government No. 3146 dated the 29th April 1909. Besides these 11 regular Thanas there are two Talukdari Thanas viz. Dedan and Jhinjhuvada. The Thandars of these Thanas are not on regular list of the Agency Thandars.

The District Officers inspected all the Thana Circles in their respective districts during the year.

Managed Estates.

6. The following States were under Government management at the end of the year under report:—

No.	State.	Class.	Management due to
1	Junagadh	I	Minority.
2	Porbandar	I	Do.
3	Palitana	II	Do.
4	Wadhwan	II	The present Chief has been recognized as a titular Chief.
5	Lathi	IV	Minority.
6	Muli	IV	Do.
7	Malia	IV	Debt.
8	Vala Kanthad Naja of Bilkha.	IV	Do.

The 4th Class state of Lathi was handed over to its chief on the 1st May 1911 he having attained political majority.

Japti Estates under class IV.

7. Besides the above States there were at the beginning of the year under report 581 petty estates under the supervision of the Superintendent Managed Estates. 6 estates were taken under management during the year while, 91

estates were released from attachment leaving 496 estates under management at the end of the year as detailed below:—

Prant.	Japtis on account of Loan.	Japtis on account of minority.	Japtis on account of E. E. Rules	Japtis on account of other causes.	Total.
Jhalawad ...	204	7	28	1	240
Sorath ...	102	15	16	5	138
Halar ...	11	4	11	...	26
Gohilwad ...	73	5	8	6	92
Total...	390	31	63	12	496

27 of these estates have a revenue of Rs. 10,000 and above.

Mr. Allison was in charge of the Japti Department upto the 28th October 1910 when he proceeded on long leave, since which date Mr. Antia has been in charge of the department.

Contributions towards the cost of the Japti and Audit Department and incidence of charges.

8. The cost of the Japti Department was Rs 27,407 during the year under report as against Rs. 29,583 last year. The difference is due to savings in the salary of the Superintendent, Managed Estates. The contributions levied for the supervision and audit of the managed estates during the year were Rs. 2-13-1 and Rs. 0-11-5 per cent respectively on the average revenues of the previous three years against Rs. 2-11-0 and Rs. 0-13-0 in the preceding year. The total cost of the Department amounted to 2·32 per cent of the average revenues against 2·19 for the preceding year.

Incidence of cost of revenue collecting establishments.

The incidence of the cost of the revenue collecting establishments varied from 7·12 per cent in Bhadwa and Dasada to 14 per cent in Dhrafa and 15·14 per cent in Chiroda. The total average in Thana Circles comes to 10·19 and that in all the estates under management to 9·98.

A brief account of the larger estates has been given in the Annual Report of the Superintendent Managed Estates, which forms an enclosure to the present report.

Condition of Japti estates.

9. The general condition of the Managed Estates shows a decided improvement. With careful management and the advent of more favourable seasons they are gradually recovering from a chronic state of indebtedness. The life interest principle has, for the time being, saved a large number of them and the machinery of Encumbered Estates Rules has been a source of relief in many cases. During the year under report Rs. 23,885 were recovered out of Takavi outstandings of Rs. 1,05,019 while Rs. 2,350 were written off. Of the remaining outstanding dues of nearly 5 lacs, Rs. 78,248 were recovered and Rs. 3,145 written off.

10. The monsoon of 1910 commenced unusually early in the beginning of June and the rains were at times continuous and heavy. Consequently the crops suffered from excessive moisture. Upto the end of September promise was held out for a bumper harvest but the last Hathia showers did more harm than good to the standing crops which fell short of expectations. The cotton crop outlook was not good but matters improved later in the season and in most of Jhalawad the crop was excellent Frost in February and the untimely rains in March further contributed to injure the wheat and other winter crops. But notwithstanding all these drawbacks the unusually high prices of cotton and certain grains saved the situation and the cultivators have not much to complain of. The cultivators are steadily recovering from the effects of the last great famine and a succession of indifferent years though some of them are still indebted to the estates

Season and crops and condition of Cultivators in the estates under Superintendent Managed Estates.

11. The experiment of employment of Girasias in the Japti Department is reported to have been not very successful. There are at present 4 Girasias and 7 Kathis employed in the Department but their work has not been in any way distinguished.

Employment of Girasias in the Japti Department.

12. The most noteworthy events of the year were :—

Principal events.

A. JHALAVAD.

1. Death of Thakore Saheb Balsinhji of Wadhwan State on 25-5-1910.
2. Restoration of jurisdiction of the 6th Class Taluka to Khachar Jiwa Mesur of Anandpur on 20-6-1910.
3. Raising the status of Malek Jainkhanji from 6th Class Talukdar to 5th Class as a personal distinction in July 1910.
4. Birth of a son to Malek Jainkhanji of Dasada on 10-9-10.
5. Recognition of K. S. Jaswatsinhji as Chief of Wadhwan in October 1910.
6. Birth of a son to Jhala Mansinhji of Rajpar on 18-10-10.
7. Death of the son of Malek Jainkhanji of Dasada on 21-11-10.
8. Death of Heir-apparent Malek Pirozkhanji of Bajana on 15-12-10.
9. Death of H. H. Sir Ajitsinhji, K. C. S. I., Raj Saheb of Dhrangadhra on 8-2-1911.
10. Installation of H. H. Ghanshyamsinhji, Raj Saheb of Dhrangadhra on 3-3-1911.

B. Sorath.

1. Appointment of the Chief of Manavada as Honorary Aid-de-Camp to H. E. th Governor of Bombay in April 1910.

2. Death of Vasavad Talukdar Labhshan kar Mayashankar on 30-9-1910. Th succession of his son Ramnikshanka has been approved.

3. Death of Bibi Mulayam Bakhte of Mana vadar on 14-10-1910.

4. Removal of Management over Chital a 6th Class Taluka, on 18-10-10. The eldest brother Vala Unad Rana has beer invested with the powers of a 7th Class Talukdar and the estate of the remaining two brothers has been placed under the Jetpur Taluka Court.

5. Marriage of the Chief of Manavadar with Fatma Sidika Begum, eldest daughter of Shaikh Jahangir Mian of Mangrol on the 8th December 1910.

6. Death of H. H. the Nawab of Junagadh on 22-1-1911.

7. Death of Azam Vala Godad Punja a Shareholder and 5th Class Talukdar of Jetpur, and the oldest Member of the Jetpur Taluka Court, on 22-1-1911.

8. Election of Azam Vala Mulu Surag as a provisional member of the Jetpur Taluka Court on 17-3-11.

C. Halar.

1. Marriage of Jadeja Shri Raghavsinhji, Talukdar of Mengni with the daughter of Akherajji of Dared, Bhayat of Vala on 29-4-1910.

2. Birth of a son to the wife of Kumar Harisinhji of Gadhka on 29-7-1910.

3. Death of the eldest son of Thakor Saheb of Rajkot at the age of about 10 months on 3-9-10

4. Death of the heir-apparent of the Pal Talukdar on 26-10-1910.

5. A slight shock of earthquake on 13-12-10.

6. Death of Jadeja Pratapsinhji, Talukdar of Gavridad on 30-3-1911.

D. Gohilvad.

1. A son was born to the Rani Saheb of H. H. the Maharaja of Bhavnagar but died soon after.

The minor Thakore of Lathi left the College in the month of April 1910 and was attached to the office of the Manager for getting insight into the administrative work.

The Sihor-Palitana Railway was opened on 25-10-10 by the Agent to the Governor, Kathiawar.

Marriage of the sister-in-law of the Maharaja of Bhavnagar with the Maharaja of Kisangadh in the month of February.

Tours of the Agent to Governor.

13. Mr. Hill visited Gopnath, Bhavnagar, Wadhwan, Junagadh, Jamnagar, Vankaner and Morvi. After taking over charge of this Agency at the end of September 1910, I visited Junagadh, Bhavnagar, Palitana, Dhulkot, Wadhwan, Porbandar and Dhrangadhra.

CHAPTER II.—Administration of the Land

System of Land Revenue collection in Kathiawar.

14. The land administration in Kathiawar, with the exception of States or estates under management, is independent of the Agency and is carried on in each State or estate by the local authorities in accordance with the system btaining there; the most common being "Bhag Batai" *i. e.* the division f the crops in a certain proportion between landlord and cultivator. In states under management the land revenue collection continues to be arried out on the system previously obtaining in each estate.

15. In Jhalawad some amount of waste land was brought under cultiation in the Chuda Taluka and irrigation projects are under contemplaion by the Lakhtar State.

There is hardly any waste land in Sorath.

In Halar about 862 acres of waste land were brought under cultivation during the year under report and approximately Rs. 4,051 were advanced to cultivators as Tagavi. The year was a fairly good one.

CHAPTER III.— Protection

Legislation.

16. Legislation in States of Classes I to IV is dealt with in the reports of those States; in estates of lower classes which do not possess codes or regulations of their own, the law follows generally the spirit of Acts and Regulations in force in the Agency Courts (*vide* Appendix II.)

Military Force.

17. The only military forces, properly so called maintained by Native States in this province are those of Junagadh, Nawanagar, Bhavnagar, Dhrangadhra and Jafrabad: and information regarding them is given in the reports of those States.

Junagadh, Nawanagar and Bhavnagar maintain each a body of Imperial Service Lancers.

The rest of the military forces call for little remark.

The total strength of the military forces at the end of the 2,176 while the cost was Rs. 5,92,154-1-2 (*vide* Appendix III).

Police.

18. The ratio of police to population and area for the whole province is, respectively $\frac{1}{323}$ and 2·7 per square mile. The Agency mounted and foot police are armed with smoothbore M. H. Carbines and smooth bore M. H. rifles respectively and are a very efficient body of men.

19. The total strength and cost of the States and Agency Police were:—

Police of	Strength.	Cost.
Native States ...	6,613	8,47,794 2 0
Agency	1,114	3,12,721 13 9
Total...	7,727	11,60,515 15 9

Full details are given in Appendix IV.

20. The work of the Police alike in Native States and Agency jurisdiction was satisfactory; the percentage of stolen property recovered was higher in the case of States' Police as will be seen from the following table: —

Classification.	Percentage of	
	Convicted to accused sent for trial.	Stolen property recovered.
Native State Police.	66·0075	51·74
Agency Police ...	71·99	49·33

Full details are given in Appendices V, VI and VII.

Village Police.

21. The village police under Agency jurisdiction number 995 and are under the Superintendent Agency Police. The Village Police Rules which were sanctioned by Government in 1909 continued to be in force during the year under report.

Criminal Justice.

22. Information regarding the various Criminal Courts of the States of Classes I to IV is given in the reports of those States. There are 20 Agency Courts the constitution of which is the same as in the previous year viz:—

The Court of the Agent to the Governor presided over by the Judicial Assistant who is also President of the Chief Court of Criminal Justice in Kathiawar.

The 4 Courts of the 4 District Magistrates.

The 4 Courts of the Deputy Assistant Political Agents (exercising 1st class Magisterial powers).

The 11 Thandars' Courts (exercising 2nd class Magisterial powers).

23. During the year 16,437 offences, concerning 19,942 persons were reported to all the Criminal Courts in the Province (including those of the States), with the following results:—

Discharged.	Acquitted.	Convicted.	Committed or referred.	Died, escaped or transferred.	Remaining.
7,219	4,533	6,214	248	68	761

Appendix VIII gives details of the work performed by the Courts of the Agency and of the States.

24. The Chief Court of Criminal Justice disposed of 28 sessions cases as against 21 in the preceding year. 42 persons were convicted as against 60 committed. Thus there was an increase in the number of cases as well as in the percentage of conviction which was 70 as against 58·3 in the preceding year.

Criminal appellate work.

25. The number of criminal appeals decided during the year was 669 of which 50 were decided by Agency Courts and the rest by the Courts of the States. The following is an abstract of the results:—

Courts.	Rejected.	Confirmed.	Modified.	Reversed.	Quashed.	Referred.	Further inquiry ordered.	Pending.	Total.
Agency ..	26	10	3	5	1	1	...	4	50
States ...	13	292	125	149	4	2	3	31	619

The criminal appellate work of the whole province is shown in Appendix IX.

The Court of the Agent to the Governor (presided over by his Judicial Assistant) decided 14 revision applications, rejecting the applications in 12 cases, confirming the sentences in 1 case, and reversing the sentence in 1, while 2 cases remained pending at the close of the year.

Civil Justice.

26. The original Civil Courts of the Agency were 19 in number. They are as follows:—

The 4 Courts of the Political Agents in charge of Districts (with unlimited jurisdiction in original Civil Cases).

The 4 Deputy Assistants' Courts (with power to hear Civil Suits to the value of Rs. 5,000).

The 11 Thanadars' Courts (with power to hear civil suits to the value of Rs. 500).

Appeals against the decisions of all these Courts lie to the Court of the Agent to the Governor (presided over by the Judicial Assistant).

27. The following statement summarises the work of the Civil Courts:—

Courts.	Number of Cases.					
	In arrears.	Newly filed during the year.	Total.	Disposed of.	Average duration.	Pending at close of year.
					Y. M. D.	
Agency Courts ...	287	1,408	1,695	1,466	0 7 13	229
States Courts ...	2,188	20,727	22,915	20,470	1 3 8	2,445
Total	2,475	22,135	24,610	21,936	.....	2,674

Of the suits filed during the year 324 had reference to landed property, 21,148 to money transactions, while the balance was concerned with other miscellaneous rights. The total value of all suits filed was Rs. 33,07,116-4-5.

Thirty five per cent of the claims were admitted or compromised. Six per cent were struck off the file and 18 per cent were decided ex parte, the remainder being regularly heard and decided on their merits. The average duration of suits in all the Courts concerned was satisfactory.

Applications for execution of civil decrees.

28. The following is a brief summary of the work under this head:—

Opening balance.	Applications filed during the year.	Total.	Applications disposed of during the year.	Closing balance.	Nature of applications pending disposal at the close of the year.		
					Below 6 months.	Below 12 months.	Above 12 months.
14,578	32,528	47,106	36,430	10,676	6,325	2,128	2,223

Details are given in Appendix XI.

Civil appellate work.

29. There is only one appellate Court (*i. e.* the Agent to the Governor's) in the Agency. The work done in this Court and in the appellate Courts of States is summarised in the following table:—

Courts.	Number of Civil Appeals				Average duration.
	In arrears.	Filed during the year.	Disposed of.	Pending at end of year.	
					Y. M. D.
Agency ...	18	83	31	70	0 6½ 0
States ...	236	1,398	1,366	268	0 2 15

	Number of revision applications.				Average duration.
	In arrears.	Filed during the year.	Disposed of	Pending at end of year.	
					Y. M. D.
Agency only..	2	13	9	6	0 2 26

The Agent to the Governor himself disposed of 44 Political Appeals during the year as against 85 in the preceding year.

Details of the Civil Appellate work are given in Appendix XII.

Giras and Political.

30. During the year under review the Judicial Assistant sent 20 cases to the Agent to the Governor for countersignature. There are 17 suits now pending in his Court but these are for the most part small claims recently brought on the file.

The system of referring petty disputes for diplomatic settlement in the first instance has proved successful and parties are beginning to understand its advantages.

Extradition.

31. There is nothing special to remark on this head except that there was one case of undue delay on the part of the Navanagar State in surrendering an accused person.

In the Jhalavad, Sorath, Halar and Gohilwad Prants respectively 50, 105, 128 and 42 accused persons were extradited by the States inter se.

Prisons.

32. There are 12 Agency and 126 State Prisons in the Province. The health and general conduct of the prisoners were good. The total number of prisoners remaining in all the gaols at the end of the year was 780, the total cost of jails and prisoners being Rs. 95,499-4-9. The daily average of prisoners was 75·37.

The condition of Jail buildings at Songadh remains unsatisfactory as reported in previous years, for want of funds to effect the necessary improvements.

Registration.

33. In the Agency Courts 301 deeds, and in the States' Courts 5,011 deeds, were registered, of a combined total value of Rs. 22,26,257-11-7 the fees realized being:—

(*i*) In the Agency Courts Rs. 1,707-8-0 and

(*ii*) In the States' Courts Rs. 45,698-6-10. For details *see* Appendix XV.

Municipal Administration.

34. There are no regular municipalities in Agency jurisdiction but statistics of the 4 Prant Civil Stations will be found in Appendix XVI. The information under this head for States of classes I to IV is given in their respective annual reports.

CHAPTER IV.—Production and Distribution.

35. A statement of the rainfall at the Civil Stations, Thanas, and the chief towns of the larger States is given in Appendix XVII and detailed information on the subject dealt with in this chapter so far as the States of Classes I to IV are concerned is given in the Annual Reports of those States.

Weather and Crops.

As regards the province as a whole the rainfall was sufficient but not altogether well distributed. The cotton crop suffered in many places on account of untimely rain and changeable season. The maximum rainfall was 55·42 inches at Dhrol; the minimum 14·18 inches at Bajana. District by district the state of affairs was as shown in the following paragraphs:—

36. The rainfall was sufficient. Most of it fell in August and in January the minimum was reached. The maximum fall was 30·77 at Chotila and the minimum 14·18 at Bajana. The Agtar crops were good. In many parts of this Prant, the cotton plants were damaged by frost and untimely rainfall. Cotton fetched very high prices. The average out-turn was 12 annas.

Jhalawad.

The supply of fodder and water was sufficient. The condition of agricultural stock was satisfactory and there has been an increase in the number as compared with the last year. The prices of food grains were normal.

37. Rain-fall during the year under report was untimely in the beginning and incessant at the end of the season. In all parts, however, it was sufficient for agricultural purposes though the later rains damaged the cotton crops in places. The produce of this year was nearly equal to that of the last year. The rates of grain were slightly lower but the cotton rate was much higher. In several parts the cotton crop was poor being damaged by late rains and later on by frost. Bajri, Juwar, wheat, til and other crops were good, except in some parts where Geru attacked wheat. No damage was caused to the crop by locusts. The cotton crop averaged 7 annas in the rupee and other crops 11 annas in the rupee.

Sorath.

38. The total rain-fall registered at the various stations in the Prant varied from a maximum of 55·42 at Dhrol to a minimum of 29·9 at Rajkot. The average rain-fall of the past five years ranges between 38·43 at Dhrol and 23·63 at Gondal. The rain-fall on the whole was more than sufficient in quantity but only fairly well distributed. The Agtar crops suffered from excessive rain in the beginning of the season and pachhtar crops, especially wheat and cotton, suffered slightly from changeable weather. The year may be discribed as from 10 to 12 anna year.

Halar.

39. The rain-fall in Songadh Civil Station measured 28 inches and 76 cents; in Babra 25 inches and 37 cents; in Chok-Datha 17 inches 27 cents. The rain though in time in the beginning held off for a long time in the latter part of the monsoon which greatly affected the outturn of crops (both Agtar and Pachhtar). The crops averaged from 8 to 10 annas in a rupee. No requisitions for loans were made during the year.

Gohilwad.

40. The demand for labour was good and there was no appreciable fluctuation in the rates of wages. The condition of the labouring classes was as prosperous as during the previous year.

Wages and labour.

41. The prices of staple food grains were normal. The prices of food grains in March 1911 as compared with those in March 1910, are given in Appendix XVIII.

Price of food grains.

42. There are no forests in any of the Talukas below Class IV. The requisite information under this head has been furnished by States of a higher class in their Annual Reports.

Forests.

43. The sea-borne and rail-borne trade statistics for the whole province are given in Appendices XXIX and XXX. The following is a brief summary of the figures :—

Trade and manufacture.

SEA-BORNE TRADE.

EXPORTS (Cotton, grain, bullion including specie, &c.) Rs 2,27,59,093 as compared with Rs. 2,98,36,016 in 1909-10.

IMPORTS (Rice, grain, cloth, metals, timber, sugar, molasses, bullion including specie, &c.) Rs. 2,99,64,876 as compared with Rs. 2,96,91,338 in 1909-10.

RAIL-BORNE TRADE.

				Freight charges realized.
Local...	B. G. J. P. Railway...	2,39,771 tons.	Rs.	7,07,347.
	Morvi Do. ...	2,82,060 mds.	Rs.	24,236.
Foreign Import.	B G. J. P. Railway ..	36,167 tons.	Rs.	1,71,182.
	Morvi Do. ...	4,36,213 mds.	Rs.	58,176.
Foreign Export.	B. G. J. P. Railway...	71,352 tons.	Rs.	3,05,471.
	Morvi Do. ...	7,17,463 mds.	Rs.	59,926.

The corresponding figures for 1909-10 were as follows : —

				Freight charges realized.
Local ...	B. G. J. P. Railway...	2,23,819 tons.	Rs.	6,15,087.
	Morvi Do. ...	23,484 tons 6 mds.	Rs.	23,898.
Foreign Import.	B. G. J. P. Railway...	37,984 tons.	Rs.	1,77,147.
	Morvi Do. ...	16,230 tons 27 mds.	Rs.	59,118.
Foreign Export.	B. G. J. P. Railway...	67,813 tons.	Rs.	2,58,904.
	Morvi Do. ...	12,986 tons 1 md,	Rs.	36,024.

Public Works.

44. The total expenditure on Public works during the year was Rs. 49,36,633-0-3 of which works costing Rs. 1,84,640 were carried out under the supervision of the Agency Engineer, the expenditure being distributed as follows:—

States Funds	Rs.	93,686
Agency Local Funds	Rs.	81,220
Imperial and Provincial Funds	Rs.	9,734

Rs. 47,51,993-0-3, were spent by the States on public works carried out by their own agency. Appendix XIX shows the expenditure incurred by the States on works undertaken by them.

Post Offices.

45. The number of post offices in each of the three Kathiawar Postal divisions at close of the year was:—

Division.	Post offices.	Post men	Village post men.
Rajkot	173	164	60
Bhavnagar ...	175	145	39
Cutch-Wadhwan ...	89	Not	known.

Mint.

46. The only mint in the province was that maintained at Junagadh by the Junagadh State; but it has recently been closed. The present exchange value of the Junagadh silver kori is about $\frac{1}{4}$ of a rupee.

General condition of States and people.

47. Of the 31 States of classes I to IV (a list of which is given in Appendix XXVI) the financial condition of the following 16 is good.

1.	Junagadh	1st class.
2.	Bhavnagar	
3.	Porbandar	
4.	Morvi	
5.	Gondal	
6.	Jafrabad	
7.	Limbdi	2nd class.
8.	Palitana	
9.	Rajkot	
10.	Than-Lakhtar	3rd class.
11.	Jasdan	
12.	Manavadar	
13.	Thana-Devli	
14.	Vadia	
15.	Azam Vala Mulu Surag of Jetpur.	4th class.
16.	Patdi	

The remaining 15 are more or less indebted.

48. Of the States of lower classes (*vide* Appendix XXXVII) only the following are free from financial embarrassment:—

Class.	State.	Prant.
V	1. Vala Bhima Desa of Jetpur.	Sorath.
	2. Vala Punja Loma of Jetpur.	
	3. Vasavad.	
V	Lodhika (Harisinhji) ...	Halar.
VI	1. Rajpur	Jhalawad.
	2. Malek Jainkhanji of Dasada.	
	3. Rai-Sankli	
	1. Vichhavad	Sorath.
	2. Kuba	
VII	1. Vala Giga Hipa of Sanala (Jetpur.)	Do.
	2. Vala Bhaya Nathu of Sanala.	

Of the non-jurisdictional Talukdars there are still but few who are not heavily indebted.

49. The condition of labouring classes was very good throughout the year.

Births and Deaths.

50. The figures of births and deaths for the whole province will be found in Appendix XXIV. The number of births and deaths is reported to have been respectively 78,874 and 53,964.

Agricultural Stock.

51. The detailed figures of agricultural stock are given in Appendix XX.

The total number of the various animals is reported as being:—

Animals.		Number.
Bullocks		4,63,607
Cows		3,04,861
Buffaloes ...	Males ...	50,919
	Females ...	2,09,619
Horses		12,055
Mares		16,805
Colts and fillies		8,215
Asses		47,552
Sheep and goats		14,73,083
	Total...	25,86,716

Immigration and Emigration.

52. There was no immigration or emigration worthy of mention.

Excise.

53. There were 638 excise shops. The total excise revenue of the province amounted to Rs. 2,25,065-11-10 during the year as against Rs 2,57,569-4-10 last year. Detailed figures are given in Appendix XXI.

CHAPTER V.—Revenue and Finance.

54 Although it is not possible to ascertain the exact figures of income, the total gross revenue of the province may be estimated at about 2 crores of rupees.

The gross revenues of States of Classes I to IV are given in Appendix XXVI (column 7) and that of the States of Classes V–VII in Appendix XXXVII. The total receipts and expenditure and the opening and closing balances of States of Classes I to IV will be found in Appendix XXII.

Government Loan.

55. No loan was taken from Government by any of the States during the year under report. The total amount recovered on account of Government loan (principal and interest) was Rs. 7,37,203-4-6. The balance on this account (principal and interest) due at the end of the year was Rs. 31,46,577-1-6 on account of principal and Rs. 2,88,135-15-8 on account of interest; total Rs. 34,34,713-1-2.

Local Fund Loan.

56. The amount outstanding on account of the Local Fund Loan at the close of the year was:—

		Rs.	a.	p.
Principal	...	4,81,610	9	8
Interest	...	2,306	10	8
Total	...	4,83,917	4	4

Tribute.

57. The unpaid tribute (British, Gaekwar and Junagadh Join ed on the 31st March 1911 to Rs. 2,67,797–10–2 as against Rs. 3,23,075 at the end of March 1910. Appendix XXXIII gives the details of such out-standings.

Consolidated Local Fund.

58. The receipts and expenditure of the Consolidated Local Fund were respectively Rs. 2,65,217-6-3 and Rs. 2,78,622-15-3. The details are shown in Appendix XXXIV.

Excluded Local Fund.

59. The receipts and expenditure of the States General Contribution and Endowment Fund were, respectively, Rs. 4,35,635-4-8 and Rs. 3,66,444-12-2.

Thana Funds.

60. The total receipts and expenditure of the several Thana Funds were Rs. 4,35,296-0-0 and Rs. 3,95,266-2-10 respectively (Appendix XXXI).

CHAPTER VI.—VITAL STATISTICS.

61. Of the 121 hospitals and dispensaries in the province at the end of the year under report, 19 (those in Thana Circles, Civil Stations and Managed Estates) were under the supervision of the Agency Surgeon. The following is a summary of the statistics:—

Hospitals and dispensaries.	No. of patients.		Expenditure.
	Indoor.	Out-door.	
Under the Agency Surgeon.	1,359	88,759	42,672 0 0
Under Native States.	5,711	6,84,658	2,57,442 5 0
Total...	7,070	7,73,417	3,00,114 5 0

The detailed figures of each institution are furnished in Appendix XXIII.

Rasulkhanji Hospital.

62. In the Rasulkhanji Hospital for women 177 in-patients and 1,851 out-patients were treated during the year at a cost of Rs. 15,637-8-6 as against 218 in-patients and 1,842 out-patients at a cost of Rs. 14,919-8-9 during the previous year.

Vaccination.

63. The States of Junagadh, Jamnagar, Bhavnagar, Morvi, Gondal and Dhrangadhra control their own vaccination operations. The Agency Surgeon observes that all the States controlling their own vaccinations have shown a very great improvement in their numbers inspected by the Superintendents. The Vaccination Establishment under the Agency Surgeon has worked satisfactorily and all villages have been inspected by the Assistant Superintendents of Vaccination at least once in the last two years.

The following is a summary of the vaccination figures:—

Total number of vaccination or re-vaccination.	Successful.	Small-pox amongst				Cost of vaccination.
		Unprotected.		Protected.		
		Cases.	Deaths.	Cases.	Deaths.	
85,863	83,504	1,371	289	1,727	120	37,232 3 6

Births and deaths registration.

64. The registration of births and deaths is receiving attention throughout the province. The figures reported and the *per mille* ratios during the

past two years are given below:—

Year.	Population.	Births.	*Per mille* ratio.	Deaths.	*Per mille* ratio.
1909-10 ...	23,29,196	77,291	33·42	47,877	20·70
1910-11 ...	24,97,145	78,874	33·98	53,964	22·34

65. The following are the plague figures for the year:—

Plague.

Imported.		Indigenous.		Total.	
Cases.	Deaths	Cases.	Deaths	Cases.	Deaths.
35	21	3,791	2,569	3,826	2,590

The total plague cases and deaths in the year ending 31st March 1910 were repectively 1,950 and 1,390.

CHAPTER VII.—Education.

Rajkumar College.

66. At the end of the last year there were 41 Rajkumars on the roll of the College, 5 new kumars joined, and 12 left the College, leaving 34 at the end of the year under report. Of these 26 belonged to Kathiawar, 5 to the Rewa Kantha Agency, 1 to the Southern Maratha Country, 1 to the Dharwar Agency and 1 to the Palanpur Agency. Mr. Mayne was Principal during the whole year. Vice Principal Mr. Turner proceeded on 6 months' leave on 21-4-10 and returned to duty on 21-10-10. His place was taken during the interim by Mr. W. Fanshawe. Khan Saheb R. D. Patel retired from service on 10-4-10.

67. I have separately recorded my remarks upon the College. The Committee which was appointed last year to report on the question of the College Council assuming the financial management of the College, suggested certain amendments in rules XIV and XV of the Rules for the management of the Rajkumar College. The report of the Committee was circulated among the Chiefs of the States of Classes I to IV for opinion, but in view of the adverse attitude of the majority the proposed alterations in rules 14 and 15 were dropped.

The number of Kumars at the close of the year under report was 34; but it has since risen to over 40.

68. A detailed account of the income and expenditure of the College for 1910-11 is given in Annexure E of the College Report. The total receipts amounted to Rs. 62,672-7-2 including a sum of Rs. 24,966-0-0 received from Imperial Funds as grant-in-aid. The expenditure of the College was Rs. 72,320-5-7. Thus there was a deficit of Rs. 9,647-14-5 which was made good from the interest on the Endowment Fund.

69. Two candidates appeared at the Diploma Examination in April 1910 and both were successful. One of them K. S. Fatehsinhrao of Akalkot stood first while the other stood seventh out of 19 candidates from all the Colleges. No candidate appeared at the Diploma examination this year.

Examinations.

In all 31 Kumars were examined in the annual examination during the year of whom 23 passed in all heads.

70. Last year there were two Kumars in the Imperial Cadet Corps and three more joined during the year under report. One of them left during the year. There are therefore four Kumars at Dehra-Dun and the reports of them are encouraging.

Imperial Cadet Corps.

71. The number of boys on the roll of this school at the end of the year was 67 *i. e.* the same as in 1909-10. The boys came from the following areas:—

Talukdari Girassia school at Wadhwan.

(1)	Jhalawad	42
(2)	Gohilwad	5
(3)	Halar	7
(4)	Sorath	6
(5)	Ahmedabad	1
(6)	Broach	1
(7)	Palanpur...	1
(8)	Cutch	4
		67

The school was inspected by the Educational Inspector N. D. in September last and his report was on the whole favourable. Mr. Strip continues to superintend the institution with undiminished energy and success and retains deservedly the confidence of his pupils both past and present and of their parents. Government have been pleased to sanction a yearly sum of Rs. 2,500 as a grant to the Talukdari Girasia School for a period of 5 years. The school fills a want and fills it most satisfactorily.

72. Besides the Talukdari Girassia School there is a Girassia College at Gondal. The number of boys on the register was 62 as against 67 in the preceding year. The fee receipts and the total expenditure both show a decrease from Rs. 18,220 and 27,462 to Rs. 14,651 and 25,629 respectively. The College

Gondal Girassia College.

is a monument to the enterprise and public spirit of H. H. the Thakór Saheb of Gondal. Education is imparted to Girassias of any State at a cost which meets the case of those impoverished Estates which cannot afford even the moderate fees levied at Wadhwan.

Male Training College Rajkot.

73. The total number of pupils on the roll of this College was 69 at the end of the year. Of these 13 were in the 3rd, 26 in the 2nd and 30 in the 1st year's course. 68 students and 8 vernacular masters appeared at the annual examination. Of these 65 passed. 27 of the passed students were sent out as teachers in the primary schools of the province. 71 candidates appeared at the entrance examination of the College and 33 of them passed. 25 of the passed candidates were admitted to the 1st year's course of the College.

Barton Female Training College.

74. There were 22 pupils on the roll of the Female Training College at the end of the year. Of these 7 were in the 3rd, 5 in the 2nd, and 10 in the 1st year's course. 25 candidates including 1 assistant, appeared at the annual examination, all of whom passed. 9 of the passed candidates were sent out as teachers. For the Entrance Examination of the College out of 13 candidates 6 passed. 8 students including two of the plucked candidates were admitted to the 1st year's course.

General Education, number of schools etc.

75. There were throughout the province during the year 1910-11, 1,455 Educational Institutions with 95,140 pupils, against 1,414 institutions with 92,838 pupils in the preceding year. Of the 1,455 institutions 1,131 or 24 more than the last year were public institutions and were attended by 80,015 pupils against 77,855 last year. The number of private institutions increased from 307 to 324 and the attendance in them from 14,983 to 15,125. Of the total number 95,140 of pupils in all institutions public or private 76,939 were males and 18,201 were females against 75,016 males and 17,822 females in the preceding year. During the year under report 15 schools with 1,796 pupils were closed on account of plague.

Of the 1,131 public institutions, 283 were under the direct control of the Agency, 29 were private, 794 were under the management of the 1st and 2nd Class States, 21 were aided and 4 were unaided, as against 277, 29, 776, 20 and 5 respectively during the last year. The schools under the direct management of the Agency increased by 6 and those under the 1st and 2nd Class States by 18. There was one more aided school than last year. The number of unaided schools decreased by 1. The number of students learning English in Public Schools rose from 9,261 to 9,300, the number learning a classical language from 3,685 to 4,024 and the number learning a vernacular language from 77,285 to 79,475.

76. The distribution of the schools, and the numbers attending them are given in Appendix XXV, of which the following is an abstract:—

No. of schools.		Description of schools.	No. of pupils on 31st March.		Daily average attendance.		Remarks.
1909-10.	1910-11.		1909-10.	1910-11.	1909-10.	1910-11.	
		University Education.					
2	2	Arts Colleges ...	225	221	184	198	
		School Education General.					
14	15	High schools ...	3,867	4,428	3,151	3,607	
56	51	Middle schools for boys.	5,088	4,578	3,931	3,824	
2	2	Do. for girls...	81	73	36	40	
924	952	Primary Schools for boys	57,909	60,021	43,730	45,557	
104	105	Do. for girls...	10,484	10,560	6,644	6,763	
		School Education. special.					
1	1	Male Training College.	66	69	58	62	
1	1	Female Training College.	25	22	21	23	
3	2	Other schools ...	110	43	87	39	
307	324	Private institutions.	14,983	15,125	...	...	
1,414	1,455		92,838	95,140	57,842	60,113	

77. The total expenditure on education in Kathiawar was Rs. 9,33,222 as against Rs. 9,18,100 in the previous year. The increase is due to increased expenditure on Arts Colleges, Primary and Special schools and scholarships and under the head "Miscellaneous." So far as is possible the policy of Government in improving the pay and status of subordinate masters in Primary schools is being pursued in schools which come within the perview of the Agency Educational Officer.

Cost of Education.

The distribution of the expenditure was as follows:—

(1)	Arts Colleges	62,747
(2)	High Schools	2,24,724
(3)	Secondary Schools ...	1,04,148
(4)	Primary Schools ...	4,87,150
(5)	Inspection charges ...	54,453
	Total...	9,33,222

CHAPTER VIII. —MISCELLANEOUS.

Press and Newspapers.

78. A return of presses worked and of newspapers and other periodical publications published, in Kathiawar during the year 1910-11 will be found in Appendix XXXII.

Two newspapers are published in Rajkot one bi-weekly and one weekly. They issue by permission of the Agency.

Libraries.

79. There are still four Agency libraries, namely the Lang library at Rajkot and the Civil Station libraries at Wadhwan, Songadh, and Jetalsar. There are also smaller libraries maintained by the Thana Funds in some of the Thana Circles; and the Watson Museum continues to be supported. Considerable interest is manifested in the Lang Library by the Rajkot Public and it is a well managed institution with a fair collection of books.

Horse-breeding.

80. The number of paddocks is the same as last year. Horse-breeding, except for purely local purposes, has not been found remunerative by any State; but the efforts made by such Darbars as those of Junagadh, Bhavnagar Palitana, Wankaner, Rajkot and Manavadar have helped to foster the Kathiawar breed of horses.

81. The following reports are appended :—

(1) Annual Report of the Judicial Assistant.
(2) Do. the Political Agent, Jhalawad.
(3) Do. do. Sorath.
(4) Do. do. Halar.
(5) Do. do. Gohilwad.
(6) Do. the Superintendent, Managed Estates.
(7) Do. the Superintendent, Agency Police.
(8) Do. the Agency Surgeon.
(9) Do. the Agency Engineer.
(10) Do. the Principal Rajkumar College.
(11) Do. the Agency Educational Officer.
(12) Do. the Zenana Medical Officer.
(13) Do. the Superintendent Barton Female Training College.

82. Taken all round the year may be regarded as decidedly favourable and as marked by steady recuperation among all classes. Though the cotton crop was not a heavy one except in parts of Jhalawad the high prices realized brought a great deal of money into the country and the cultivating and labouring classes are generally in far better condition than for a number of years past. The belief that this is the case is amply confirmed by the manner in which all classes have hitherto faced a season of abnormal drought. Another good season or two would have restored a large measure of prosperity to the Province. But as matters stand at this moment the prospects of the immediate future give cause for grave anxiety. The remarks contained in last year's report as to the success of endeavours to settle long standing disputes extra-judicially hold good and from the statement that I append it will be seen that 87 cases of this kind were disposed of during the year, a result that is creditable to the Political Officers concerned.

General Remarks.

83. The negotiations for the separation of the Kathiawar State railways were brought to a successful conclusion during the year. Separate accounts were maintained from the 1st April 1911, and by the 1st August, when the arrangements for separate working were completed, all important outstanding questions had been settled. The good sense and conciliatory spirit which characterised the proceedings of the proprietors throughout the negotiations afford the best promise for harmonious working in the future.

84. By the deaths of H. H. Nawab Rasulkhanji of Junagadh and H. H. Raj Saheb Ajitsinhji of Dhrangadhra Kathiawar sustained the loss of two striking personalities. In Junagadh the administration necessitated by the minority of the young Chief has been initiated by Mr. Rendall with much judgment and ability. In Dhrangadhra the excellent preparation for his responsibilities that the present Raj Saheb has received and the judicious manner in which he has set himself to work offer good hope for the future of his State.

85. The relinquishment by Mr. Rendall of the office of Judicial Assistant which he had held since August 1905 has deprived Kathiawar of a judicial officer who enjoyed in an exceptional degree the confidence of all classes and the Agent to the Governor of an adviser whose judgment was as reliable as his local knowledge was extensive.

86. To the Political Officers, the Administrators of States and the Heads of the several Departments under the Agency I am indebted for their efficient work and zealous cooperation.

I have the honour to be,

Sir,

Your most obedient servant,

E. MACONOCHIE,

Ag. Agent to the Governor, Kathiawar.

STATEMENT A.

Statement showing the number of Political or *quasi* Political disputes settled amicably by the Political Agents in charge of Prants during the year 1910-11.

Prant.	Number of disputes.
Jhalawad	35.
Sorath	9.
Halar	4.
Gohilvad	39.

No. 132 of 1911-12.

From,

G. D. FRENCH, Esquire, I. C. S.,
Judicial Assistant to the
Agent to the Governor, Kathiawar.

To,

The AGENT to the GOVERNOR,
Kathiawar.

Rajkot, 19th June 1911.

SIR,

I have the honour to submit my annual report on the judicial work of the Court of the Agent to the Governor for the year 1910-11 accompanied by the required appendices.

Personnel.

2. Mr. H. D. Rendall, I. C. S., held charge of the office of Judicial Assistant from 1st April 1910 to 4th February 1911. On the latter date he relinquished charge in order to join the appointment of Administrator of the State of Junagadh. Major F. deB. Hancock, Political Agent, Halar, acted in the appointment till I took charge on the 25th April 1911.

Criminal justice.

3. Appendix IX shows the results of the criminal appellate work performed by the Judicial Assistant only. Out of 28 appeals received during the year 13 were summarily rejected, in 8 cases the Lower Courts' decisions were confirmed, in 4 cases modified, in 1 case reversed. At the close of the year 2 appeals were pending.

4. The results of the criminal revision applications filed in this Court are embodied in appendix IX A. Of 16 applications presented 14 were disposed of and 2 remained pending at the close of the year. Interference was found necessary in one case only.

5. The Chief Court of Criminal Justice presided over by the Judicial Assistant disposed of 28 cases during the year as against 21 in the previous year. The number of persons sent for trial increased from 36 to 60. Of these 42 were convicted, a percentage of 70 as against 58·3 in the preceding year.

6. There has been no change in the number of Courts over which this Court exercises jurisdiction.

Civil Justice.

7. Information regarding the number of civil suits and applications for execution filed in the various Courts of the Agency will be found in appendices X and XI. The number of suits filed was 1829 as against 1852 in the last year and the total number for disposal was 2155. The proportion of disposals remains almost constant. The outstanding balance is 282 as against 325 last year. The value of the suits filed was about 5 lacs or about 32 thousand less than in the preceding year. Of the 1829 new suits filed as many as 1770 are claims in respect o money transactions, whilst 1385 of these are for amounts under 100. The number of suit concerning landed property has decreased from 26 to 18. 61 per cent of claims were admitted or compromised, 8 per cent were struck off the file, and 12 per cent were decided ex parte. The average duration of suits in all the 24 Courts concerned was abou 8 months, as against 4½ months last year, but such yearly averages must necessarily vary The recently submitted half yearly return shows that arrears are normal.

8. From Appendix XI, showing the results of applications for execution, it will be seen that the total number of such applications was 2,966 or 39 more than in the previous year: the value is 19 lacs and 2 thousand or an increase of about four lacs. The disposals averaged 72 per cent of the number and 53 per cent of the total value of applications on the file, while arrears are chiefly in respect of applications recently filed.

9. As shown in appendix XII, the Court of the Agent to the Governor presided over by the Judicial Assistant decided 30 appeals out of 99 on the files, leaving a large balance of 69 to be disposed of. This accumulation appears to be largely due to the Judicial Assistant having been engaged in arbitration in connection with certain water disputes between Junagadh and Porbandar and to the hearing of the Chudva civil appeal. Of the decisions of the Lower Courts 13 were confirmed, 9 reversed, 5 remanded for retrial, and 3 compromised or otherwise disposed of. There are only 6 appeals pending in this Court for more than a year.

10. The Judicial Assistant disposed of 9 out of 15 civil applications for revision. Of these decisions 4 were confirmed, 2 reversed, 1 compromised and 2 remanded. The average duration was reduced from 4 months to 2 months. The figures will be found in appendix XII A.

Giras and Political:

11. During the year under review 20 cases were sent to the Agent to the Governor for countersignature as compared with 9 in the previour year. There are 17 suits now pending, but these are for the most part small claims recently brought on the file. The system of referring petty disputes for diplomatic settlement by the Prant officers in the first instance has proved successful and the parties are beginning to understand its advantages.

14. The Judicial Assistant reported to the Agent to the Governor on 4 political cases sent for hearing and report. Of these the most important were the Kokhers case against the State of Junagadh, the Dasada partition case and the Dhramania appeal.

4 Political appeals in disputes between the Chief of Morvi and his brother were returned to the Agent to the Governor in view of negotiations to settle the matter amicably.

General:

15. During the year under report 6 applications for certificate of heirship or succession certificates were disposed of by the Court.

16. The judicial records of Dasada and Jhinjhuvada Thanas were examined during the touring season. Irregularities detected were explained and the results of inspection have been reported as usual.

17. The civil and criminal work of the Thandars was on the whole found to be satisfactory.

I have the honour to be,

Sir,

Your most obedient servant,

G. D. FRENCH,

Judicial Assistant, Kathiawar.

APPENDIX IX.

G. D. FRENCH,
Judicial Assistant to the
Agent to the Governor, Kathiawar.

No. 902 of 1911-12.

From,

Major W. M. P. Wood,

Political Agent, Jhalawad Prant

To,

The Agent to the Governor,

Kathiawar.

Jhalawad Prant Office,

Camp Wadhwan C. S., 20th May 1911.

Sir,

I have the honour to submit the annual report of the Jhalawad Prant for the year ending 31st March 1911.

2. The States of Classes I and II submit their annual Administration Reports direct to you. The reports of Classes III and IV have been submitted by me separately with my remarks thereon.

The report in the main deals with Talukas below Class IV and the Thana Circles, but in matters of general interest and in some of the appendices it embraces the whole Prant.

3. During the period under Report Major Coghill was in charge of the Prant, and the post of the Deputy Assistant Political Agent was filled in by Messers, H. N. Gosalia, M. A., LL. B., M. R. Trivedi B. A., LL. B., and Panachand J. Mehta B. A. The first held the appointment from 1-4-10 to 15-4-10, and 16-7-10 to 26-10-10, the second from 16-4-10 to 15-7-10, and the last from 27-10-10 to 31-3-11.

CHAPTER I.—General and Political.

Area	...	6,674 Square Miles
Population...	...	3,05,138.
Gross Revenue	...	48,77,194.

The Prant comprises 19 Jurisdictional States and Talukas as under

1. First Class.
2. Second Class.
3. Third Class.
3. Fourth Class.
3. Fifth Class.
7. Sixth Class.

5. The annual tribute payable by the various States and Talukas is Rs. 2,38,539-4-7 divided as follows:—

British	...	Rs. 2,21,700-4-7.
Baroda	...	Rs. 382-0-0.
Junagadh Jortalbi.		Rs. 16,457-0-0.

There are six Thanas of which 5 are regular ones in which jurisdiction is exercised by the Thandars over the petty Jurisdictional Talukdars, Class VI as well as over non-jurisdictional ones. They are as follows:—

Name of Thanas.	Area in sq. Miles.	Population.
Wadhwan D. Thana...	222·170	15,356.
Dasada	119·76	9,702.
Bhoika	178·388	15,696.
Paliad	227·3	13,913.
Chotila	367·9	15,626.

The principal events of the year under report were:—

1. Restoration of jurisdiction of a 6th Class Taluka to Khachar Jiwa Mesur of Anandpur.
2. Raising the status of Malek Jainkhanji from 6th Class Talukdar to 5th Class.
3. Death of Balsinhji, the Thakor Saheb of Wadhwan State.
4. Death of H. H. Maharana Shri Ajitsinhji K. C. S. I., Raj Saheb of Dhrangadhra.
5. Accession of H. H. Shri Ghanshyamsinhji to the Gadi of Dhrangadhra.
6. Recognition of Kumar Shri Jasvatsinhji as Chief of Wadhwan.
7. Death of Heir-apparent Malek Pirojkhanji of Bajana.
8. Do. of Nymatulakhanji of Bajana.
9. Birth of a son to Malek Jainkhanji of Dasada.
10. Death of Do. do.
11. Birth of a son to Jhala Mansinhji of Rajpur.

During the year under report Major Coghill visited the following places:—

Wadhwan, Khodu, Degam, Vadgam, Vanod, Dasada, Jhinjhuwada, Patri, Vithalgadh, Bhoika, Chotila, Muli, Anandpur, Sanosra, Rai-Sankli, Chuda, Paliad, Lakhtar, Dhrangadhra.

CHAPTER II.

7. The Bhagbatai system of payment prevails generally in this Prant although the methods of collection vary. Some amount of waste land was brought under cultivation by Chuda Taluka and irrigation projects are under contemplation by the Lakhtar Taluka.

CHAPTER III—PROTECTION.

8. States of Class I to IV furnish information on this point in their respective reports. The Taluka of the 5th and 6th Class have no laws of their own. They follow generally the spirit of British Laws, and rules and regulations in force in the Agency Courts.

Legislation.

9. Dhrangadhra is the only State which maintains a Military force strictly so called. Appendix III shows it in details.

Military force.

10 The strength of the Police in the Petty Talukas is 61 as against 58 last year, and the cost is Rs. 10,851-2-4.

Police.

11. Appendix V shows the working of the Police in the petty Talukas in this Prant. Appendix VI shows the value of the property stolen and recovered. The number of offences reported was 52 as against 54 last year. 69 persons were arrested and 71 were

sent for trial of which 2 were of the last year. Of these 48 were convicted and 18 were discharged and acquitted and 5 are still pending for trial. The value of property stolen and recovered and the percentage of recovery is Rs. 794–5–6, 427-13-6 and 53·86 respectively.

12. There was no change during the year in either the number or constitution of the Criminal Courts of the Agency in this Prant. They are as follows:—

(1) The Court of the District Magistrate and Political Agent, Jhalawad.

(2) The Court of the Deputy Assistant Political Agent, Jhalawad and First Class Magistrate.

(3) The Court of the Wadhwan District Thandar exercising the powers of a second Class Magistrate.

(4) Do. of Dasada.

(5) Do. of Paliad.

(6) Do. of Bhoika.

(7) Do. of Chotila.

Talukas exercise the powers of 5th and 6th Class limited Jurisdiction respectively in this Prant.

13. Appendices VIII and IX show the original and appellate work done by the several State Courts and the Agency Courts.

Civil Justice.

14. There was no change in the number and constitution of the Agency Civil Courts of this Prant. They are as under:—

The Political Agent's Court hears original Civil Suits of unlimited value.

The Court of the Deputy Assistant Political Agent, Jhalawad hears Civil Suits upto Rs. 5,000.

The Courts of the Thandars Wadhwan District, Dasada, Paliad, Bhoika and Chotila hear Civil Suits upto Rs. 500.

15. Appendix X gives full particulars of the working of the Civil Courts which is not satisfactory as compared with last year, the closing balances of the past and the present year being 295 and 374 respectively. The average duration of Suits disposed of was 6 months and 5 days against 3 months and 8 days last year.

Execution of decrees.

16. Appendix XI gives details of applications for execution. 1900 applications for execution were pending at the beginning of the year, 3,423 were filed during the year and 1178 remained pending of which 199 were for more than 12 months.

Appeals.

17. Appendix XII furnishes all particulars. The Court of the Political Agent exercises no civil appellate powers. The number of appeals in arrears at the beginning of the year and that filed and disposed of by the native States courts during the year under report was 30,98 and 103 leaving a balance of 25. The value of appeals filed was 32,556–4–7 as against 28,539–7–4.

Extradition.

18. I have no remarks to offer on this head. There was no undue delay and reciprocity was generally observed.

19. Appendix XIII gives details of the No. of persons confined in and the cost of the Jails and lock-ups in this Prant. The health and conduct of the prisoners was good throughout the year. The Inspector General of Prisons visited the Wadhwan C. S. Jail in February last.

Registration.

20. During the year under Report 1340 documents of the value of Rs. 7,25,563-2-1 were registered as compared with 1126 documents valued at Rs. 4,18,473-14-0 last year (vide Appendix XIV). The fees realized amounted to Rs. 10,286-1-10, as against 8,766-13-10 last year (vide Appendix XV).

21. The receipts and expenditure of the Wadhwan C. S. fund are given in appendix XVI. There is a decrease of Rs. 732-10-9 in revenue as compared with last year. This continues to give cause for anxiety.

22. The continued improverished condition of the Talukdars still prevents any substantial progress in Municipal Administration in the Thana Circles. The surrounds of the Thanas themselves are made as sanitary as possible.

CHAPTER IV.

23. The Rain-fall was sufficient. Most of it fell in August, and in January the minimum was reached. The maximum fall was 30·77 at Chotila and the minimum 14·18 at Bajana. The Agter crops were good. In many parts of this Prant, the cotton plants withered from frost and untimely rainfall. Cotton has fetched very high prices. The average outturn was 12 annas.

Wages and Labour.

24. The supply of fodder and water was sufficient. The condition of the agricultural stock satisfactory and there has been an increase in the number as compared with last year. The prices of food have remained as usual and there seems to be no fear of any great increase of prices.

25. There are no forests in this Prant.

Trade and Manufacture.

26. There is little trade in this Prant and except for the Cotton Mill at Wadhwan Civil Station manufacture is insignificant. The earnings of the Cotton-market are Rs. 2,836-12-0 for 22619 bales of cotton weighing 11373 khandis against Rs. 1,828-15-0 for 13060 bales of cotton weighing 6528 khandis. No improvement on this can be expected yet, as so many of the neighbouring States and Talukas have ginning factories and presses of their own.

27. Appendix XIX gives details of expenditure on the works executed by the States and Talukas in this Prant. As the figures of expenditure on the work executed in Wadhwan Civil Station and Thana Circles in this Prant by the Agency Engineer, Kathiawar, are supplied by him with his report they are not included in this report.

28. Limbdi, Lakhtar, Patri, Bajana, Vanod, Jainkhanji of Dasada, Vithalgadh and Rajpar are the only States and Talukas in this Prant which are not indebted to Government. As much loan as is possible has been recovered from the Talukdars and Bhagdars in Thana Circles.

29. The relations between the Talukdar of Sanosra and his brother are still the same. The Talukdar of Rajpar and his brother outwardly at least appear to be on somewhat better terms.

30. The condition of the labouring classes throughout the year was good. There was no plague in this Prant during the year under report.

31. The ratio of births per 1,000 in the Civil Station and Thana Circles varied from 11·09 to 56·1 and that of deaths from 8·74 to 35·9.

32. Appendix XXI shows the revenue of the excise shops in the Civil Station and Thanas at Rs. 12,866-15-8 as against 10,986-9-9 during the last year.

CHAPTER V.

33. The Revenue of the States shows a general increase on the figures of the preceding year. Cotton the chief product of the province fetched high prices and the out-turn was sufficient.

CHAPTER VI—Vital Statistics.

34. The number of Hospitals and Dispensaries in the Wadhwan Civil Station and Thana Circles remains the same namely 4. The number of patients treated was 21,060 mostly out-door, the total expenditure amounted to Rs. 8,165-6-0 as against 9,868-8-3 and the average daily attendance was 98·97 as against 59·54 last year.

35. The total No. of births and deaths in the Civil Station and Thana Circles was 2,995 and 1,861 as against 3,086 and 1,619.

CHAPTER VII—Education

36. The Educational Officer submits a separate report regarding education in States and Talukas below Class III and in the Thana Circles.

37. There were 110 Schools in the whole Prant at the end of the year as shown below:—

Middle Schools	for boys	...	5.
Primary	Do.	...	92.
Do.	for girls	...	13.

The total expenditure on education was Rs. 49,772.

Middle Schools	...	Rs. 7,189.
Primary do.	...	,, 33,369.
Girls do.	...	,, 6,448.
Inspection do.	...	,, 2,766.

The total number of pupils at the end of the year was 10,538. The average daily attendance was 3,950 against 3,605 last year.

Talukdari Girasia School.

38. The No. of boys on the roll at the end of the year was 67 against 67 last year. The distribution of the boys was as under:—

42	from Jhalawad.
5	,, Gohilwad.
7	,, Halar.
6	,, Sorath.
1	,, Ahmedabad.
1	,, Broach.
1	,, Palanpur.
4	,, Cutch.
67	

The school was inspected by the Educational Inspector N. D. in September last.

The Staff and the conduct of the boys on the whole were reported on favourably.

39. Mr. Strip still occupies the post of Superintendent of the school. What his zeal and interest in his work have done for the school and for the boys who have passed through his hands is well-known to all and he well deserved the confidence reposed in him not only by his pupils, past and present but also by their parents. Government has been pleased to sanction a yearly sum of Rs. 2,500 as a grant to the Talukdari Girasia School for a period of 5 years. It would be a boon to many if funds were forthcoming which would ensure such an endowment for the school as would enable the fees to be reduced to such an extent as would allow the poor Class of Girassias to send their sons there.

40. I have much pleasure in bringing to your notice that the students, past and present of the T. G. School, with a view to show their feelings of respect and friendship to Mr. Strip have voluntarily raised among themselves a subscription, and erected a buildiug styled, "The Strip Pavilion" a monument of the love and esteem in which they held Mr. Strip.

CHAPTER VIII.

41. The printing presses worked in the Wadhwan C. S. and in other States are shown in appendix XXXII.

42. The same number of libraries is maintained in the Wadhwan C. S. and other Thanas as reported last year.

43. Except for a few panthers there are no dangerous wild animals in this Prant.

44. There were 7 estates under the Political Supervision and Management of the Political Agent at the end of the year :—

1. Wadhwan State.
2. Muli—IV minority.
3. Gundiala—minority and Sarkari Kamdar.
4. Sanosra—Revenue Management for non-payment of Government Loan.
5. Rai Sankli—VI pending orders as to the Succession.
6. Mana Hathia of Mewasa—Sarkari Kamdar.
7. Khachar Nana Sadul of Chotila—Guardian.

I have the honour to be,

Sir,

Your most obedient servant,

W. M. P. WOOD, Major,

Political Agent, Jhalawad Prant.

No. 1545 of 1911.

From,

Major J. R. CARTER,

Political Agent, Sorath.

To,

The AGENT TO THE GOVERNOR,

Kathiawar.

SORATH PRANT OFFICE,

Camp Jetalsar Civil Station 4th June 1911.

Sir,

I have the honour to submit the Annual Administration Report of the Sorath Prant for the year ending the 31st March 1911.

2. The report deals only with the Talukas below Class IV, and of these there are 7 of the V Class, 9 of the VI Class, and 3 of the VII Class, the remainder being small non-jurisdictional Talukdars under the Lakhapadar Thana.

3 The States of Class I submit their reports direct. There is no State of Class II in this Prant. The reports of Classes III and IV are submitted by me with my remarks thereon. This report deals more especially with Talukas below Class IV but in matters of general interest and in some of the Appendices with the whole Prant.

CHAPTER I.—GENERAL AND POLITICAL.

Statistics

4. Area 5058·27 square miles. Population 7,33,340, in accordance with the Census of 1911. Gross Revenue.....55,64,882.

Introductory remarks.

5. The Prant comprises 27 States and Talukas as under:—

First Class	.....	3
Third Class	.....	3
Fourth Class	.....	2
Fifth Class	.....	7
Sixth Class	.....	9
Seventh Class	.....	3

6. The Fourth Class Estate of Azam Vala Kanthad Naja of Bilkha is the only Taluka under the Political Supervision and Management of the Political Agent.

7. The Fifth Class Estate of the late Azam Vala Godad Punja of Jetpur is under my control as a temporary measure for the present. Mr. Chhaganlal H. Dave works as the Kamdar. The question of succession to this Estate has not yet been decided by Government.

8. Mr. Ruttonji Pestonji, having been appointed Special Officer to decide claims under Encumbered Estates Rules, Kumar Shri Vajubha took charge as Manager of the Kanthad Vala Estate on the 5th November 1910.

Thana circles.

9. There is only one Thana (Lakhapadar) in this Prant. Dedan is styled as a Thana but it is not a regular Agency Thana.

10. In Bantwa, Vasavad and Bagasra, the Majmu Nyayadhish exercises fifth Class jurisdiction under the supervision of the Agency. An appeal lies from their decisions in Civil and Criminal matters to the Court of the Judicial Assistant, Kathiawar.

Jetpur Taluka Court.

11. The Jetpur Taluka Court exercises jurisdiction over the towns of Jetpur, Bilkha, Mendarda, Chital and other Majmu Villages under the Jetpur Taluka. The Taluka Court has fifth Class jurisdiction. Three Chiefs, selected by all the shareholders of Jetpur, hold Office for life as members of the Court. Owing to the death of one of them, Azam Vala Godad Punja, Azam Vala Mulu Surag has been provisionally selected as a member in the vacant place.

Lakhapadar Thana.

12. Lakhapadar Thana. (Area 137·2 square miles. Population 14,589). Estimated revenue Rs. 1,75,000. It includes 18 Talukas (all non-jurisdictional) assessed separately for tribute and sub-divided to such an extent that most of the shares are of trifling value and, as a rule, burdened with debt. Many of them are under management.

Dedan Thana.

13. The Dedan Thana. (Area 99·5 square miles. Population 4973). It consists of Dedan itself and the non-jurisdictional half of the Dedan Taluka. One half of the whole Taluka is under Management and for economy and convenience the post of the Manager (Under the supervision of the Superintendent, Managed Estates) and Thandar (Under the supervision of the Prant) are filled by the same person. The estimated average revenue of the Taluka is Rs. 45,168.

Personnel.

14. I was in charge of this Prant during the year under report and Mr. Ramprasad M. Mehta, B. A. LL. B., held charge of the office of the Deputy Assistant Political Agent, Sorath.

15. *Important Events.*

1. Death of His Highness the Nawab Saheb of Junagadh on 22-1-1911.
2. Appointment of the Chief of Manavadar as Honorary Aid-de-Camp of His Excellency the Governor of Bombay.
3. Death of Begum Bibi Mulayam Bakhte of Manavadar on 14-10-1910.
4. Marriage ceremony of the Chief of Manavadar with Fatima Sidika Begum, eldest daughter of Sheikh Jahangir Mian of Mangrol on 8th December 1910.
5. Death of the Vasavad Talukdar Labhshankar Mayashankar on 30-9-1910. The succession of his son Ramnikshankar has been approved (Vide Agent to the Governor, Kathiawar's No. 6089 dated 5-11-1910.
6. Removal of Management over Chital, a 6th Class Taluka. The eldest brother Vala Unad Rana has been invested with the powers of a 7th Class Talukdar and the Estate of the remaining two brothers has been placed under the Jetpur Taluka Court.
7. Death of Azam Vala Godad Punja a shareholder and 5th Class Talukdar of Jetpur and the oldest Member of the Jetpur Taluka Court on 22-1-1911.
8. Election of Azam Vala Mulu Surag as a provisional Member of the Jetpur Taluka Court on 17-3-1911 (Vide the Agent to the Governor's No. 1411 dated 17-3-1911).

CHAPTER II—Administration of Land.

16. As mentioned in the previous report the cultivators of the Talukas below Class IV are on the whole contented with the rates of assessment. The Bhagbatai system of revenue collection prevails in the smaller Talukas. The budget system introduced in Talukas indebted to Government exercises a check upon unnecessary expenditure.

17. In all the Talukas most of the cultivable land is under cultivation, there being few cases of such land being allowed to lie waste.

18. No important boundary question was raised during the year under report.

CHAPTER III.—Protection.

Legislation.

19. The Talukas and Thanas have no Laws of their own. They follow the British Laws of the Agency Courts and Local Rules having the force of Law in Kathiawar

Military Force.

20. No Taluka in the area under report maintains any Military Force.

Police.

21. Each Taluka as a jurisdictional unit has its own small Police Force. As the largest of these Police Forces numbers 30 men, efficient officering and discipline are difficult and it must be admitted that their pay, drill and equipment leave much to be desired.

22. In the Talukas below Class IV the total number of regular Police is 378; their cost for the year under report being Rs. 56,359 as against Rs. 57,693 last year. The ratio of Police to population and area being 1 to every 508 persons and 1·28 per square mile respectively. The Police of the Lakhapadar Thana, Bagasra and Vasavad are under the supervision of the Superintendent of Agency Police, Kathiawar and are included in his Administration Report.

Jetpur and Bantwa Police.

23. The Jetpur and Bantwa Majmu Police are under the control of the Superintendent of Police, Jetpur, who works directly under the supervision of the Political Agent, Sorath Prant. The present incumbent is Mr. Amarchand Pitamber who works diligently and to the satisfaction of both the Talukdars and the Political Agent, Sorath. I have a high opinion regarding his capabilities.

24. The Police of the Estates of Azam Valas Kanthad and Bhima and Bhan Desa are under the control of the Superintendent of Police, Jetpur. The Jetpur Police Force numbers 210 and is armed with rifles converted to Smooth bore. It has its head-quarters at Jetpur and its drill and discipline are excellent.

25. The Village Police of the Thanas are under the supervision of the Superintendent of Police, Kathiawar Agency. Appendices V, VI and VII give statistics of the working of the Police.

Criminal Justice.

26. There are 3 Agency Criminal Courts in this Prant.

Courts of Criminal Justice.

1. The Court of the Political Agent and District Magistrate.

2. The Court of the Deputy Assistant Political Agent and First Class Magistrate, Sorath.

3. The Court of the Thandar and Second Class Magistrate, Lakhapadar.

27. There are now 45 Criminal Courts in the States and Talukas against 42 reported last year.

28. Appendix VIII shows the work done by the above State Courts.

Work done by Criminal Courts.

29. The number of offences reported during the year under report was 4,505 as compared with 4,549 last year and of persons dealt with 7,038 against 7,273 last year.

30. The number of persons discharged without trial, acquitted, convicted, committed or referred, died etc., were 2,803, 2,197, 1,531, 83 and 42 respectively as compared with 2,092, 1,821, 3,038, 128 and 13 last year.

31. Property of the value of Rs. 38,558-15-0 was stolen of which Rs. 16,513-9-0 were recovered, the percentage of recovery being 48·75 as compared with 56·61 last year.

32. 264 appeals were presented of which 257 were disposed of.

Civil Justice.

33. The Political Agent's Court hears suits above the value of Rs. 5,000. The Courts of the Deputy Assistant and the Lakhapadar Thandar hear suits upto Rs. 5,000 and 500 respectively.

34. There are also Civil Courts of the States and Talukas.

Suits.

35. In the whole Prant 6359 suits were instituted during the year under report and 889 were pending when the year opened. Of these 6,038 were decided.

Execution of decrees.

36. 8500 Applications for the execution of decrees were presented and 10106 were disposed of.

Appeals.

37. The opening balance of appeals in Civil Suits was 85 ; 538 appeals were made during the year ; 480 were decided.

38. Full details of the working of all the Courts are given in appendices X, X1 and XII.

Extradition.

39. 6 Accuseds were extradited from British India to the States ; 4 from Baroda and 101 *inter se*. The Numbers of accused persons extradited to the British Districts and Baroda were respectively 8 and 18.

40. There was no undue delay in extradition cases.

Prisons.

41. There are 2 Agency and 38 State prisons in the area under report. The number of prisoners remaining from last year was 243. 1076 were admitted during the year making a total of 1319, out of which 1077 were discharged. The daily average for the whole Prant was 161·96.

Mortalities.

42. 2 Mortalities were reported by the Junagadh State and 1 by the Bantwa Nyayadhish.

Registration.

43. The information under this head is given in Appendix XV. The Total value of the 768 documents registersd is Rs. 7,08,575–0-6 as compared with 732 documents of the total value of Rs. 6,90,257-6-9 registered last year (including the Political Agent's Courts.).

Municipalities.

44. There are so called Municipalities at Sardargadh, Bantwa, Bagasra, Bilkha, Mendarda, Jetpur and Chital and there is the Jetalsar Civil Station Fund, the financial condition of which is not satisfactory.

45. The Bagasra Municipality is governed by a Municipal Committee oomposed of Bhagdars, the Nyayadhish giving effect to the Committee's orders which are issued subject to general advice of Political Agent.

CHAPTER IV. PRODUCTION AND DISTRIBUTION.

(a) Weather and Crop

46. The rain-fall during the year under report was untimely in the beginning and incessant at the end of the season. In all parts, however, it was sufficient for agricultural purposes, though the later rains damaged the cotton crop in some parts. The produce of this year was nearly equal to

that of the last year. The rates of grain are slightly lower than last year but the cotton rate is much higher. In several parts, the cotton crop was was poor, being damaged by the late rains and later on by frost. Bajri, Juwar, wheat, Til and other crops were good, except in some parts where "Geru" attacked wheat. No damage was caused to the crop by locusts. The cotton crop averaged 7 annas in the rupee and other crops 11 annas in the rupee.

(b) Wages and labour.

47. There was no appreciable fluctuation in rates of wages. The wages of labour continued to be almost the same as they were last year.

(c) Forest

48. There are no Forests in the area under report.

(d) Trade and Manufacture

49. The States of Classes I to IV have each reported on this subject. The chief articles of export are cotton, grain, wool and ghee while those of import are rice, cloth, metals, Timber, Kerosine oil, cocoanuts, spices ond jewellry.

Public Works.

50. There were no important Public Works in the minor Talukas during the year under report. In the whole Prant Rs. 3,88,271-10-7 were expended under this head of which Rs. 2,41,194-8-11 were spent on original Public Works ; the chief expenditure being Rs. 2,10,373-0-0 in Junagadh.

51. The Agency Engineer, Kathiawar, has expended Rs. 2,644 and 2,000 repectively in the Jetalsar Civil Station and the Lakhapadar Thana.

52. In Lakhapadar a causeway over the Shell river was constructed at a cost of Rs. 2,000. This was a long-felt necessity and is a great boon to the public.

(f) Post Offices.

53. There are 13 Post Offices in the area under report.

(g) Mints.

54. There are no mints in any of the States and Talukas except in Junagadh where gold and silver Koris and copper Dokdas are coined.

General condition of States and People.

55. The public health generally was good. The agricultural stock of the Prant has increased under the more important heads such as bullocks, cows and ploughs, their numbers being 1,48,155, 93,148 and 57,218 repectively *i. e.*, 8,881, 9,405 and 238 more than the corresponding numbers in the last year.

CHAPTER V.—Revenue and Finance.

56. The revenues of the States show a slight increase in some cases and a slight decrease in others. The aggregate result shows an increase.

57. The total recoveries on account of Government aud Guaranteed loans amounted to Rs. 61,894-3-7 for the year.

58. The financial condition of the Lakhapadar Thana Fund was satisfactory.

CHAPTER VI.—Vital Statistics.

59. There are 39 medical institutions in the Prant, Junagadh alone possessing 21. The total number of patients treated was 2,26,419 (of whom 1968 were in-door and 224451 out-door) as against a total of 2,14,048 last year. The total cost of these institutions was Rs. 93,296-12-11 (vide Appendix XXIII) as compared with Rs. 86,748-13-6 last year. The daily average attendance was 2231·90 as against 2334·29 last year.

Bantwa Dispensary.

60. The Bantwa Dispensary is maintained and controlled by the shareholders in the Majmu Taluka.. 6944 out-patients were treated during the year. There were 4 in-patients. The daily average attendance of out-door patients was 88·7 as compared with 89·6 last year. The medical expenditure amounted to Rs. 1,865-3-4.

61. The Bilkha Dispensary is maintained and controlled by Bilkha shareholders Vala Kanthad Naja, Ala Bhima and Bhima and Bhan Desa. The expenditure during the year was Rs. 1,517-15-10 and the number of out-door patients was 6828. There was no in-patient on account of want of accommodation. The daily attendance averaged 79 as against 77·8 last year.

Bilkha Dispensary.

62. The Bantwa Dispensary is inspected by the Ageney Surgeon, Kathiawar, but the Bilkha Dispensary, which was hitherto inspected by the Agency Surgeon, has now been placed under the supervision of the Jetpur Taluka Court (vide Agent to the Governor, Kathiawar's No. 2761 of the 19th May 1910).

63. The Dispensaries at Jetpur, Mendarda and Chital are under the control of the Jetpur Taluka Court. They are well managed at a total cost of about Rs. 4,891-0-0. In all 20317 out-patients were treated as against 18,463 last year. The Dispensary at Jetpur has accommodation for in-patients of whom 11 were admitted during the year under report.

Jetpur, Mendarda and Chital Dispensaries.

64. The Bagasra, Lakhapadar and Dedan Dispensaries are under the supervision of the Agency Surgeon Kathiawar. 6571, 1893 and 3355 out-patients and 5, 12 and nil in-patients respectively were treated as against 6411, 1469 and 3540 out-patients and 10, 6and Nil in-patients last year. Medical expenditure respectively amouted to Rs. 1,868-0-0, 1,066-0-0 and 727-15-9 as compared with 1887-0-0, 732-4-6 and 640-1-0 last year.

Bagasra, Lakhapadar and Dedan Dispensaries.

65. States of Classes I to IV attend to their own sanitation, which in all but the largest Villages is primitive. In minor Talukas funds are not available for any material sanitary reforms. The same applies to the Thanas.

Sanitation.

66. The Junagadh State controls its own vaccination. The control over the vaccination department of the Porbandar State hitherto enjoyed by the Agency Surgeon, Kathiawar has now been transferred to the State (Vide Notification No. 15 of the 28th March last). The control over the remaining State and Talukas is exercised by the Agency Surgeon, who reports on this matter separately.

Vaccination.

67. Appendix XXIV shows the births and deaths for the year under report and the previous year. There was an increase of 1,063 in births and 2,798 in deaths, which were 26,692 and 17,928 respectively during the year under report as compared with 25,629 and 15,130 in the preceding year, the birth rate being 39·6 and death rate 24·6 per mille as compared with 37·77 and 22·29 respectively last year.

Births and Deaths.

68. Plague visited Porbandar, Veraval, Bantwa, Junagadh Sardargadh, Manavadar and also their districts, but except at Bantwa and Porbanar the outbreak did not attain serious proportion.

Plague

Education.

69. The Ageney Educational Officer, Kathiawar, submits a separate report *re*-education in States below Class II and in the Thana Circles.

70. Appendix XXV summarises the statistics of the 1st Class States in this Prant. The States and Talukas possess 295 Schools with an attendance of 20,325 pupils which, during the year under review, cost them Rs. 1,62,961 as against 284 Schools, 17,119 pupils and Rs. 1,63,675 last year. Although the number of Schools has increased by 11 the expenditure has decreased owing to a less demand for Educational Varad made by the Agency Educational Officer.

CHAPTER VII.—*Miscellaneous.*

71. There are 7 Printing Presses in this Prant. 2 of these, the Junagadh and Porbander State Presses, issue the Junagadh and Porbandar State Gazettes respectively, while the remaining do job work.

Printing Presses.

72. In Jetalsar Civil Station there is the Legyet Library. It has a small collection of English and Vernacular books and subscribes to 2 or 3 newspapers.

Library.

73. Panthers, Wolves, Sambhar, Chital, Deer and Pig are found in parts of the Prant, chiefly in the Junagadh State Limits. Snakes are common everywhere. Lions are found in the Gir Forest.

Wild Animals.

Managed Estates.

74. The Estates of Vala Kanthad Naja and of the late Azam Vala Godad Punja are under the supervision of this Prant, while the estates of Bhima and Bhan Desa, Punja Loma, Jasa Rukhad, Amra Kala, Manasia Nag, Giga Hipa, Azam Vala Vajsur Punja of Jetpur, K. S. Jabarjastkhanji Amirkhanji and some other Bhagdars of the Bantwa branch, Vala Ram Harsur and Samat Matra of Bagasra, Naja Kotila and Unad Bhan of Dedan, Azam Bhima Valera of Khijadia and also of small petty Talukdars of Lakhapadar Thana are under the supervision of the Superintendent, Managed Estates, Kathiawar.

Establishment.

75. Mr. Ramprasad M. Mehta has worked under me as Deputy Assistant Political Agent, Sorath throughout the year and has done well.

76. Mr. Ruttonji Pestonji Green, who has done excellent services as Manager Kanthad Vala Estate, was appointed Special Officer to dispose of Encumbered Estates cases in October last and his place was taken by K. S. Vajubha who has justified his selection.

77. The Office Establishment has worked well. Mr. Jeyram Meghji, Sheristedar, was transferred to Foreign Service in the Junagadh State in January last, and Mr. Yeshwantrai V. Vohra was appointed in his place. He has so far worked well and is rapidly increasing his knowledge of the politics of Sorath Prant.

I have the honour to be,

Sir,

Your most obedient Servant,

J. R. B. G. Carter Major,

Political Agent, Sorath

No. 3125 of 1911.

From,

Major F. DeB. Hancock

Political Agent, Halar Prant

To,

The Agent to the Governor,

Kathiawar.

Halar Prant Office,

Camp Balachadi, 10th June 1911.

Sir,

I have the honour to submit the Annual Administration Report of the Halar Prant for the year ending 31st March 1911. The States of Classes I and II submit separate Administration Reports direct to you; while those of Class IV will be submitted separately by me. There is no third class State in this Prant. This report is therefore confined more especially to Talukas below Class IV and the Thana Circles; but in matters of general interest and in some of the appendices it extends to the whole Prant.

CHAPTER I.—General and Political.

Area...	...	... 7477 square miles.
Population ...		... 7,64,992.
Gross revenue		.. 60,00,000.

The Prant comprises 22 Jurisdictional States and Talukas as follows;—

First Class	.....	.....	3
Second Class	.....	.....	3
Fourth Class	.....	.....	3
Fifth Class	.....	.....	8
Sixth Class	.....	.....	3
Seventh Class	.....	.....	2
			22

There are two Thanas in the Prant in which a Thandar exercises jurisdiction over petty jurisdictional Talukas of Classes VI and VII as well as over all non-jurisdictional Talukas They are as follows;—

Name of Thana.			Area in square miles.	Population.
Lodhika	.....	.....	256·2	10,087.
Dhrafa	.....	.....	207·7	12,486.

Important events.

3. The principal events of the year under report were:—

1. Death of the eldest son of the Thakor Saheb of Rajkot at the age of about 10 months on 3-9-1910.
2. Death of Jadeja Pratapsingji, Talukdar of Gavridar on 30-3-1911.
3. Marriage of Jadeja Shri Raghavsinhji, Talukdar of Mengni with the daughter of Akherajji of Dared Bhayat of Vala, on 29-4-1910.
4. Birth of a son to the wife of Kumar Harisinhji of Gadhka, on 29-7-1910.
5. Death of the Heir-apparent of the Pal Talukdar, on 26-10-1910.

6. A slight shock of earth quake on 13-12-1910. During the year under report the following places were visited by me:—

Gadhka, Paddhri. Dhrol, Balachari, Jamnagar, Dahisra, Malia, Morvi, Dhulkot Balambha, Wankaner, Kotharia and the Jadeshwar Gauchar, and the Lodhika and Dhrafa Thanas.

Personnel.

4. I was in charge of the Prant, and Mr. Gordhan Mavji was the Deputy Assistant Political Agent, Halar Prant throughout the year.

CHAPTER II.—Administration of the Land.

5. In the small Talukas of the Halar Prant below Class IV the Bhagbatai system of land revenue obtains. About 862 acres of waste land were brought under cultivation during the year under report and approximately Rs. 4,051 were advanced to cultivators as Tagavi. The year was a fairly good one.

CHAPTER III — Protection.

Legislation.

6. States of Classes I to IV furnish information on this point in their own reports. The Talukas of Classes V, VI, and VII have no regular Codes or Regulations of their own; but generally follow the spirit of the Acts and Regulations in force in the Agency.

Military.

7. Except in the Nawanagar State there are no military forces.

8. The Nawanagar military force consists of Artillery, Infantry and the Imperial Service troops. Its strength was 342 during the year under report and the cost was Rs. 1,12,851 as against Rs. 1,28,703 in the preceding year. There are a few bodies of Sirbandhi in the small Talukas below Class IV.

Police.

9. As a separate report on the working of the Agency Police is submitted by the Superintendent of Police, Kathiawar Agency, this report is confined as usual, to the working of the Police maintained by the Native States and Talukas of the Prant.

Number and Cost.

10. This force numbered 2,322 as compared to 2,311 and the cost amounted to Rs 3,14,457-4-11 as compared to Rs. 3,15,487-10-2. Their ratio to population and area was ·30 per hundred and ·31 per square mile respectively.

Efficiency.

11. The working of the Police was not quite so satisfactory as that of the preceding year. The percentage of convictions to persons arrested and to those sent for trial were 66·53 and 60·99, as compared to 64·20 and 32·61 in the preceding year.

Work done.

12. Appendices V, VI, and VII show further particulars of their work during the year: as compared with that of the preceding year. The percentage of recovery of stolen property was 52·6 during the year under report as compared to 51·6 in the preceding year.

Village Police.

13. The control of the Village Police is exercised by the Superintendent of Agency Police, Kathiawar.

Criminal Justice.

Courts of Criminal Justice.

14. There was no change during the year in either the number or constitution of the Criminal Courts of the Agency in this Prant. They are as follows:—

1. The Court of the District Magistrate and Political Agent, Halar Prant.

2. The Court of the Deputy Assistant Political Agent Halar exercising the powers of a First Class Magistrate.

3. The Court of the Thandar at Lodhika exercising the powers of a Second Class Magistrate.

4. The Court of the Thandar at Dhrafa exercising the powers of a Second Class Magistrate.

There are 57 State Courts in the Prant possessing various jurisdictions.

Work done by Criminal Courts.

15. Appendix VIII shows the work done by all the above Courts. During the year 5,406 offences concerning 6,769 persons were reported to the Criminal Courts of the Prant as against 5,740 offences and 7,266 offenders in the preceding year. Of the 6,769 accused persons 3,093 were discharged, 1,275 were acquitted, 2,147 were convicted, 24 were committed, 11 were transferred and 219 remained at the end of the year under report.

16. In all 204 appeals were preferred before the several appellate courts of this Prant of which 4 were rejected, 107 confirmed, 40 modified, 42 reversed, 10 were pending at the close of the year and I was returned for further inquiry.

Civil Justice.

Constitution and number of Courts.

17. The five Agency Civil Courts in this Prant were the same as last year as regards their number and constitution. They are as under :—

1. The Political Agent Halar's Court hears original Civil suits of unlimited value.

2. The Court of the Deputy Assistant Political Agent Halar hears suits upto the value of Rs. 5,000.

3. The Courts of the Thandars of Lodhika and Dhrafa hear suits upto the value of Rs. 500.

The Court of Small Causes Rajkot Civil Station hears suits of the value of Rs. 500 and under.

Number of suits instituted and disposed of.

18. Appendix X furnishes particulars regarding the institution and disposal of suits. The number of suits instituted and disposed of in the year under report were 7932 and 7229 as compared with 8068 and 7250 respectively in the preceding year. The value of suits was Rs. 13,41,091–11–10 in the year under report as compared to Rs. 10,81,441-14–8½ in the preceding year. The year under report started with an opening balance of 818 suits and 7114 were filed during the year making a total of 7,932 of which 7,229 were disposed of, leaving a balance of 703 at the close of the year.

Average duration of suits.

19. 4 Civil suits were disposed of in the Court of the Political Agent, Halar Prant during the year under report. The average duration of suits disposed of by the Courts of the Deputy Assistant Political Agent Halar and the Thandars of Lodhika and Dhrafa was 0-5–11, 0-0–25 and 0–1-19, against 0-3-19, 0-0-28 and 0-1-10 respectively in the preceding year.

Execution of Decrees.

20. Appendix XI furnishes details regarding the execution of decrees. There was a decrease in the number of applications which amounted to 10,516 in the year under report, as compared to 11409 in the preceding year ; the valne being Rs. 23,27,322-8–2 and Rs. 25,38,980–10–½ respectively. In the preceding year 5,356 applications remained undisposed of, which added to 10516 filed during the year made a total of 15,872. Of these 11,904 were disposed of during the year under review leaving a balance of 3,968 of the value of Rs. 18,01,653-6-4½.

21. Appendix XII furnishes particulars. The Court of the Political Agent Halar exercises no civil appellate powers. The number of appeals filed and disposed of by Native States Courts during the year under report were 481 and 421 respectively leaving a balance of 60 in the year under report, as compared to 454 and 399 leaving a balance of 55 in the preceding year. The value of appeals filed was Rs. 1,00,359-11-6 as against 1,02,414-12-7 in the preceding year.

Appeals.

Extradition.

22. 63 accused were sentenced by the States as against 116 in the preceding year. There was no undue delay in extradition proceedings. 7 accused persons were extradited from British Districts—2 to Nawanagar and 5 to Morvi.

Prison.

23. The number of prisons was 43 as compared to 46 last year. 1,756 prisoners were admitted during the year which added to 357 remaining at the end of the preceding year makes a total of 2,113. Of these 1,733 were discharged and 380 remained at the close of the year. Each Taluka below Class IV has a prison of its own, in which however a total of only 70 prisoners was admitted during the year under review. Appendix XIII furnishes particulars.

Registration.

24. Appendices XIV and XV give full details regarding registration during the year. 2,338 deeds of the total value of 13,61,659-9-0 were registered, as against 2,456 deeds of the value of 19,54,281-8-1 in the preceding year.

Municipality.

25. There is no regular municipality in any of the minor Talukas. The financial condition of the Rajkot Civil Station Fund continues to require careful attention. The receipts and expenditure during the year under report were Rs. 21,579-13-9 and 20,207-0-7 as against 23,352-9-11 and 20,323-8-7 the year before. The decrease in the receipts is due to the fact that Rs. 1,700 more than usual were realized in the year before from the Ijara of country liquor and partly to the recovery of the considerable amount of Rs. 2,160 on account of outstanding in that year. Appendix XVI furnishes particulars of receipts and expenditure.

CHAPTER IV—Production and Distribution.

26. The total rainfall registered at the various stations in the Prant varied from a maximum of 55·42 at Dhrol to a minimum of 29·9 at Rajkot. The average rainfall of the past five years ranges between 38·32 at Dhrol and 23·63 at Gondal. The rainfall on the whole was more than sufficient in quantity but only fairly well distributed. The Agtar crops suffered from excessive rain in the begining of the season ; and Pachhtar crops especially wheat and cotton suffered slightly from changeable weather. The year may be described as from 10 to 12 anna year.

(a) Weather and Crops.

27. There was no appreciable change in the ratio of wages. The prices of food stuffs were normal.

(b) Wages and labour.

28. There are no forests in this Prant except the Jungles on the Barda Hills.

(c) Forest.

29. The States of Classes I to IV report on this subject in their Administrative Reports. In the petty Talukas below class IV and the Thana circles in this Prant the condition of trade during the year under report continued to be fair.

(d) Trade and Manufacture

30. In the minor Talukas and Thanas no public works of any importance were carried out. In the whole Prant Rs. 7,37,816-9-10 were spent on this object in the year under report of which Rs. 5,76,632-10-0 were expended on original Public works.

(e) Public Works.

31. The Head Quarters Post Office of the Province is situated in Rajkot Civil Station (*f*) Post Office. There are no regular Post Offices in the Lodhika and Dhrafa Thanas where the Post Master's duties are discharged by the School Masters.

(*g*) Mints. 32. There are no mints in any of the States of this Prant.

(*h*) General condition of States and people. 33. All the States and Talukas in this Prant with the exception of Morvi, Gondal, Rajkot and Lodhika (Azam Harisinhji) are still in debt. The public health was on the whole good. The Agricultural stock of the Prant has increased (Vide Appendix XX). There has been an increase in the number of Liquor and Opium shops which are 44 and 93 as compared to 43 and 92 in the preceding year. The revenues derived from the sale of liquor and opium also increased with the increase in the number of shops. There has been no increase in the number of Ganja shops this year which has been the same *i. e.* 32 as in the preceding year. There has been a decrease by one in number of Tadi shops which is 5 in the year of report. There has however been no decrease in the revenue derived from the sale of Tadi.

CHAPTER V.—Revenue and Finance.

34. The revenues of the States were nearly the same as those of last year. The Budget system continues in force in petty Talukas which are indebted to Government.

The following list shows the indebtedness of the States and Talukas in this Prant on the 31st March 1911, to Government, Local Funds, and Guaranteed Creditors, so far as is at present known to this office.

Government Loan.

Name of State.	Principal on 31-3-1910.	Arrears of interest on 31-3-1910.
Wankaner	67,788 8 4 ...	
Malia	1,09,263 1 2 ...	,,
Kotda-Sangani	1,01,618 7 5 ...	,,
Gadhka	22,018 4 5 ...	246 5 8
Rajpura	10,876 0 7 ...	,,
Dhrafa Thana Japti Estates	9,673 15 1 ...	1,237 13 7
Dhrafa Thana Non-Japti Estates	10,857 1 11 ...	646 1 9
Lodhika Thana Japti Estates	20,306 9 5 ...	1,936 0 6
Lodhika Thana Non-Japti Estates	900 3 7 ...	166 1 10

Local Fund Loan.

Name of State	Principal due on 31-3-1911.	Interest due on 31-3-1911.
Wankaner	18,368 9 1	
Dhrol	1,22,276 13 8	
Maliya	2,13,081 3 9	
Kotda-Sangani... ...	14,403 14 11	
Mengni	12,570 8 8	

Guaranteed Loan.

Name of State.	Principal on 31-3-1911.	Arrears of interest on 31-3-1911.
Virpur	2,00,000 0 0 ...	,,
Jalia-Devani	,, ...	,,
Gavridar	,, ...	,,
Pal	11,000 0 0 ...	,,
Gadhka...	,, ...	,,
Rajpura	20,693 12 1 ...	1,443 12 0

Loans advanced.

35. No fresh loan was advanced by Government during the year to any of the States or Talukas in this Prant.

State of Thana Fund.

36. The financial condition of the Lodhika and Dhrafa Thana Funds continues to require careful attention,

CHAPTER VI.—Vital Statistics.

Medical Institutions.

37. There are 37 Medical Institutions in the Prant; Nawanagar alone possessing 14.

38. The total number of patients treated was 2,53,182 of whom 2,49,582 were out-door and 3,600 in-door. The total cost of these Institutions was Rs. 91,989-2-1 as against Rs. 92,284-14-2 (Vide Appendix XXIII).

Sanitation.

39. The States of Classes I to IV look after their own sanitation. In minor Talukas there is an insufficiency of funds to secure any material sanitary reform. And in the Thanas the same causes continue to operate to hinder progress in this direction as those shown in the report of the preceding year.

Vaccination.

40. The first class States of Navanagar, Morvi, and Gondal in this Prant control their own vaccination operations. The control in other States and Talukas is exercised by the Agency Surgeon who reports on this matter separately.

41, Appendix XXIV shows the births and deaths of the year under report and of the preceding year. There was an increase of both births and deaths which were 27,574 and 19,096 respectively during the year under report as compared with 26,685 and 17,269 in the preceding year; the birth rate being 36·06 and death rate 24·8 per thousand of population.

Plague.

42. Plague visited Gondal, Morvi, Rajkot and some of their villages and also some of the villages of Jamnagar during the year.

CHAPTER VII.—Education.

43. The Agency Educational Officer submits a separate report regarding Education in States and Talukas below Class 11 and in the Thana Circles.

Appendix XXV summaries the statistics of the first and second class States in this Prant. They possess 339 schools with an attendance of 24,075 pupils, which during the year under report cost them Rs. 2,02,670-0-0. There is no increase in the number of schools. The daily average attendance of pupils is less than that of the preceding year by 7,979·278.

CHAPTER VIII.—MISCELLANEOUS.

Printing Presses.

44. There are 17 Printing presses in the Prant, two of the seven Presses situated in the Rajkot Civil Station issue News Papers while 4 do job work; the seventh is the Agency Gazette Press.

Libraries.

45. In the Rajkot Civil Station the Lang Library has a large list of Members and a fine collection of books. There are also small Libraries in the Lodhika and Dhrafa Thanas.

Wild Animals.

46. The Panther, the wolf, and the wild boar still continue to exist in the Prant.

47. The Talukas of Maliya, Shahpur, Bhadwa, Khirasra and Wadali continued under Agency Management during the year ; the first being under my charge, while the rest were under the charge of the Superintendent, Managed Estates, Kathiawar.

48. During the year under report, the personnel of this office Establishment was as follows :—On the dates shown against the names of the individuals mentioned.

1.	Mr. Prabhashanker Dayashanker Shukla B. A., LL. B. 1-4-1910 to 28-2-1911. Mr. Tribhovan Ramji 1-3-1911 to 31-3-1911	Shirestedar.
2.	Mr. Tribhovan Ramji ... ... „ Rewashanker Liladhar	Head Clerk.
3.	Mr. Keshavrai Manshanker	2nd Clerk
4.	„ Khanderao Hemaji	3rd Clerk.
5.	„ Shankerlal Chhabildas	4th Clerk.
6.	„ Ambashanker Premshanker	5th Clerk.
7.	„ Jhaverchand Jethalal	6th Clerk.
8.	„ Jatashanker Laxmichand...	7th Clerk (acting).
9.	„ Maneklal Madhvji	Loan Clerk.
10.	„ Naradlal Haribhai	Ferrist Karkun.
11.	„ Rupshanker Jagjivan	English Indexing Clerk.
12.	„ Hematram Jagjiwan	Civil Station Clerk.

The routine work of the office continues to gradually improve.

ave the honour to be,

Sir,

our most obedient servant,

F. DEB. HANCOCK, Major,

Political Agent, Halar Prant.

No. 1378 of 1911

From,

W. C. TUDOR-OWEN, Esquire, I. C. S.,

Political Agent, Gohilwad.

To,

THE AGENT TO THE GOVERNOR,

Kathiawar.

GOHILWAD PRANT OFFICE,

Camp Palitana, 10th June 1911.

SIR,

I have the honour to submit the Annual Administration Report with all appendices of the Gohilwad Prant for the year 1910-11.

CHAPTER I.—GENERAL AND POLITICAL.

2. The official personnel of this Prant is given in Appendix I.

3. Of the Talukas below Class IV there are 4 of the VIth Class and 2 of the VIIth Class. The remaining being small non-jurisdictional Talukas are grouped into Thana Circles.

4. The States of Classes I and II submit their Annual Administration Report direct to you, while those of Classes III and IV are submitted to the Prant Officer who forwards them on to you with his remarks thereon. This report therefore, deals more particularly with the Talukas below Class IV (a list of which is given in Appendix XXXVII), and the Thana Circles, but in matters of general interest and in some of the Appendices, with the whole Prant.

5. There are three Thana Circles in this Prant viz:—

	Area in square miles.	Population.
I. Babra Thana.....	298·7	27,025.
II. Songadh Thana ...	151·	21,445.
III. Chok-Datha Thana	173·8	23,128.

Principal Events:—

(*a*) The marriage of the sister-in-law of the Maharaja of Bhavnagar was celebrated at Bhavnagar with the Maharaja of Kisengadh in the month of February.

(*b*) A son was born to the Rani Saheb of H. H. the Maharaja of Bhavnagar but died soon after.

(*c*) The Minor Thakore of Lathi left the College in the month of April, 1910, and was attached to the office of the Manager for getting insight into the administrative work.

(*d*) The Sihor-Palitana Railway was opened on 25-10-10, by the Agent to the Governor, Kathiawar.

(*e*) Colonel Davies visited Bhavnagar, Vala, Jasdan, Vinchhya, Hingolgadh, Lathi, Babra, Chok-Datha and Gopnath.

CHAPTER II.—Administration of Land.

7. The Bhag-batai system of Revenue collection prevails in the Talukas of Class VI and VII. The budget system introduced in Talukas indebted to Government, works well and goes a great way to check unnecessary expenditure but as the figures supplied by the Talukdars can be approximate at best, it is rather difficult to ascertain the exact financial condition of the Talukas. To minimise this difficulty a Pahni Patrak system is introduced.

CHAPTER III—Protection.

8. The Talukas below Class IV have limited jurisdiction and are guided by the spirit of the laws and rules and regulations in force in this Agency.

Military and Police.

9. There are no military or regular Police force in the Talukas in this Prant. Bhavnagar State alone maintains a Military force and detailed information regarding them is given in Appendix III. Each Jurisdictional Talukdar has a Foujdar with Village Police, Passaitas under him. Police duties in the non-jurisdictional Talukas are performed by the Agency Police.

Village Police.

The control over the village police is exercised by the Superintendent of Agency Police, Kathiawar.

Criminal Justice.

Political Agent's.
Deputy Assistant Political Agent's.
Babra Thandar's.
Songadh Do.
Chok-Datha Do.

10. There are 5 Agency Criminal Courts as per margin and 6 Talukdari Courts of the jurisdictional Talukdars of Kotda-Pitha, Itaria, Vankia, Bhadli, Kariana and Taivadar.

The work performed by all the Courts is embodied in Appendices VII and VIII.

The Court of the Political Agent has appellate powers.

8 appeals were filed during the year of which 4 were rejected, 1 confirmed, 1 modified, 1 reversed, 1 in which proceedings were quashed.

Civil Justice.

11. There are 5 Civil Courts exercising residuary jurisdiction. The Political Agent's Court hears suits of unlimited value. The Court of the Deputy Assistant Political Agent, Gohilwad, hears suits upto the value of Rupees 5,000, and the Courts of the Thandars upto Rs. Rs. 500.

There are 6 Civil Courts of the Jurisdictional Talukdars with the same powers as those of the Thandars' Courts.

The average duration of suits in the Agency Courts was 3 months and 6 days while in the Talukdars' Courts the average duration was 9 months and 18 days.

In the Agency Courts the opening balance of Civil suits was 94 and 521 suits were filed during the year making a total of 615. Of these 567 were disposed of, leaving a balance of 48 at the end of the year under report against 94 of the last year.

In the Taluka Civil Courts there was an opening balance of 6 cases and 16 were filed during the year, making a total of 22. Of these 15 were disposed of leaving a balance of 7 as against 6 of the last year.

In the Agency Courts there was a balance of 256 Darkhast, 819 were filed during the year making a total of 1,075. Of these 742 were disposed of leaving a balance of 333 applications for the execution of decrees as against 256 of the last year.

In the Taluka Courts there was a balance of 11 Darkhast 4 were filed during the year making a total of 15. Of these 12 were disposed of leaving a balance of only 3 as against 11 of the previous year.

3 Suits relating to landed property were filed in the Agency Courts during the year and none in the Taluka Courts.

The number of suits for money transactions was 407 in the Ageucy Courts and 15 in the Talukdari Courts. Their respective value amounted to Rs. 94,962 and Rs. 862 respectively. There is no Civil Appellate Court in this Prant. Appeals against the decrees of all the Civil Courts of this Prant lie in the first instance to the Court of the Agent to the Governor, Kathiawar, (presided over by the Judicial Assistant.)

Extradition.

12. There were 22 outside demands on the States of this Prant and 25 vice versa. 22 demands were made by the States *inter se*.

Prisons.

13. There is one District Jail at Songadh, two Thana lock-ups and 6 Talukdari lock-ups in this Prant.

As reported and re-iterated by my predecessors in office in the previous annual reports, the condition of the District Jail is far from being satisfactory. The building is antiquated and consequently unsafe for human habitation.

The total number of prisoners remaining in the jail and 2 lock-ups at the end of the year was 18; the daily average of prisoners was 13·7.

Registration.

14. 72 deeds were registered in the Agency Courts during the year. The fees realised were Rs. 316.

2 deeds were registered in the Taluka Courts. The fees realised were Rs. 10.

Municipal Administration in the Songadh Civil Station.

15. There is no municipality but a Conservancy Establishment is maintained partly from grant-in-aid from the States General Fund and partly from the Songadh Civil Station Fund.

CHAPTER IV.—PRODUCTION AMD DISTRIBUTION.

16. The rainfall in Songadh Civil Station measured 28 inches and 76 cents; In Babra 25 inches and 37 cents; In Chok-Datha 17 inches 27 cents. The rain though in time in the beginning held off for a long time in the latter part of the monsoon, which greatly affected the outturn of crops (both Agtar and Pachhtar). The crops averaged from 8 to 12 annas in a rupee. No requisitions for loans were made during the year.

Wages and Labour.

17. The rate of wages remained high owing to local surrounding circumstances. The existence of two Ginning Factories at Songadh and 1 at Babra went a great way to affect the the labour market during the working season. The prices of the food grains were high but there was no scarcity. The staple food grain was Bajri and Jowari sold at an average of about 11 and 12 Seers (Indian) respectively per Rupee.

Trade and Manufacture.

18. The Sea-borne trade statistics for this Prant are given in appendix XXIX. There are no manufactures in the Thana Circles.

Public Works.

19. The expenditure on petty original works and repairs in Songadh Civil Station Thanas amounted to Rs. 17,137.

Post and Telegraph offices.

20. There are 14 Post Offices and two combined Telegraph offices (at Songadh and Babra) in this Prant.

Mints.

21. There is no mint in this Prant.

General condition of people.

22. The financial condition of the Taluka below Class IV is tolerably good. The year on the whole was a healthy one.

CHAPTER V.—Revenue and Finance.

23. Owing to irregular rains the cotton and other Pachhatar crops suffered to a certain extent.

CHAPTER VI.—Vital Statics.

24. There are 3 dispensaries in the Thana Circles maintained by Civil Station and the Thana Funds. These Dispensaries are under the conirol of the Agency Surgeon who deals with them at length in his report.

The number of births in the Thana Circles and Songadh Civil Station was 1,670 as compared with 1492 during the previous year; while the number of deaths was 956 as compared with 684 of the last year. In Songadh, Babra, and Chok-Datha Thana 762, 1,016, and 942 persons respectively were vaccinated.

CHAPTER VII—Education.

25. In Thana Circles education is given at the expense of the Talukdars; the control over the schools is vested in the Agency Educational Officer.

There are 8 Vernacular Schools in the Songadh Thana Circle and one Girl School. There is one Vernacular School in the Songadh Civil Station which is maintained from the Civil Station Funds.

The English School at Songadh referred to in the previous year's report is s teadily progressing.

There are 5 Vernacular Schools and one Girls' School in the Chok-Datha Thana Circle and 7 in the Babra Thana Circle.

CHAPTER VIII;—Miscellaneous.

26. (*a*). Library.

There are two libraries out of which one is called "The Russell Library" and the other at Datha called "The Emperor Edward VII Library".

(*b*). In the year under report the following Girassia boys were sent to the following schools from this Prant:—

1. Vala Laxman Amra of Kotda Pitha.
2. Do. Amra Mulu of Babra.
3. Sarvaiya Gagubha Manabhai of Hathasni.
4. Vala Ram Mulu of Babra.

Nos. 1, 2, and 3 were sent to Wadhwan Talukdari Girassia school; and No. 4 to Gondal Girassia school.

(c). There are Ghasia Salt pans at Valar about 3 miles from Datha. The salt there is sold at 2 annas per Indian Maund.

I have the honour to be,

Sir,

Your most obedient servant,

W. C. TUDOR-OWEN,

No. 456 of 1911-12.

LIBRARY OF THE BOMBAY BRANCH OF THE ROYAL ASIATIC SOCIETY.

From,

HORMASJI J. Antia Esquire,
Ag. Superintendent, Managed Estates Kathiawar.

To,

E. MACONOCHIE Esquire, I. C. S,
Agent to the Governor, Kathiawar.

Rajkot Civil Station, 30th May 1911.

SIR,

I have the honor to submit the 10th Annual Administration report of the Department under the supervision of this office for the year 1910-11, together with the annexed statement in the usual form. The latter contains information appertaining to the Samwat year, from 1st November 1909 to 31st October 1910 for which the Budgets of the Managed Estates are prepared. The report, however, deals with events for the financial year from 1st April 1910 to 31st March 1911. This arrangement is some what confusing and inconvenient in compiling the report, as one is apt to mix up facts covering these 2 distinct periods.

Personnel.

2. Mr. F. W. Allison, I. C. S., was in charge of this office upto 28th October 1910 when he proceeded on long leave, since which date I have held charge of this appointment.

Mr. Chhaganlal Ghelabhai Mehta held the post of my Senior Assistant and Mr. Chamanrai O. Moon that of my Junior Assistant throughout the year.

Tour.

3. Mr. Allison paid a short visit to Mendarda in May 1910. I commenced my tour immediately on receiving charge and camped at Songadh. I then moved to Limbda, Babra, Pachhegam, Palitana and Chok and then returned to Rajkot. After a short halt at Rajkot I next visited Jetpur, Luni, Sanala and Mayapadar, when I returned to Rajkot for the Christmas holidays I then visited Wadhwan, Dudhrej, Kherali, Bakarthali, Paliad, Limbdi, Bhoika, Ankewalia, Dasada, Jhinjhuvada, Kunkavav, Bagasra, Monvel, Jhamka, Lakhapadar, Dedan and Mota Barman, and since the close of the year I camped at Shahpur, Bhadwa, Mendarda, Chiroda, Bilkha, Bantwa, Nakra, Dadwa and Sardargadh. Besides these places I paid surprise visits, morning and evening, from my camp to a large number of villages of the managed estates. During my tour the accounts, records, cash balances, ornaments, etc., of the estates I visited were examined and checked as required by the rules.

My Assistants have also visited their charges regularly.

Number of Managed Estates.

4. The total number of managed estates on 1st April 1910 was 581. The figure 572 in para 4 of last year's report is a clerical error. Six new estates were placed under the supervision of this office during the year. They were:—

1. Estate of Jhala Kandhubha Madarsang of Vana.
2. Do Jhala Natvarsing Balsing of Talsana.
3. Do. Jhala Prathising Umedsing of Dudhrej.
4. Do. Jhala Ladhubha Umedsing of Vadod.
5. Do. Khachar Ebhal Ram of Bhadli.
6. Do. Vala Visaman Valera of Monvel.

Of these Nos. 1, 2, 3, and 6 were on account of minority, No. 4 was on account of E. E. Rules and No. 5 on account of guaranteed debt.

5. 91 estates were released from management as under:—

Japtis on account of Government Loan...	75
Do. under the E. E. Rules	2
Do. on account of minority	6
Do. for other causes	8
	91

6. The subjoined table shows the number of Estates remaining under management during the year :—

Prant.	Japtis on account of loan.	Japtis on account of minority.	Japtis on account of E. E. Rules.	Japtis on account of other causes.	Total.
Jhalawad	204	7	28	1	240
Sorath	102	15	16	5	138
Halar	11	4	11	.....	26
Gohilwad	73	5	8	6	92
Total.....	390	31	63	12	496

Classification of Japtis according to income.

7. The aforesaid estates are classified according to their revenues as under :—

Prant.	Number of Japtis with revenue of Rs. 10,000 and above.	Number of Japtis with revenue of less than Rs. 10,000.	Total.
Jhalawad	8	232	240
Sorath	15	123	138
Halar	3	23	26
Gohilwad	1	91	92
Total.....	27	469	496

Contributions towards the cost of the Japti and Audit Departments and incidence of charges.

8. The contribution levied for the supervision and audit of the managed estates during the year were Rs. 2-13-1 and Rs. 0-11-5 per cent respectively on the average revenues of the previous three years against Rs. 2-11-0 and Rs. 0–13–0 in the year preceding.

The total cost of the Department amounted to 2·32 per cent of the average revenues against 2·19 last year.

Incidence of cost of revenue collecting establishment.

9. The incidence of the cost of rhe revenue collecting establishments varied from 7·12 per cent in Bhadwa and Dasada to 14 per cent in Dhrafa and 15·14 per cent in Chiroda. The total average in Thana circles comes to 10·19 and that in all the estates under management to 9·98.

10. The following is a brief account of the progress of the larger estates in the different Prants.

JHALAWAD.

Dasada Estates.

11. These are 4 in number, viz,

(1) The estate of Malek Aladadkhan.
(2) Do. Malek Dada Saheb.
(3) Do. Malek Husen Mohemadkɜ
(4) Do. Malek Malek Saheb.

12. The rains commenced early and were satisfactory except at the end when one good fall would have been greatly beneficial. But the prospects were, on the whole, bright when frost and the showers in March injured cotton and winter crops to a certain extent. But all these drawbacks were made up for by the abnormal prices realised.

13. The total income for the Samvat year 1966 rose from Rs. 72,745 to Rs. 1,17,145 owing to a satisfactory yield and high prices of cotton, and the expenditure, including the payment of Rs. 5,452 towards debts, was reduced by a sum of Rs. 21,000.

14. Of these estates, that of Malek Dadasaheb is in a flourishing condtiion and as soon as the younger brother, who has recently left the Wadhwan Talukdari Girassia School, obtains sufficient training in Administrative work to enable him to handle his own affairs, the management would be removed. Malek Dada Saheb is at present working conjointly with the Manager.

15. The estate of Malek Aladadkhan has still to repay a debt of Rs. 17,066 and as soon as the liquidation scheme is sanctioned for the debts of Malek Parbatkhan, a moiety of the debt can be paid off at once. There is one minor shareholder in this branch named Ibhrahimkhan Parbatkhan in whose interest management will have to be continued for some time.

16. The 20 years period of management under the Encumbered Estate Rules of Malek Husain Mahomadkhan's estate having expired a large proportion of the outstanding debts will be extinguished as soon as a Notification to that effect is issued by the Agent to the Governor, Kathiawar. The estate is joint with that of Malek Malek Saheb and the Talukdar himself is a minor.

17. The debts against Malek Malek Saheb are still large although Rs. 8,000 will be paid off during the current year. Malek Amirkhanji has recently applied to be made a sole Manager of the Estate, but there are bitter factions amongst the Bhagdars who strenuously oppose this proposal.

18. All these estates have now fully paid off their Government debts and the management have done their best to place them in a solvent condition. There is very little land lying waste.

19. The recent decision of the Judicial Assistant, Kathiawar, holding that the Dasada Estate is partible, will put a stop, once for all, to the existing frequent bickerings and feuds amongst the different shareholders. Steps are now under contemplation for effecting the partition.

20. Kumars Ibrahimkhan Parbatkhan, Husenmahomedkhan Jesarkhan and Lalmia Amirmia have joined the Talukdari Grassia school, Wadhwan during the year, while Kumars Bawaji Parbatkhan and Mujatkhan Umarkhan have left it.

Jhinjhuwada.

21. The following Estates have been under management, viz.—

(1) Durgaji Pati (Rasani)
(2) Jasaji „ (Do.)
(3) Rasani Jiwaidars.
(4) Melani Jiwaidars.
(5) Ranchhodji Pati (Melani).
(6) Rozwa.

22. The accounts of the different Bhagdars are kept separate and at the end of each year the surplus is handed over to those who are free from debt.

23. The rains commenced early and were well distributed and there were expectations of an excellent outturn of harvest but for the winter frost which frustrated these. The high prices realised, however, made up for the deficiency in the yield and the prospects are good.

24. The total revenue for the Samvat year 1966 is better by Rs. 30,872, as compared with the preceding year, while Rs. 17,495 have been paid towards debts. All Government and Local Fund debts have now been fully paid off. The original debt amounted to Rs. 4,21,177, whereas that now remaining to be liquidated is Rs. 2,13,493. The amount of waste land has further been reduced slightly during the year. Sucessful experiments have been made to reclaim salt land by the construction of *bundhs* to hold rain water, and by this means 1,000 Vighas of useless land has been brought into a fit state for cultivation in Bamanka and Rozwa.

SORATH PRANT.

Estate of Valas Bhima and Bhan Desa of Bilkha.

25. This estate continues to grow in prosperity and its ordinary income since the last 6 years shows an upward tendency, for whereas it was Rs. 68,489 in 1905-06, it has steadily risen to Rs. 87,079 during the year under report.

26. The rain-fall was above the average and the crops suffered by excessive moisture in many places. On top of this, frost, insects and rust injured the winter crops to a certain extent. But the abnormally high prices of grain and cotton made up for the vagaries of the weather and consequently a more satisfactory income is expected than in the preceding year.

27. The ordinary income for the Samvat year was larger by Rs. 8,776 than in the year preceding, partly due to the recovery of the amount of the Pedla decree from the Thana Devli Talukdar. The expenditure, on the other hand, has been curtailed by about Rs. 2,500, leaving a balance of Rs. 96,577 against Rs. 66,259 in the commencement of the year. The estate is now entirely free from debt, Rs. 29,567 having been paid off. The Takavi and other outstandings from cultivators are being gradually reduced, Rs. 9,849 having been recovered during the year. No land is now lying uncultivated.

Kumar Shri Bhima Vala continues to take interest in his work and his younger brother K. S. Bhan Vala supervises the Police Department.

28. The orders of Government directing the partition of this Estate have been received, but as K. S. Bhima Vala wishes to appeal it will be sometime before the estate is released from management.

Estate of Vala Jasa Rukhad of Jetpur.

29. The rain-fall was early but excessive at times, which retarded the growth of the crops. The cotton was, however, excellent until the last "Hathia" (Elephanta) showers which slightly changed the aspect of things. Frost and the March showers also accounted, to a certain extent, for damage in cotton and other winter crops.

Were it not for these drawbacks the year would have been one of the best for the past 15 years. As it is, it is good.

30. The revenue for the Samvat year 1966 was a record one since the famine and the Taluka can be said to have reached its normal condition. The ordinary income was larger than in the preceding year by Rs. 10,434 and Rs. 37,261 were paid towards the liquidation of debts leaving a closing balance of Rs. 14,359. Thanks to the exertions of Mr. Allison the claim of certain guaranteed creditors for Rs. 1,64,000 has been amicably settled for Rs. 64,000 to be paid in 3 annual instalments without interest.

The original debt against the Taluka was Rs. 5,58,380. The total debt, so far as could be judged at present, still to be repaid is Rs. 2,78,924 exclusive of the claim of 3 more creditors for Rs. 40,000 which remain undecided.

31. During the year it was found necessary to give a companion to K. S. Jasa Vala. This step proved highly beneficial, for he has wonderfully improved in health and habits. He is now residing at Rajkot under my close personal supervision, and if all goes well I shall soon be able to submit further proposals for his future. K. S. Jasawala's son Champraj Vala, aged 8, will join the Rajkumar College, Rajkot in the beginning of the next term.

32. The Chokha-Bhag system is being gaadually extended in this Estate. Out of the total area of 47,000 Vighas, 532 Vighas is uncultivated. Half of this will soon be let out. The old outstandings are being steadily recovered, Rs. 11,682 having been collected during the year. Some of the outstandings belong to the late Darbar's time.

The Estate of Valas Punja and Giga Loma of Navania.

33. The rains made an early start and were at times excessive, and without the desired breaks, which retarded the growth of the Agtar crops. The last showers and the subsequent frost as also the rain in March last damaged cotton and wheat. However the year, on the whole, was good as owing to the abnormal prices the revenue will be about the average.

34. K. S. Punja Vala having completed his education in the Rajkumar College has now left it and is on a tour round India in the company of K. S. Ram Vala of Bagasra, under the care of Azam Vira Mulu of Bagasra. On his return in September next he will be associated with the Manager with the view to his obtaining an insight into administrative work. The younger Kumar is still in the College where he is making excellent progress.

35. The ordinary income of the Taluka for the Samvat year 1966 shows a falling off of over Rs. 10,000 due, as explained in the previous report, to the receipt of certain miscellaneous items last year. The expenditure, on the other hand, has been curtailed to the extent of Rs. 2,889. The debts against the Estate as ascertained at present amount to Rs. 6,172 which will be paid off at once. There is another claim for Rs. 36,821 which is under enquiry. But against these debts can be placed the substantial balance of Rs. 99,528, of which a large proportion is the outstanding debt against the Khijadia Estate which can only be recovered gradually. A sum of Rs. 4,268 was recovered out of the outstandings. It is satisfactory to note that there is no waste land in the Taluka.

The Estate of Vala Bhima Valera of Khijadia.

36. The rains commenced early and were exessive throughout the season. The want of a sufficient break in the weather retarded the growth of crops, and grains and cotton suffered partially. Frost and the showers in the month of March last also caused some damage. But the abnormallly high rates counterbalanced the deficiency in the yield and the income for the year is expected to be an average one.

37. The jurisdiction over the village of Chiroda, of which the Taluka was deprived owing to strained relations between the then Talukdar and Mulgirasias, was restored to the Taluka during the year. The marriage of the younger K. S. Moka Vala was celebrated during the year which occasioned an increase in expenditure.

38. This estate was, at one time, hopelessly involved in debts, but the claims brought forward are being subjected to rigid scrutiny before the Special Officer appointed to investigate these and other claims against managed estates. The debts, so far as can be judged at present, amount to nearly 3½ lacs, but it is hoped that this figure will undergo considerable diminution. The ordinary income during the year was nearly the same as in the year preceding while the expenditure shows an increase of Rs. 9,206 owing to the marriage of the younger Kumar and expenses in connectioa with claims against the Estate. The closing balance will be utilized during the current year in reducing the guaranteed debt of about Rs. 2,60,000 due to Her Highness the Rani Saheb of Gondal.

39. The attempt to bring under cultivation 2 villages of this Estate in Mendarda by farming them has proved unsuccessful owing to the farmer having found a pretex for backing out of his contract and the Manager has now taken over the task of having the land cultivated by ordinary means. The villages (Hathiganj can hardly be called a

village, having only one cultivator) newly formed 4 years ago in the exchange of land between certain share-holders, being on the border of the Gir forest there is some difficulty in finding cultivators, especially for Hathigunj where there are no suitable huts for cultivators. The grass huts in Kennedypura having again been destroyed by fire during the year more substantial huts are being constructed. The condition of the village of Vadera also is reported to be unsatisfactory.

40. The estate has hitherto been greatly mismanaged by the past administration. But every effort is being used to restore it to prosperity. This will, however, take some time. I have issued special instructions to the Manager to devote all his best energies to the improvement of this Estate and it is hoped that a more cheerful account will be recorded in the next Administration Report.

41. K. S. Raning Vala is taking interest in his work.

The Estate of Valas Ebhal and Harsur Vajsur of Jetpur.

42. The rainfall, though more heavy than in the preceding year, cannot be regarded as entirely satisfactory. It was continuous and without the desired breaks and the early crops consequently suffered. Subsequently cotton and winter crops suffered by frost, rust and the insects called "Chitri". But with all these drawbacks, and taken as a whole owing to abnormal prices, the revenues are expected to be more satisfactory than in the preceding year.

43. The total income during the Samvat year 1966 was better by about Rs. 5,000, while the expenditure, including payment of Rs. 4,477 towards debt, was slightly higher as compared with the preceding year. There is now a total ascertained debt of Rs. 69,190 against the Estate, of which Rs. 12,360 will be paid off during the current year. 10 more claims against the Estate also remain to be decided. But against these debts can be placed the sum of Rs. 28,808 due from the Luni Estate, on account of compensation for the exchange of land. So that the condition of the estate is fairly solvent.

44. The 2 Kumars are receiving education in the Rajkumar College, Rajkot, where they are reported to be making satisfactory progress.

The Estate of Valas Manasia and Desa Nag of Mendarda.

45. The rainfall was sufficient and the season, on the whole, was favourable.

46. The total income for the Samvat year 1966 was larger than in the year preceding by Rs. 5,753 and the expenditure, including Rs. 9,149 paid towards debts, was Rs. 3,662 less. The claims against the Estate originally amounted to Rs. 2,73,226, which figure, on investigation, has been reduced by Rs. 1,72,582, and the amount now remaining to be liquidated is Rs. 39,423 which can be done in a year or so.

47. The outstanding dues are not large and are being gradually recovered. There is no waste land in this Estate.

48. K. S. Manasiavala takes an active interest in his work as joint Manager but seems over anxious to obtain control of his share before all his debts are paid off in ordinary course. His son is now fit to attend the college and arrangements will be made to send him there in the beginning of the next term if K. S. Manasiavala raises no further objections. K. S. Desavala is winning his laurels in the College, the Principal of which speaks highly of his conduct.

The Estate of Vala Giga Hipa of Sanala

49. The rains were early and plentiful and owing to abnormally high prices the prospects of the year are good.

50. The income for the Samvat year 1966 was about the same as in the year preceding and the surplus balance has increased by a little over Rs. 7,000. The Estate is free from debt and there is no waste land. A large proportion of irrecoverable outstandings has been written off and the remainder are being collected.

51. The Kumar Shri is receiving his education in the Rajkumar College, Rajkot.

The Estate of Vala Amra Kala of Luni.

52. The season's rainfall was copious and satisfactory and the year is a prosperous one.

53. The minor Talukdar's sister was betrothed during the year. The Talukdar is receiving his education in the Rajkumar College. He has been adopted by the Thana-Devli Chief as his heir.

54. The ordinary revenue for the past Samvat year is better by Rs. 10,466 as compared with that of the preceding year. Rs. 13,985 were paid towards the liquidation of the debt which still amounts to Rs. 87,979.

55. The Chokha Bhag system of revenue collection prevails. There is hardly any waste land in the Estate. The outstanding dues were large but a large proportion of these has been written off as irrecoverable and steps are in progress for the recovery of the remainder.

56. A long pending dispute, 30 years old, known as the Junagadh Haveli dispute, in which the Haveli (temple) claimed compensation in the shape of mesne profits on its land in Adtala taken over by Luni in exchange for other land was amicably settled during the year, whereby Luni has to pay, in 4 annual instalments, Rs. 5,434 instead of Rs. 12,154 claimed by the Haveli.

The Estate of Vala Ram Harsur of Bagasra.

57. The season's rainfall, though deficient at the end, was satisfactory, on the whole, and the prospects of the year are good.

58. K. S. Ramvala was married during the year. He having completed his education has left the Rajkumar College and is now on a tour round India with K. S. Punja Vala of Nawania under the guardianship of Azam Viravala of Bagasra who is employed as a wing master in the Rajkumar College.

59. The ordinary revenue for the past Samvat year was better by Rs. 6,876, while the total receipts were Rs. 15,000 larger than in the preceding year. Rs. 22,000 were paid towards debt which now stands at Rs. 1,86,487. Much energy was displayed by the late manager in recovering outstanding, although a great deal yet remains to be collected. Very little land remains uncultivated.

The Estate of Vala Amra Samat of Bagasra.

60. This little Kumar 9 years old, has joined the College during the year. He is happier there than at home where he has hardly any one to look after him. The Principal, Mr. Mayne, remarks in his last report that "for such a young boy he has made a good start and has plenty of ability and although still weak in appearance he is improving in health."

61. The total receipts during the past Samvat year were slightly better than in the year preceding, while the expenditure was curtailed by Rs. 2,230. There is no waste land in the Estate which is free from debt.

The Bantwa Estates.

62. The following 4 estates are now under management :—

(1) Bantwa Nakra Estate of K. S. Jorawarkhan.
(2) ,, Kotdi Estate of K. S. Chiragmahomadkhan.
(3) ,, Dadwa Estate of K. S. Amirkhan.
(4) ,, Desinga Estate of K. S. Mahomad Amirkhan.

63. The first Estate is managed by this Department under the orders of a Civil Court and the remaining Estates under the operations of the E. E. Rules.

64. The rains of the past season were early and, on the whole, fairly satisfactory and although frost did some damage the prospects of the year are favourable.

65. Khan Shri Alamkhan of Dadwa snd K. S. Kadarkhan of Nakra were married during the year. Plague has levied a heavy toll amongst the members of the Nakra Estate, viz. K. S. Kadarkhan, 2 grown up sons of K. S. Jorawarkhan and a daughter of K. S. Sardarkhan. K. S. Mohobatkhan of Nakra also died of old age. Five scions of the Bantwa Jagirs are now prosecuting their studies in the Wadhwan Talukdari Girassia School.

66. The ordinary revenues of the Estates have risen during the year by Rs. 7,899, whereas the total receipts were better by Rs. 11,732 as compared with the preceding year. The surplus balances are also larger by Rs. 10,714 after payment of Rs. 29,792, towards debt. The debts against the Kotdi Estate originally amounted to Rs. 76,618; but the recent investigation before the Special Officer has brought them down to Rs. 23,313. As soon as a liquidation scheme is prepared these debts, can at once be paid off out of the available surplus balance. The debt against Dadwa and Desinga Estates, though not yet enquired into, are roughly estimated at one lac, and two lacs and sixty six thousand respectively. The partition of the Nakra Estate has been nearly effected but there are certain minor disputes now pending before the Political Agent, Sorath Prant. This Estate is said to be heavily indebted and it is still a question whether the E. E. Rules will not ultimately have to be applied to it.

67. The outstandings are small and every endeavour is made to keep them down. There is no waste land in any of the Estates.

The Estate of K. S. Jabardastkhan of Sardargadh.

68. The rains, though early, were rather excessive and without sufficient breaks and consequently the early crops suffered. But the late rains benefitted the winter crops, the effects of which, however, were in a measure counteracted by frost, but considering the abnormally high prices obtained the prospects of the year are fair.

69. The total income for the Samvat year was larger than that of the year preceding by Rs. 7,654 and Rs. 6,300 were paid towards debts. The Estate has now an ascertained debt of Rs. 14,630, besides debts to the amount of about Rs. 22,358 still remaining to be enquired into. There is, however, a decent surplus balance of Rs. 41,605, of which Rs. 30,567 are invested. There is hardly any waste land in the Estate.

70. The little Kumar, three years old, resides with his mother in Rajkot for very good reasons.

Dedan.

72. The rainfall was heavier than in the preceding year, but for want of sufficient breaks the crops have not been satisfactory.

72. The Estate of Azam Surag Kotila having been released from management during the early part of the year there are now two large Estates under the charge of this Department besides the smaller Estate of Mota Barman, viz, the Estates of Kotila Und Bhan and Naja Raning.

73. K. S. Unad Bhan is receiving his education in the Talukdari Girasia School, Wadhwan. He was married during the year.

74. The revenue during lhe Samwat year has fallen off in both these Estates owing to an unsatisfactory year. The Estates have yet to liquidate debts to the extent of Rs. 17,560 and Rs. 37,598 respectively.

75. During my recent visit to Dedan I noticed that the work of the Vahiwatdar was extremely slack, and the manager was too weak to control his establishments. Large areas of land are lying uncultivated and outstanding dues remain uncollected. I have taken necessary measures to improve this state of things and it is hoped that the new manager will show better results very soon. There is a fine tank built at a large cost near Dedan during the famine, and there is no reason why it should not be utilized in irrigating the large area of surrounding land now lying waste.

HALAR PRANT.

Khirasra.

76. The rains were plentiful but the last showers and subsequent frost frustrated the bright expectations of a bumper harvest formed early in the year and the yield is expected to be slightly below normal.

77. The Estate having paid off all its debts has been released from management on 10th April last. It was placed under management on 15th November 1904 on account of heavy indebtedness and was then in a hopeless condition. Extensive areas of land were lying uncultivated and the average income had dwindled down to Rs. 19,400. The income during the year under report was Rs. 30,119. The total debts against the Taluka were nearly 2 lacs including Rs. 30,128 on account of Government and guaranteed loans. On enquiry under the E. E. Rules they were greatly reduced and Rs. 1,03,116 have been paid upto date. Thanks to the keen interest evinced, in his usual earnest way, by the then Superintendent, Managed Estates, Kathiawar, Mr. J. E. B. Hotson, I. C. S., most of the waste land has been brought under the plough, the Chokhabhag system has been introduced, new houses for cultivators have been built, a new village has been populated on the site of an old one which was left deserted for nearly a century, several new wells have heen constructed and the old outstandings have nearly all been collected. As a matter of fact everything possible has been done by the management to restore prosperity to the Taluka. The debts are all satisfied partly by the assistance given by the Darbar's relatives, and the Taluka has been handed over to the Chief in a flourishing condition.

78. The younger Kunvari Shri was married during the year to His Highness the Maharaja of Kishangadh without any expense to the Taluka.

79. K. S. Sursinhji proceeded to England to prosecute his studies under arrangements made by His Highness the Maharaja of Bhavnagar who is the son-in-law of the Talukdar.

Estate of Jadeja Prabhatsang Bhupatsang of Shapur.

80. The rainfall was, on the whole, satisfactory, but the severe frost of February last and the untimely showers in the following month did some damage to cotton and other winter crops. However the high prices that prevailed have improved the aspect of affairs and the year's prospects are good.

81. K. S. Prabhatsang is studying in the Rajkumar College, Rajkot, where his progress is reported to be satisfactory.

82. The total income for the Samvat year 1966 is slightly better and the total expenditure less by over Rs. 5,000 as compared with the year preceding, while Rs. 1,054 have been paid towards debt which has not yet been finally ascertained but is supposed to be about Rs. 18,000. The outstandings on account of Takavi, granted rather lavishly by the late Darbar, are large, but instalments for repayment were fixed by him and are being regularly collected. There is very little waste land in the Taluka.

Estate of Jadeja Balsing Pratapsing of Bhadwa.

83. The rains of the past season were heavy and for want of sufficient breaks the early crops suffered to a certain extent. Frost in February and mango showers in March also affected cotton and other winter crops injuriously.

84. K. S. Balsing and his younger brother K. S. Harising are studying in the Talukdari Girasia School at Wadhwan, where their progress is reported to be satisfactory.

85. The ordinary income for the past Samvat year was larger by Rs. 4,208 and the expenditure less by Rs. 6,107 as compared with the year preceding and Rs. 7,500 were paid towards debt The total debt remaining to be liquidated at the close of the year was Rs. 88,070. During the current year the long standing disputes with Gondal regarding the Talukdar's rights in Supedi have been amicably settled with the sanction of Government whereby the Taluka has, on receipt of Rs. 1,40,000 relinquished all its rights in Supedi. This highly satisfactory settlement has released the Taluka from its hopeless state of embarrassment. After paying the major portion of the debt it is proposed to in-

vest a sum of Rs. 80,000 in Government securities which will perpetually bring in an equivalent of the rights relinquished in Supedi. The 2 claims of the Taluka regarding its share in the villages of Kathrota and Kalaria have been pending in the Gondal courts for several years and as the Supedi settlement has now been effected, it is hoped that the Gondal State will dispose of these without further delay. There is very little waste land in the Taluka.

GOHILWAD PRANT.

The Estate of Gohels Ratansang and Bhavsang Bhagvatsang of Limbda.

86. The rainfall was excessive and the crops suffered from too much moisture. The October rains further affected cotton injuriously and the frost in February and the showers in March damaged the winter crops to a certain extent. But these drawbacks were counterbalanced partially by high prices and the prospects are fair.

87. The total income for the Samvat year 1966 was greater by Rs. 2,469 and the expenditure less by Rs. 10,819 as compared with the year preceding. The Taluka is now entirely free from debt and has a surplus balance of Rs. 15,826. The outstanding dues are small and there is no waste land in the Taluka.

88. As observed above all the debts are paid off and as soon as the dispute between the two brothers on the question of Mohtap (extra share for the elder brother) is settled and the partition effected the Estate will be handed over to them in a flourishing condition.

The Estate of Valas Godad Ravat and Kala Jaga of Babra.

89. This estate was released from management, but was reattached at first temporarily on account of debts found due to certain creditors who appealed to Government. The shareholders were thereupon directed to pay up the amount that was found due from them on inquiry and until they do so the estate has been finally taken under management since the close of the year.

Education.

90. The following Kumars attend the Rajkumar College Rajkot. :—

1. Kumar Shri Vala Ram Harsur of Bagasra.
2. ,, ,, Amra Kala of Luni.
3. ,, ,, Punja Loma of Nawania.
4. ,, ,, Rukhad Loma of Do.
5. ,, Prabhatsing Bhupatsing of Shapur.
6. ,, Vala Desa Nag of Mendarda.
7. ,, ,, Giga Hipa of Sanala.
8. ,, ,, Ebhal Vajsur of Jetpur.
9. ,, ,, Harsur Vajsur of Do.

91. The following Kumars attend the Talukdari Grassia School at Wadhwan :—

1. Kumar Shri Pirumia Sedatkhan of Dasada.
2. ,, Karimkhan Pirozkhan of Do.
3. ,, Mahomadkhan Pirozkhan of Dasada.
4. ,, Mahomadkhan Bapjiraj of Do.
5. ,, Asmankhan Fatehkhan of Do.
6. ,, Ibhramkhan Parbatkhan of Do.
7. ,, Husenmahomadkhan Jesarkhan of Dasada.
8. ,, Lalmia Amirmiya of Do.
9. ,, Kotila Unad Bhan of Dedan.
10. ,, Jadeja Balsing Partapsing of Bhadwa.
11. ,, ,, Harising Partapsing of Do.
12. ,, Jhala Mangalsing Gagubha of Kherali.
13. ,, Jhala Partapsing Umedsing of Dudhrej.

14.	„	„ Balsing Umedsing of Do.
15.	„	Khachar Rawat Laxman of Paliad.
16.	„	Jhala Gagubha Jasmatsing of Karmad.
17.	„	„ Abhesang Akheraj of Do.
18.	„	„ Jalamsing Chandrasing of Gedi.
19.	„	„ Mansing Dolatsing of Ankewalia.
20.	„	Khachar Pithoo Bhan of Chotila
21.	„	Umarkhan Hajirahimkhan of Nakra.
22.	„	Abderahimkhan Hajifatiabkhan of Desinga.
23.	„	Navarangkhan Mujfarkhan of Do.
24.	„	Khanjahankhan Amirkhan of Dadva.

Khachar Giga Kanthad of Vankia and Kumar Shri Abdekarimkhan, Hajifatiabkhan, of Desinga attend the Girassia College, Gondal. Arrangements are being made to send Kumar Shri Visaman Valera of Monvel to the Talukdari Girassia School at Wadhwan and the sons of Kumar Shri Jasawala of Jetpur and Kumar Shri Manasia Vala of Mendarda to the Rajkumar College, Rajkot, in the beginntng of the next term.

92. The sons of petty Talukdars and Girassias who cannot afford the expense are allowed to send their sons to the Local Village Schools. The Jhinjhuwada school has no less than 41 boys of Thakarda Grassias on its rolls. But those who are in a hetter condition are advised, on every possible opportunity, to awail themselves of the excellent educational advantages afforded by one or other of the Colleges and Girassia schools in some of which the charges are most reasonable and such as could easily be paid by the smaller Talukdars.

93. With regard to the education of the Kumars attending Colleges there has been a general complaint that soon after leaving the College some of them unlearn what they have acquired there. There is a great deal of truth in this complaint but the College authorities cannot be held responsible for this. They are earnestly and conscentiously doing their best to improve the minds of their pupils. But the root of the evil can be traced in the early associations some of these Kumars form with undesirable menials in the household. The parents, guardians and managers would, therefore do well to watch the company these Kumars keep while at home and to see that all undesirable young menials are scrupulously excluded from their private rooms. The principles of self help should be constantly inculcated in their minds and when the Kumars are about to leave the College for good or during vacatious they should receive special lectures on the principles that should govern their conduct at home. A short catechism containing broad hints in these matters, printed in Gujarati, showing what things the boys should avoid and what would be the best method of passing their time at home, might be published by the College authorities and supplied to each student, who should be required, when returning to College at the end of the vacation, to produce a certificate from parents, guardians or managers showing that he has acted upon the instructions contained in the catechism during his stay at home. Constant lecturing on these subjects might probably bring about the desired results.

Season of 1909.

94. As remarked in the last Administration Report the season of 1909 was favourable, on the whole. The rains were abundant and well timed, though somewhat heavy in the commencement in some parts and had it not been for damage to cotton by frost and insects, the year would have been the best koown for several years. As it is, the results are very favourable and the income shows a general increase.

Season of 1910.

95. The last monsoon commenced unusually early in the beginning of June and the rains were at times continuous and heavy and consequently the crops suffered from excessive moisture. But uptill the last week of September glowing expectations for a bumper harvest were held out when the last Hathia (Elephanta) showers which was an unusual feature of the season after an absence of several years, did more harm than good to the standing crops, which consequently fell far short of the expectations formed and the aspect of the season underwent a change. Due to these causes the cotton crop seemed to be failing. But those who knew better

armed themselves with the hope of improvement later in the season and their hopes were realised to a certain extent. The frost in February and the untimely rains in March further contributted to injure the wheat and other winter crops. But notwithstanding all these drawbacks the unusually high prices of cotton and certain grains saved the situation and the cultivators have not much to complain of. The estimated loss occasioned by frost alone is about half a lac.

General condition of the Estates under Management.

96. The general condition of the Managed Estates shows a decided improvement. With careful management and the advent of more favourable seasons they are gradually recovering from a chronic state of indebtedness. The life interest principle has been the salvation of a large number of them and the operation of the Encumbered Estates Rules has enabled the management to release them from pecuniary embarrassments into which the predecessors of the present holders launched them. Although it operates harshly with the creditors, it teaches them a lesson and makes some of them, at any rate, expiate the sins of relentless usuriousness practised by them in the past. No doubt the credit of the Estate holder has suffered at the same time, but this again has its moral, in as much as it forces them to be less extravagant and reckless in their modes of living. The management has very often the unpleasant task of refusing their high demands for extra expenses on marriages and funerals which the resources of the Estates would not allow of, and these refusals are felt by those who are devoid of reasoning as an unmerited hardship, but the results obtained ultimately are beneficial to them and are acknowledged when after careful management the Estates, which were once in a state of hopeless embarrassment, are restored to their owners in a solvent and flourishing condition. There is no doubt a senseless cry, in certain quarters, of the management of this Department being expensive, but a glance at para 8 of this report will at once show that the percentage of 2·32 is trivial considering the benefits that the Estates derive from a systematic, well regulated and efficiently organized Department. In petty Thana Estates I have tried, during the current year, to further reduce the percentage of charges by scrutinizing the Budgets critically and striking out all unnecessary expenditure, and if I should have anything to do with the next year's budgets, I propose bringing down the incidence of charges to 10 or even 9 percent all round. During the year Rs. 23,885 were recovered out of the Takavi outstandings of Rs. 1,05,019, while Rs. 2,350 were written off. Of the remaining outstanding dues to the tune of nearly 5 lacs, Rs. 78,248 were recovered and Rs. 3,145 written off. It will be seen from the appended statement that the management have saved large sums which have been utilized in reducing indebtedness to the extent of Rs. 2,86,166 during the year and the original debt of Rs. 38,74,463 has been brought down to Rs. 18,40,773.

97. The orders of Government regarding the proposed remission of Government debt incurred by non-jurisdictional Estates for meeting direct famine charges are eagerly awaited. These remissions will enable a large number of petty Estates to emerge from their existing embarrassments and as a result, to get free from the management of this Department.

General condition of the people.

98. The general condition of the people is improving gradually with the advent of favourable seasons. The cultivators are steadily recovering from the effects of the last great famine and a succession of indifferent years, though some of them are still indebted to the Estates. More and more waste land is being brought under the plough every year. They are now able to repay the outstanding dues with greater ease. But the process of recuperation is still slow. However, the cycle of good years through which we are now passing will, it is hoped, enable the restoration of the normal state of things existing during the pre-famine times.

General remarks.

99. Since I took charge of this appointment I have directed my attention, among other things, to 2 matters which seemed to me of some importance in connection with the working of this Department viz,:—

(1) The reduction of the area of land lying uncultivated in each Estate and

(2) The mitigation of hardship and loss to the cultivators by the delay caused in measuring grains in the Khalawad and separating the cultivators' share from that o

the Estate. I have issued stringent orders in both these matters and during my tour have visited several villages and enquired personally into these from the cultivators first hand.

100. During my tour I was able to satisfactorily settle, on the spot, all outstanding complaints of the members of Darbar families and to dispose of a mass of old Vernacular correspondence.

101. The Agency Rules relating to the levy of Court fee stamps on applications have been applied to applications made to this office. It was hitherto not the practice to affix stamps on these applications and consequently this office, ordinarily very heavily worked, used to be flooded with repeated petitions on matters once finally decided. The measure adopted will, it is hoped, check this tendency on the part of petitioners and at the same time add to the receipts of the Consolidated Funds,

102. The Chotila Division was reorganized during the year owing to the release of several Japtis. The Anandpur Circle has been amalgamated with the Kherana Circle and a substantial reduction in the establishment has been effected to grant relief to the petty estates in this Thana Circle.

103. A Girassia named Pathubha Manubha, who was serving as Vahivatdar of Manavav under Lakhapadar Japtis, having committed defalcations by misappropriating sums aggregating Rs. 836 collected by him from cultivators, was suspended during the year and an enquiry was proceeding when he absconded and has not been heard of since.

104. The experiment of employment of Girassias in this Department has not been very successful. These people are entirely wanting in push and capacity for the work of subordinate officials. There are at present 4 Girassias and 7 Kathis employed in this Department but scarcely any of these have come into prominence by brilliant work during the year.

105. During my visit to Lakhapadar and Dedan I found the work of the Managers and Vahivatdars of both the places extremely slack. The Manager of the former place has been transferred to a subordinate position and the latter has since retired. I am taking steps to punish Vahivatdars whose work is most unsatisfactory. These cases forcibly point to the necessity for a more regular and stringent examintion of the Japti Accounts, by the Audit Department, which levies contributions annually for the work which is much in arrears in many places at present. I also had occasion to reduce a Vahivatdar of Chotila for incompetency. The Vahivatdar of Khijadia Estate having been reported against for certain dishonest practices his case is under enquiry. In a few cases small fines had to be inflicted for careless work.

106. With the exception of the aforsaid cases I have found the work of the Managers and the subordinate staff satisfactory. My Assistants have performed their duties efficiently and energetically and my own office establishment, with the exception of 2 or 3 men whose conduct has been brought to your notice, has worked well.

I have the honour to be,

Sir,

Your most obedient servant,

HORMASJI J. ANTIA,

Ag. Superintendent, Managed Estates, Kathiawar.

NOTES— Opening balances of Thana Japtis do not tally with those of the last year as balances of Estates from which the Management has been raised during the year are excluded.
*245. The balance shown in last year's report was taken from the budget prepared in the time of the late Darbar Vala Vajsur Punja and was a rough figure.
¶252. This Estate was placed under Management in August 1910, and complete information is, therefore, not available.
1283. The figure 10727 entered as the closing balance in last years report is a clerical error for 10,724.
+269. Management from the share of Kotila Surag Bhima having been raised the balance of his share has been deducted.

Rajkot, 30th May 1911.

HORMASJI J. ANTIA,
Ag. Superintendent, Managed Estates.
Kathiawar,

No. 1459 of 1911

From,

T. J. B. Thatcher, Esquire,
Superintendent of Police,
Kathiawar Agency.

To

The Agent to the Governor,
Kathiawar.

Police Superintendent's Office,
Rajkot, 9th May 1911

Sir,

SUBJECT.
Annual Report.

I have the honour to submit the following report on the working of the Kathiawar Agency Police for the year 1910-1911 together with the statements noted in the margin.

Statement A Parts I & II
Appendices 4, 5, 6 and 7,

Personnel.

2. Mr. W. H. Luck held the appointment of the Superintendent of Police, Kathiawar Agency, from the beginning of the year upto the 4th March 1911, on which date he delivered over the charge of his office to Mr. F. Trotter, owing to his transfer to Nasik as the Principal of the Central Police Training School. The latter was relieved by me on the 24th March 1911. Messrs. F. Trotter and Harilal Jethabhai were respectively the Assistant and Deputy Superintendents of Police throughout the year.

Police Cognizable Cases
Statement A -Parts I & II.

3. The year's work shows a slight increase in the volume of crime dealt with. The number of cognizable cases reported or taken up by the Police was 763 as against 753 and 920 respectively in the years 1909-1910 and 1908-1909. The following is the table showing separately, the cases reported in the Thanas and Civil Stations and on the Railways :—

	Thanas and Civil Stations.	Railways.	Total.
1908–1909 ...	781	139	920
1909–1910 ...	617	136	753
1910–1911 ...	651	112	763

Total Cases for disposal.

4. Including cases pending at the close of the previous year, the number of cases disposed of during the past three years would stand as under :—

	Thanas and Civil Stations.	Railways.	Total.
1908–1909 ...	843	153	996
1909–1910 ...	670	145	815
1910–1911 ...	695	123	818

Excluded Cases.

5. 188 cases were excluded during the year under report as compared with 21 and 223 in 1909–1910 and 1908–1909 respectively, which giv a percentage of 22·98 as against 26·62 and 22·38 during th two preceding years.

Maliciously false cases.

6. The number of maliciously false cases was 8 as against 5 and 6 respectivel in the past two years. Proceedings were instituted agains the complainants in 5 cases of the 8 above, with the result tha two ended in conviction and I in discharge; 2 cases were pending with the Magistracy.

True cases for disposal.

7. The number of true cases for disposal during th triennium ending 1910–1911 stands as under :—

	Thanas and Civil Stations.	Railways.	Total.
1908–1909 ...	655	118	773
1909–1910 ...	490	108	598
1910–1911 ...	535	95	630

Proportion of true crime to the population in the Thanas and Civil Stations.

8. The total population of the Thanas and Civil Stations according to the last census numbered 2,37,777. The proportion of true cases was 1 case to 444 persons as against 1 to 394 persons in 1909-1910 and to 305 persons in 1908–1909.

Proportion of true crime to the mileage on the Railways.

9. On the railways, the number of true cases gave a proportion of 1 to 5·73 miles as compared with 1 to 5·09 and 1 to 4·55 miles in the two preceding years.

Proportion of reported cognizable cases to Police engaged for the prevention and detection of crime.

10. The proportion of the total number of cases reported during the year, to the number of policemen employed for the prevention and detection of offences is as under:—

	Thanas and Civil Stations.	Railways.	Total.
1908–1909 ...	1 Policeman to 2·33 cases.	1 Policeman to 1·19 cases.	1 Policeman to 1·03 cases.
1909–1910 ...	1 Policeman to 1·39 cases.	1 Policeman to 1·05 cases.	1 Policeman to 1·31 cases.
1910–1911 ...	1 Policeman to 1·39 cases.	1 Policeman to ·99 cases.	1 Policeman to 1·31 cases.

11. The cases sent up for trial during the triennial period gave the following result:—

		Total cases for disposal before the police.	Total cases placed before the court for trial.	Total cases ending in conviction.	P. C. of cases ending in conviction to those disposed of by trial.
1908–1909	Thanas and Civil Stations.	843	372	322	91·21
	Railways ...	153	49	43	95·55
	Total.....	996	421	365	91·70
1909–1910	Thanas and Civil Stations.	670	279	213	90·25
	Railways ...	145	54	40	74·07
	Total.....	815	353	253	87·24
1910–1911	Thanas and Civil Stations.	695	308	254	82 46
	Railways ...	123	47	37	78·72
	Total.....	818	355	291	89·81

Undetected cases.

12. The total number of undetected cases during the year numbered 203 as against 253 and 316 respectively in the years 1909–1910 and 1908-1909; the percentage of undetected cases to those for disposal has therefore improved and is 24·81 as compared with 31·04 and 31·72 in the two preceding years.

Pending cases.

13. 75 cases were pending at the close of the year as against 55 in 1909-1910 and 59 in 1908-1909. 27 of these cases were pending with the police as compared with 17 and 20 in the years 1909-1910 and 1908-1909 respectively; 48 cases as against 38 and 39 in the two preceding years, were pending with the Magistracy.

Serious crime in general.

14. The figures for true serious cases reported during the year stand as under In comparison with the figures for the preceding two years :—

		Total number of cases for disposal.	P. C. of cases ending in conviction to cases disposed of by the Police
Murder ...	1908–1909 ...	9	22·22
	1909–1910 ...	8	12·5
	1910–1911 ...	6	50·0
Dacoities ...	1908–1909 ...	8	0
	1909–1910 ...	6	16·66
	1910–1911 ...	3	0
Robberies.	1908–1909 ...	15	33·33
	1909–1910 ...	15	20·0
	1910–1911 ...	19	31·57
House breaking and thefts.	1908–1909 ...	188	25·55
	1909–1910 ...	163	18·40
	1910–1911 ...	157	19.74
Thefts ...	1908–1909 ...	447	35·49
	1909–1910 ...	340	31·47
	1910–1911 ...	346	34·10
Receiving stolen property.	1908–1909 ...	18	52·94
	1909–1910 ...	13	61·54
	1910–1911 ...	21	66·6

The percentage however of serious cases ending in conviction to *true* cases reported during the year which is a more reliable test stands as under :—

	No. of true cases.	No. of cases ending in conviction.	Percentage.
Murder	5	3	60·0
Dacoity	1	0	0
Robberies	12	6	50·0
House breakings	134	31	23·13
Thefts	269	118	43·86
Recovering stolen property.	18	14	77·77

Sessions cases.

15. 6 Cases were tried by the Sessions Court, 5 of which ended in conviction, giving thereby a percentage of 83·3 as compared with 55·55 and 87·5 in the years 1909-1910 and 1908-1909 respectively. 1 Case was discharged.

Cases under local and special laws.

16. The total number of offences dealt with by the Police under special laws was 80 during the year as compared with 79 and 107 respectively in the years 1909–1910 and 1908-1909. 68 of these 80 cases ended in conviction and gave a percentage of 85·0 as against 69·62 and 88·78 in the past two years.

Persons arrested.

17. During the year under report 569 persons were arrested by the Police as against 639 in 1909-1910 and 816 in 1908-1909. The total number of prisoners (including those of the pending cases of the former years) disposed of during the triennium was as under :—

	Thanas and Civil Stations.	Railways.	Total.
1908–1909 ...	836	86	922
1909–1910 ..	629	61	690
1910–1911 ...	560	55	615

538 Prisoners out of 615 for disposal during the year under report, were tried ; 383 of whom were convicted, as compared with 364 and 565 in the years 1909-1910 and 1908-1909 respectively, giving thereby a percentage of 71·99 as against 65·17 and 77·39 respectively in the past two years.

Property stolen and recovered.

18. The following figures represent the value of property stolen during the triennium.

	Thanas and Civil Stations.	Railways.	Total.
1908-1909 ...	12,711 11 9	2,651 14 ½	15,363 9 9½
1909-1910 ...	10,477 1 9	6,641 2 7½	17,118 4. 4½
1910-1911 ...	17,012 12 1½	2,512 3 9	19,524 15 10½

The percentage of property recovered is as follows :—

	Thanas and Civil Stations.	Railways.	Total.
1908-1909 ...	57·03	33·23	52·92
1909-1910 ...	42·72	11·59	30·66
1910-1911 ...	50·83	40·72	49·33

Property was stolen in 371 cases during the year under report as against 359 and 480 respectively during the past two years, and the same was recovered in 217 cases as compared with 197 in 1909-1910 and 287 in 1908-1909. The per centage of cases in which property was recovered to those in which the same was stolen was as under :—

	Thanas and Civil Stations.	Railways.	Total.
1908-1909 ...	60·94	53·84	59·78
1909-1910 ...	54·51	56·09	54·87
1910-1911 ...	60·45	48·33	58·49

Supervision over bad characters.

19. 12 persons were sent up under Sections 55 (*b*) and (*c*) and 109 and 110 of the Criminal Procedure Code, 5 of whom were required to furnish security for good behaviour, and 2 are pending with the Magistracy. The figures in this connection for the triennium stand as under :—

	Number of persons placed before the Court.	Number required to furnish security.
1908-1909 ...	14	12
1909-1910 ...	10	9
1910-1911 ...	12	5

Sanctioned strength of force and expenditure.

20. The sanctioned strength of the force including the office establishment and the Vasavad Police is 240 Officers and 874 men=1114. During the year under report the actual expenditure on account of the force amounted to Rs. 3,12,721-13-9, including the cost of the Vasavad Police.

Punishments.

21. The following punishments were inflicted during the year under report :—

Strength of the force.	Number of men judicially punished.	Number of men punished departmentally.	Total.	Percentage of men punished to total strength.
1,114	3	95	98	9·06

The number of men punished during the triennium stands as under :—

1908-1909	100	
1909-1910	118	
1910-1911	98	This includes 8 dismissals

Rewards.

22. 147 men as compared with 90 in the previous year, received monetary rewards for their skill and exertions in the detection of crime.

Education.

23. The number and percentage of officers and men who can read and write is as under :—

Strength.		Able to read and write.		Percentage able to read and write.		Percentage of officers and men able to read and write.
Officers.	Men.	Officers.	Men.	Officers	Men.	
240	874	195	408	81·25	46·68	54·12

Enlistments and Resignations.

24. The number of men enlisted during the year was 142 and the number of men who left the force was 162 and there were 20 vacancies at the close of the year. 62 men of those who left the service were pensioned. The figures of the number of men who were pensioned during the triennium stand as under in comparison of those who left the force :—

	Number who left the force.	Number pensioned.
1908–09	134	31
1909–10	108	30
1910–11	162	62

Health.

25. During the year under report 11 policemen died as against 9 and 6 respectively during the years 1909-1910 and 1908-1909. The percentage of men admitted in Hospital was 62·67 as against 65·60 and 54·30 in the two preceding years.

Buildings.

26. The Police lines at several Thanas are in a great necessity of being reconstructed and we are short of several quarters principally at Head Quarters. The matter has already been reported to the Agent to the Governor *vide* this office Nos. 3345 and 1125 dated respectively, the 15th December 1910 and 11th April 1911.

Inspection of the Thanas and Sub-Police Stations and Out Posts.

27. The following Police Stations, Sub-Police Stations and Out Posts were inspected during the year under report :—

Names of Police Stations.	Names of Subsidiary Police Stations.	Names of Out Posts.	
Wadhwan	Talsana	Vana	By Superintendent of Police.
Dasada...	Jhinjhuwada	Sudamda... ...	
Bhoika...		Bamanbore ...	
Chotila...			
Jetalsar Civil Station...			
Rajkot Civil Station ...			
Songadh	Chamardi	Kanpur	By Assistant Superintendent of Police.
Babra	Vasawad		
Chok	Datha...		
Bagasra	Lakhapadar		
Paliad	Mulila	Anandpur ...	By Deputy Superintendent of Police.
Dhrafa...		Dhandhalpur ...	
Lodhika			

Village Police.

28. The village police is a force consisting of 995 men, 185 of them being Police Patels, and 810 Village Policemen. These men have proved a great assistance in the detection of crime. 117 men had to be punished departmentally; 45 of them having had to loose their service. Of the 117 men, 8 were punished at the recommendations of the Thandars. 2 persons were punished judicially. A total number of 123 men left service during the year of which 53 resigned their appointments. It should be observed that in some of the Thanas, the pay of Pasaitas is very inadequate being only Rs. 5 and difficulty is experienced in getting suitable men on such a small pay. Of the total number of Police Patels, 183 are well educated, 1 indifferently so and one Police Patel is illiterate.

Money rewards were given to 50 Village Policemen, a sum of Rs. 114-8-0 having been distributed among them. The usual method of inspection of these men by the Superintendent of Police, Assistant Superintendent of Police and Deputy Superintendent of Police, in addition to the frequent inspections by the Chief Constable and the Police Inspectors continues. The Thandars generally attend the inspections held by Gazetted Officers and have an opportunity of making any suggestions they may think necessary which are always taken into consideration by the Inspecting Officers.

Concluding remarks.

29. The offences of murder and dacoity have decreased during the year under report. 1 of the former class and 2 of the latter were found on inquiries, to be false. The only dacoity case that remained undetected, was one, reported last year. The offences of robbery have risen but the total number reported during the year, includes 7 false cases. Of the true robbery cases which number 12, 6 have already ended in conviction, and 1 is pending with the Magistrate for trial; 1 was disposed of under Section 157 (*b*) of the Criminal Procedure Code. 2 have been classed as not brought to trial and 2 are still pending with the Police and are under inquiry.

The house-breaking and theft cases need no special mention.

There is an increase in the number of offences under head "Receiving stolen property" but most of the cases under this head have been detected and the offenders brought to justice.

The amount of property stolen during the year under report shows an increase but this was due to two house-breaking and theft cases, one at Gadhali under Songadh, and the other at Monwel under Lakhapadar, and 1 case of theft committed at Jamnagar Railway Station in which the property stolen respectively amounted to Rs. 1,800-0-0, Rs. 1,947-4-0 and Rs. 979-14-10=Rs. 4,727-2-10.

The house-breaking and theft at Junagadh referred to in para 27 of the last year's report was detected during the year, the accused were convicted and a part of the property was recovered.

Gangs of Adodias appeared in Jhinjhuwada, Bagasra and Lakhapadar Thanas and committed some petty offences. They were all brought to book.

The Sindhis of Mewasa under Lodhika Thana with one Odha Fakira at their head, had been creating trouble in the adjoining Native State limits for some time past but owing to the exertions of Inspector Mohanlal Sakalchand Odha Fakira and his brothers were run in under section 109 of the Criminal Procedure Code and the trouble ceased. Two of the Agency Policemen are now posted at Mewasa as a temporary measure; the head man of the gang viz., Odha Fakira has since left the village.

The conduct of the force in general, has been good. They are a well-drilled force, and we had this time 188 marksmen as compared with 139 in the year 1909-1910. This shows a marked improvement in shooting.

No particular incidents worthy of notice have occurred during the year under report, except that the question of the independent working of the Kathiawar Railways, by the proprietory States has been decided on. A branch of the B.-G.-J.-P. Railway (now the Bhavnagar State Railway) was extended from Sihor to Palitana, and opened for passenger traffic.

From the little of what I have seen of the force it appears to be an efficient and well trained body of men especially so, as to the Mounted Branch under the able supervision of Mr. Pryde, the Inspector at Head quarters The men are well horsed and well turned out and reflect great credit on their officers. The drill and discipline of the force appears also good. The per centage of detection in cases of house-breaking and theft might with advantage show an improvement and the matter will engage my attention otherwise the result of the year's work is by no means discreditable and compares favourably with the Presidency. Both Mr. F. Trotter, the Assistant Superintendent and Mr. Harilal Jethabhai, the Deputy Superintendent appear to have the interests of the Force thoroughly at heart and to be working well as do also with few exceptions all the rank and file. The Office and Account Establishments appear also to be well appointed and efficiently administered.

I have the honour to be,

Sir,

Your most obedient servant,

T. J. B. THATCHER,

Superintendent of Police,

Kathiawar Agency.

STATEMENT A.—PART I.

RETURN OF COGNIZABLE CRIME FOR THE YEAR 1910-1911.

Serial No.	Law.	Offence.	Number pending from previous year.	Number reported in the year.	Number in which investigation was refused.	Number remaining for investigation. T. J. B. THATCHER,

Superintendent of Police,

Kathiawar Agency.

No. 445 of 1911.

From,

Captain W. D. A. Keys I. M. S.,

Agency Surgeon, Kathiawar.

To,

The Sanitary Commissioner,

for the Government of Bombay.

Rajkot, 17th July 1911.

Sir,

Referring to your letter No. 781 dated 18th February 1911, I have the honour to forward herewith the annual statements of vaccination on forms I, II and IV.

2. The States of Junagadh, Jamnagar, Bhawnagar, Dhrangadhra, Morvi and Gondal control their own vaccination operations.

3. The figures of the above States are therefore given separately in the statements annexed.

4. The following table shows the number of villages visited by the vaccinators and inspected by the Superintendents and their Assistants.

Names of districts.	Number of villages.				No. of children inspected by		Remarks.
	Total.	Visited by vaccinators.	Inspected by.		Assistant Superintendents.	Superintendents.	
			Assistant Superintendents.	Superintendents.			
Under Agency Surgeon Kathiawar.	1,636	1,635	944	91	21,255	8,828	Besides 485 old cases.
Junagadh State ...	842	817	503	296	9,710	7,201	
Jamnagar ,, ...	669	654	347	82	7,072	2,681	
Bhawnagar ,, ...	658	632	311	142	11,548	9,696	Do. 1913 Do.
Dhrangadhra ,, ...	142	142	139	23	2,302	942	
Morvi ,, ...	146	127	127	40	1,734 R. 18	668	
Gondal ,, ...	175	165	161	71	4,424 68	2,461	
B. G. J. P.	66 Stations and 123 gang huts.	...	...	...	R. 68	...	
Total of Kathiawar ...	4,457	4,172	2,532	745	58,075 R. 86	32,477	2,398

All the States controlling their own vaccinations have shown a very great improvement in their numbers inspected by the Superintendents.

The following table shows the incidence of small-pox in the Province during the year:-

Districts.	Number of villages affected.	Cases of small-pox.		Deaths from small-pox.		Remarks.
		Previously protected.	Previously unprotected.	Previously protected	Previously unprotected.	
Under Agency Surgeon Kathiawar.	101	481	445	10	126	
Junagadh	108	506	383	26	74	
Jamnagar	9	49	7	3	4	
Bhavnagar	14	41	114	3	22	
Dhrangadhra	10	147	86	62	31	
Morvi ... ... —	14	187	15	9	29	
Gondal	17	190	29	7	5	
B. G. J. P.	5	6	...	...	...	
Total ...	278	1,607	1,079	120	291	

The incidence of small-pox under the Agency Surgeon occurring among unprotected inhabitants is 445 out of a population of 8,63,379, it is 383 in Junagadh out of population of 3,95,428. The Agency Vaccination Establishment has worked successfully and all villages have been inspected by the Assistant Superintendents of vaccination at least once in the last two years.

Belgam lymph was introduced instead of Lanoline lymph in January with satisfactory results. 94·5 of those primarily vaccinated were successful and 84·1 per cent of the insertions gave good vesicles; a marked diminution has taken place in the number of cases of abscess, boils and other skin affections.

I have &c.,

Signed/ W. D. A. KEYS, M. D. Captain, I. M. S.,

Agency Surgeon, Kathiawar.

No. 446 of 1911.

Rajkot, 17th July 1911.

Copy forwarded with compliments to the Agent to the Governor, Kathiawar with reference to his endorsement No. 1015 of 23rd February 1911.

The fluctuations in the vital statistics show how little trust can be placed on the way in which records are kept. Chok-Datha which showed a decrease of 202 births last year shows an increase of 99 this year and an increase of 56 deaths.

Songadh Civil Station's death rate has fallen by 50 per cent. It with Paliad and Lakhapadar are the only Stations to show a decrease. Songadh Thana shows an increase of 126 deaths and Chotila of 122. In neither case was there any epidemic to account for this.

W. D. A. KEYS, M. D. Captain, I. M. S.,

Agency Surgeon, Kathiawar.

No. of 1911.

Forwarded with compliments to the Agent to the Governor Kathiawar.

Rajkot 5th May

H. S. STRONG.
Ag. Agency Engineer

No. 379 of 1911-12.

From,

DHIRAJRAM V. VYAS, Esquire, B. A.,

Agency Educational Officer, Kathiawar.

To,

E. MACONOCHIE, Esquire, I. C. S.,

Agent to the Governor, Kathiawar.

AGENCY EDUCATIONAL OFFICE, KATHIAWAR.,

Camp Rajkot, dated 25th May 1911.

SIR,

I have the honour to forward herewith my report on the Progress of Education in Kathiawar with the necessary statements for the year 1910-11.

I have the honour to be,

Sir.

Your most obedient Servant,

DHIRAJRAM V. VYAS,

Agency Educational Officer, Kathiawar.

REPORT ON THE PROGRESS OF EDUCATION IN KATHIAWAR

FOR THE YEAR 1910-1911.

—(o)—

CHAPTER I.

There were during the year 1910-11, 1,455 Educational Institutions with 95,140 pupils against 1,414 institutions with 92,838 pupils during the preceding year. Of the 1,455 institutions, 1,131 or 24 more than last year were public institutions, and were attended by 80,015 pupils against 77,855 pupils last year. The number of private institutions rose from 307 to 324, and the attendance in them from 14,983 to 15,125. The number of male pupils in all institutions, pnblic and private, rose from 75,016 to 76,939, and of female pupils from 17,822 to 18,201. The number of schools, closed on account of plague on 31st March 1911 was 15 with 1,796 pupils.

2. Of the 1,131 public institutions, 283 were under the direct control of the Agency, 29 were private, 794 were under the management of the 1st and 2nd class States, 21 were aided, and 4 were unaided, as against 277, 29, 776, 20 and 5 respectively during the last year.

3. The number of students, learning English in public schools rose from 9,261 to 9,300, the number, learning a classical language from 3,685 to 4024, and the number learning a vernacular language from 77,285 to 79,475.

4. A table, showing the distributions of schools throughout the Province of Kathiawar is attached to this report. It would appear from it that, in the whole of Kathiawar, with an area of 20,882 square miles, 4,215 towns and inhabited villages, and a population of 24,94,924 souls, there were on the 31st March 1911, 1,131 recognized institutions with 80,015 pupils and 324 unrecognized institutions with 15,125 pupils, the number of villages, with schools, was 896, the average number of square miles to each village, with a school, was 23·32 and the percentage of total pupils to total population was 3·81.

5. The total expenditure increased from Rs. 9,18,100 to Rs. 9,33,222. The increase is due to increased expenditure on Arts' Colleges, Primary and Special schools and scholarships and under the head "Miscellaneous".

6. The share, which each class of institutions had in the total expenditure of the last two years, is shown in the following tables ;—

Source.	1909-10.	1910-11.

	9,18,100	9,33,222

CHAPTER II.—Collegiate Education.

7. Arts' Colleges.—There were 221 pupils in the two Arts Colleges of the Province, *viz*, the Samaldas College at Bhavnagar, and the Bahavdin College at Junagadh, against 225 last year. The number of pupils in the Bahavdin College was the same as last year, but that in the Samaldas College declined from 89 to 85. Of the total number 221—of pupils, 69 are reading for the B. A. degree and 152 for the Previous and Intermediate examinations.

CHAPTER III.—Secondary Schools.

High Schools.

8. The number of High Schools increased from 14 to 15, the Middle School at Palitana having been raised to the status of a High school during the year under report. The attendance in them increased from 3,867 to 4,169. But the fee receipts fell from 83999 to Rs. 74,980. The total expenditure on these schools was Rs. 2,00,273 against 1,99,338 in the preceding year.

Agency High Schools.

1. Since the transfer of the Alfred High School Rajkot, to the Rajkot State in the beginning of the year under report, only one institution of the kind, *viz*, the Rajkumar College at Rajkot, has remained under the Agency. I have no official connection with it. But from the statistics, received, it appears that there were 34 pupils on its rolls against 41 last year. The fees realized amounted to Rs. 26,509, and the total expenditure was Rs. 63,875.

Native State High School.

1. The Bahadurkhanji High School at Junagadh was attended by 500 pupils against 522 last year. The fee receipts rose from Rs. 3,138 to Rs. 3,161, but the total expenditure declined from Rs. 16,227 to Rs. 14,360. The school sent up 40 students for the last Matriculation examination, out of whom 14 passed.

2. The attendance in the Jamnagar High school rose from 299 to 350 during the year under report. The total expenditure on it fell from Rs. 16,136 to Rs. 15,535. But the fee receipts rose from Rs. 4072 to Rs. 4770. It passed 9 students at the Matriculation examination out of 52, sent up.

3. The Bhavnagar High school, had an attendance of 440 pupils on its rolls against 429 last year. The total expenditure and the fee receipts respectively fell from Rs. 13,375 and Rs. 6,921 to Rs. 13,263 and Rs. 5,323. The school passed 28, out of 94 students, sent up for the Matriculation examination.

4. The number of boys in the Vakhtuba Charitable High school at Morvi declined from 366 to 353. But the total expenditure on it rose from Rs. 6,698 to Rs. 7,757. The school sent up 11 students for the Matriculation examination, all of whom were plucked.

5. The Dajiraj High school at Wadhwan was attended by 351 pupils against 338 last year. The fee receipts decreased from Rs. 3,554 to Rs. 3,339, and the total expenditure from Rs. 10,937 to Rs. 7,267. 5 students passed at the Matriculation examination out of 15, sent up by it.

6. The attendance in the Sagaramji High school at Gondal declined from 308 to 291 during the year under report. The fee receipts increased from Rs. 4,115 to Rs. 4,497. But the total expenditure fell from Rs. 8,330 to Rs. 6,422. It passed 3 students out of 12, sent up for the Matriculation examination.

7. There were 62 students on the rolls of the Gondal Girassia College against 67 last year. The fee receipts and the total expenditure both fell from Rs. 18,220 and Rs. 27,462 to Rs. 14,651, and Rs. 25,629 respectively.

8, 9. 10. The Porbandar High school had 334 pupils on its rolls, and passed 4 students at the Matriculation examination out of 10 sent up. There were 284 pupils on the rolls of the Dhrangadhra High school. It passed 2 students at the Matriculation examination out of 8 sent up. The Vankaner High school was attended by 233 pupils, and passed 2 students at the Matriculation examination out of 13 sent up. The High schools at Porbandar and Vankaner show a decrease of 2 and 21 pupils respectively. The Dhrangadhra High school shows an increase of 4 pupils during the year under report.

11. The attendance in the Sir Jasvantsinhji High school at Limbdi fell from 401 to 390. It passed 6 out of 12 students sent up for the Matriculation examination. The Harris Middle School at Palitana was raised to the status of a High School during the year under report, and was attended by 206 pupils.

12. The Alfred High school, Rajkot, which is the oldest institution of its kind in Kathiawar, was under the control of the Agency until it was handed over to the Rajkot State on 1st April 1910, as I have stated above. The attendance in it increased from 132 to 500 pupils during the year under report. The fee receipts and the total expenditure also rose from Rs. 5,834 and Rs. 11,533 to Rs. 8,384 and Rs. 19,011. The School sent up 63 students for the Matriculation examination, out of whom 14 passed.

9. Although the results of the Matriculation examination of some the High schools were not so good as in the previous years, all of these schools appear from the reports and Statistics, received, to be well managed. They are all accommodated in suitable buildings, and are generally well equipped as regards gymnasia, and scientific apparatus, They have also their cricket and football teams.

Unaided High Schools.

10. The Saurashtra High school which is the only institution of its kind in Kathiawar was attended by 100 pupils against 98 last year. The fees, realized, amounted to Rs. 1,708 and the total expenditure was Rs. 3,357. It passed 3 students at the Matriculation examination out of 6, sent up.

Middle Schools.

(Boys' and Girls'.)

11. The total number of these schools declined from 58 to 53. The decrease is owing to the closure of 4 schools under the Jamnagar state, and the raising of Palitana Middle school to the status of a High school. The total number of pupils in Middle schools declined from 5,169 to 4,651 and the fee reeeipts from Rs. 45,118 to Rs. 39,415. The total expenditure also fell from Rs. 1,01,710 to Rs, 98,998.

12. Of the 53 Middle Schools, 16 are under the direct control of the Agency, 1 is private, but under the inspection of the Agency Educational Department, 29 are under the control of the 1st and 2nd class States, 4 are aided and 3 are unaided.

13. Two of the Native States' schools are for girls. They are the Majiraj Girls school at Bhavnagar, and the Monghiba Girls school at Gondal. The attendance in these schools declined from 81 to 73 during the year under report.

14. The largest schools under the Agency are the Wadhwan Camp Talukdari Girassia school, and the Middle schools at Jetpur, Wadhwan Camp, and Lathi. The other schools under the Agency are also in a flourishing condition, and are giving satisfactory work.

15. Of the schools under the first and second class States, 16 have an attendance ranging from 43 to 452, the Rajkot state Middle school being the largest in size. All the aided schools, and the Jamalkhan unaided Middle school at Jamnagar are in an efficient condition.

CHAPTER IV—Primary Schools for Boys.

16. The number of these schools is 952 or 28 more than last year. The number of pupils in them, also, increased from 57,999 to 60,021. 2,220 girls attend these schools as against 2,238 in the preceding year.

17. The number of schools, maintained by Native states, increased from 909 to 933 The attendance in them also increased from 55,559 to 58,788. 166 of these schools are inferior and teach the rural standards. The number of aided schools was the same as last year, viz., 15. But the attendance in them fell from 1254 to 1233. The number of night schools has remained stationary. But the number of pupils, attending them, has declined from 37 to 33. These schools are not very popular, and their fate seems to be sealed.

18. There are no unaided Primary schools in the Province.

19. UNRECOGNIZED SCHOOLS.—The Department has no control at all over these schools. Their number increased from 307 to 324 during the year under report, and the attendance in them also rose from 14,983 to 15,115. Of the 324 unrecognized schools, 2 teach Arabic or Persian, 16 teach Sanskrit, 106 teach a Vernacular only or mainly, 195 are Koran schools, and 5 are schools not conforming to Departmental standards.

20. PRIMARY SCHOOLS FOR GIRLS.—The number of these schools increased by 1 during the year under report, it being 105 at present. The attendance in them also increased from 10,484 to 10,560. If to this number, the girls, that attend boys' schools is added, the total number of girls under Public Instruction would be 12,780.

21. Of the 105 Girls' schools, 27 are under the Agency, 2 are Private, 74 are under the control of the 1st and 2nd Class States, and 2 are aided. A majority of the Girls' schools have trained Head Mistresses, and the existing Male teachers in them are being gradually replaced by qualified female teachers. As however, the pay, offered to female teachers in Kathiawar, is low and as there are few prospects of an early rise, the low paid teachers leave service in the Department as soon as they can obtain better paid posts outside the province. Consequently, it some times happens that Girls' schools have to be placed in charge of mail teachers, until properly qualified female teachers are available.

22. All the Girls' schools under the Agency are in an efficient condition. The condition of the Native State Girls' schools is also reported to be good.

23. As stated in my previous reports, the new vernacular series and the revised standards are taught in all the Boys' and Girls' schools under the Agency, and in a majority of the schools of the Native States, that manage their own Educational Departments. There are, however, no facilities for giving the necessary retraining to vernacular masters, as in the British Districts, and, until a special institution for that purpose with the necessary staff of teachers is established, all vernacular teachers, except those that have had retraining under special arrangements, made by me in the Training Colleges of Rajkot some years ago, should shift for themselves as regards the new methods of instruction.

Schools Houses.

24. The total number of boys' and girls' schools together, excluding the night schools is 1,053. Of these 742 schools have specially erected buildings, and 311 are accommodated in rented houses, Choras and such other places.

CHAPTER V.—EDUCATION OF SPECIAL CLASSES.

25. GIRASSIA AND TALUKDARI SCHOOLS.—The Gondal Girassia College has already been reported upon by me in a former part of this report. The attendance in the Talukdari Girassia School at Wadhwan Camp was 67, the same as last year. The fees, realized, amounted to Rs. 11,843 and the total expenditure amounted to Rs. 17,202, during the year. The total number of the sons of Girassias and Talukdars receiving education in these two special institutions is 129. Besides these, 256 children of the poor Girassias and Talukdars attend the ordinary Secondary schools of the Province. 2,386 are found in Primary boys' schools, and 287 attend Primary schools for girls. The total number of children of this class under instruction in public schools is 2,929. This number is very small in comparison to their population in the Province. The Talukdars and Girassias of Kathiawar pay very little attention to the education of their children, and the Department has frequently to seek the help of the Political Officers in the matter which, it need not be said, is always readily afforded.

Mahomedans.

26 The Steady but gradual increase in the number of Mahomedan pupils under instruction in public schools referred to by me last year has continued. During the year under report it rose from 13,902 to 14,013. This shows that the members of that community have begun to appreciate the benefit of education. Of the 14,013 Mahomedan children under instruction, 26 are in Arts' Colleges, 769 in Secondary schools, 13,207 in Primary schools, and 11 in other schools. The Mohobat Madressa at Junagadh is the only special institution for Mahomedans in Kathiawar.

27. The number of Mahomedans in private institutions increased from 9,185 to 9,453. The figures are not, however, reliable, as the Department having no manner of control over them, has no means of verifying them.

Aboriginal and Hill Tribes and Depressed castes.

28. No special provision exists for the education of these castes in Kathiawar. Still the number of children of Aboriginal and Hill tribes rose from 60 to 153, and that of the Depressed castes from 19 to 35. The increases can be taken as a sign of the spread, though very slow, of education in the lowest strata of Indian Society.

CHAPTER VI—Special Instruction.

29. The number of institutions for special instruction is 4 or one less than last year, the Commercial class at Morvi having disappeared this year from the list. These institutions are attended by 640 pupils against 385 last ysar. This number includes 134 pupils, studying in special institutions, and 506, attending secondary and other schools, but receiving special institution in Drawing.

30. Scondary Teachers, certificate examination.

No candidate appeared at this examination during the year under report.

Normal Schools.

31. There are altogether 2,698 male and 236 female teachers in the public schools of Kathiawar. Of the male teachers, 613 are trained Head Masters, 152 are trained assistants, 342 untrained Head Masters, 1,547 untrained and unpassed assistants. and 44 are untrained, but passed assistants. Of the 236 female teachers, 75 are trained Head Mistresses, 26 are trained assistants, 5 are untrained Head Mistresses, 120 are untrained and unpassed assistants, and 10 are untrained but passed assistants.

32. The average pay of a trained Head Master in Primary schools under the Agency is Rs. 19-7-8, of an untrained Head Master Rs. 10-12-1, of a trained assistant Rs. 12-13-7, of an untrained and unpassed assistant Rs. 4-0-2 and of an untrained but passed assistant Rs. 7-8-0. The corresponding figures for the Native State schools are Rs. 17-7-6, Rs. 9-15-5. Rs. 13-10-9, Rs. 6-4-7 and Rs. 8-3-1.

33. The average pay of a trained Head Mistress under the Agency is Rs. 17-8-7, of a trained assistant Rs. 12-0-0. Of an untrained and unpassed assistant Rs. 3-14-6. Similar figures for Native State schools are Rs. 21-1-8, Rs. 11-12-5 and Rs. 4-12-6.

Kathiawar Male Training College Rajkot.

34. This College was attended by 69 pupils on 31st March 1911. Of these 13 were in the 3rd, 26 in the 2nd, and 30 in the first year's course. 68 students and 8 vernacular masters appeared at the Annual examination. Of these, 65 passed. 27 of the passed students were sent out as teachers in the primary schools of the Province. 71 candidates appeared at the entrance examination and 33 of them passed. 25 of the passed candidates were admitted into the first year's course. In the school of Art examinations 9 got the 3rd grade, 10 the 2nd grade, and 14 the first grade Art certificate.

Ths Practising school attached to the College had 100 boys on its rolls and is in an efficient condition.

BARTON FEMALE TRAINING COLLEGE, RAJKOT.

35. The number on the rolls of this College was 22, at the end of the year. Of these 7 were in the 3rd year, 5 in the 2nd year, and 10 in the first year's class. 25 Candidates including 1 Assistant appeared at the Annual examination, all of whom passed. The result was cent percent and reflects great credit on Miss Pegge, the Lady Superintendent and her Assistants. 9 of the passed candidates were sent out as teachers. In the entrance examination of the College, there appeared 13 candidates. Of these, only 6 passed. 8 Students, including two of the plucked candidates, were admitted into the first year's course. 2 Students passed in the 2nd Grade, and two in the 1st grade examination of the school of Art Bombay.

The practising school attached to this College, was attended by 138 pupils. This school is, also in a very efficient condition.

This College has maintained its efficiency both in quantity and quality under the able supervision of Miss Pegge, the Lady Superintendent,

Drawing Classes.

36. The number of these classes is the same as last year viz. 6. The number of outside students declined from 76 to 29. But the number on the rolls of the existing institutions increased from 184 to 506.

Agricultural Classes.

37. There is no special provision for imparting Agricultural education in the Province. The subject is however, taught in the Male Training College, at Rajkot, as stated in my former reports, in order that a knowledge of it may be of use to the scholars in teaching pupils of Primary schools, in which they may be appointed as masters.

Administration and Miscellaneous.

28. The plague in Rajkot much delayed my work of inspection and examination in the Rajkot Civil Station during the year under report. As it would have been too early to examine the other schools that are allotted to me for examination, I utilized the time, that I got during the prevalence of plague in Rajkot, in doing my work in the Wadhwan Civil Station and inspecting some of the schools in Jhalawad. The work of the committee, oppointed to report on the Administration of certain of the Kathiawar castes in connection with the last Census, of which I am chairman, also took up some of my time. Still, however, over and above the examination of the two Training Colleges which with the inspection of the other education institutions in the Rajkat Civil Station, takes up nearly two months of my time every year, I was able to inspect 85 schools in all. 42 Of these were examinned by me personally in all subjects.

Both my Assistants duly finished the examination of the schools allotted to them.

39. My warm acknowledgments are due to the Political Officers of the Province for the remarks and suggestions made by them from time to time with regard to the teaching in the Agency schools visited by them while on tour and for the ready assistance which the Department receives from them in Educational matters.

THE VERNACULAR FINAL EXAMINATION.

40. There were 3 caudidates for this examination, and one of them passed.

Plague.

41. 4 masters 117 pupils, and 1 servant died on account of this disease against 2 masters and 128 pupils last year. The area affected by plague was much larger than last year.

Physical Education.

42. As reported by me before, Cricket is becoming more and more popular in Secondary schools. In Primary schools the boys learn gymnastic exercises, where gymnasia have been attached. In other schools the boys play native games. Some schools also teach drill.

Camp Rajkot dated 25th May 1911.

No. 12 of 1911-12.

From,

THE ZENANA MEDICAL OFFICER,
Kathiawar.

To,

THE AGENT TO THE GOVERNOR,
Kathiawar.

Rajkot, 29th April 1911.

SIR,

I have the honour to submit my annual report of the working of the Rasulkhanji Hospital for the year 1910-11.

A copy is sent as asked in Resolution No. III of the Karbharis' Meeting held on the 19th April 1907 to the Standing Committee.

The number of in-patients treated during the year ending 31st March 1911 was 177 and those of the two preceding years were 164 and 218.

The classes of the new in-patients are as under with those of the two preceding years:—

Classes.	1908-09.	1909-10.	1910-11.
Europeans	1	1	3
Eurasians	2	1	2
Hindus	111	152	117
Mahomedans	39	46	39
Parsis	1	1	.....
Native Christians ...	7	17	12
Others	3	.....	4

Name of Hospital.	Years.	Cured.	Relieved.	Otherwise.	Died.	Remaining.	Total.
Rasulkhanji Hospital ...	1908-09	63	71	15	5	10	164
	1909-10	101	74	27	7	9	218
	1910-11	75	70	17	6	9	177

The number of operations performed during the year under report was 66 and those of the last two years were 43 and 64.

	1908-09.	1909-10.	1910-11.
Primary	38	63	65
Secondary	5	1	1
Total ...	43	64	66

The number of out-door patients treated during the year under report was 1851 and those of the last two years were 1409 and 1842.

The classes of the new patients are as under with those of the last two years:—

Classes.	1908-1909.	1909-1910.	1910-1911.
Europeans	.....	2	11
Eurasians	12	5	11
Hundus	975	1,284	1,236
Mahomedans	346	442	456
Parsis	4	2	.....
Native Christians	36	72	95
Others	36	35	42
Total.....	1,409	1,842	1,851

The average daily attendance of out-patients was 24·21.

I have the honour to be,

Sir,

Your most obedient servant,

C. M. WICKHAM,

Zenana Medical Officer, Kathiawar.

No. 8 of 1911-12.

From,

The Lady Superintendent,

Barton Female Training College, Rajkot.

To,

The Agent to the Governor in Kathiawar,

President of the Barton Female Training College Committee,

Rajkot.

Rajkot, 1st April 1911.

Sir,

I have the honor to submit the following report of the Barton Female Training College for the year ending the 31st March 1911.

2. At the beginning of the official year there were 24 names on the college rolls, of which number 20 were stipendiary and 4 non-stipendiary students.

After the Annual Examination held in December 1910, 9 students were given appointments and 3 head Mistresses who were taking their 3rd year's course, rejoined their posts having proved successful in the Examination. Ten new students have been admitted into the college since the annual examination, 8 of whom are stipendiary and 2 non-stipendiary. The Scholarship grant allows an expenditure of Rs. 145 per mensem.

The official year closes with 22 names on the rolls 18 of whom are stipendiary and 4 non-stipendiary students. These 22 students are studying in the following classes :—

3rd year's class—	7	(	6	stipendiary	and	1	non-stipendiary	).
2nd „ „	5	(	4	„	„	1	„ „	).
1st „ „	10	(	8	„	„	2	„ „	).
Total...	22							

The college students belong to the following castes:—

Brahmins—	15
Vanias—	2
Other Hindus—	5
Total...	22

Of this number 9 are married, 11 are widows and 2 are unmarried.

3. The average number on the rolls throughout the year is 24·1 as against 23·7 last year and the average daily attendance 22·9 as against 21·6 last year.

4. At the Annual Examination 25 candidates were presented. One of whom was an Assistant teacher and was examined according to the 1st year's course of the college and passed.

The result of the examination was as follows:—

Class.	Number presented.	Number passed.
3rd year's class	9	9
2nd year's class	9	9
1st year's class	7	7
Total ...	25	25

This gives a result of cent per cent passes—

5. During the year 6 fully trained Third year's students and 3 Second year's students were given posts in the undermentioned places:—

Name of student.	Class in which she passed.	Post given.	Pay of post.
Dhasara Bhagvat ...	3rd year.	Lang Mistress, Barton Female Training College, Rajkot.	Rs. 15
Prabha Damodar ...	,, ,,	2nd Assistant, Practising School, Rajkot.	,, 12
Narmada Mayashanker ...	,, ,,	Special Assistant, Mahuwa Girls' school, Bhavnagar.	,, 10
Raikunver Pitamber ...	,, ,,	Assistant, Wankaner Girls' school ...	,, 12
Shivkunver Jechand ...	,, ,,	Special Assistant, Wadwa Girls' school, Bhavnagar.	,, 10
Parvati Motiram ...	,, ,,	3rd Assistant, Practising School, Rajkot...	,, 8
Rupali Nathuji ...	2nd ,,	1st Special Assistant, Palitana Girls' School	,, 11
Sankli Tulsi	,, ,,	Head Mistress, Kuvadva Girls' School ...	,, 12
Narmada Mohanlal ...	,, ,,	Assistant, Chorvad Girls' School ...	,, 8

6. Nineteen applications were received for the college entrance examination which was held last November, owing to the Plague being prevalent during the months of September and October, but only thirteen Candidates presented themselves—of these only 6 passed in all subjects—9 students in all were admitted into the college in January when the new term commenced—8 of whom are stipendiary students, 3 being on 6 months' probation having failed in one subject each at the examination and one non-stipendiary.

7. *The Drawing Class*—Eleven students appeared for the Bombay School of Art First Grade Examination in August last, but only two of this number were successful. The papers this year were more difficult than the previous year's, but the fault lay chiefly with the women themselves who did not take enough interest in their work. We hope to have better results this year, however.

Five students appeared for the Second Grade examination and 2 of them passed. We sent up an ex-student for the Third Grade examination and I am glad to say she proved successful. This is the first occasion on which any one has appeared from this college for the Third Grade examination.

Although all the women do not appear for the Bombay School of Art Examination, Drawing is a compulsory subject and they have all to pass a test at the annual Examination.

My thanks are due to the drawing master, Mr. Usman Bachal for the great interest and pains he always takes in his classes –

8. *The Boarding House*—All the College students are obliged to live in the College. There are 29 inmates of the Boarding House at present—21 are College students, 2 are Assistant teachers in the College and Practising School, and 6 are the children of students in the College. The average monthly expenditure for the year has been Rs. 5-8-9.

9. *The Practising School.*—The members on the rolls of this School is 126 as against 138 last year. The average number on the rolls throughout the year is 133·5 as against 144 last year, and the average daily attendance has been 83 against 101·4 the preceding year. At the Annual Examination held in August 1910, 99 pupils were presented and 79 passed, giving a percentage of 79·7 passes.

10. Owing to the College being closed for a period of two months, on account of the Plague Epidemic, we had no Distribution of Prizes last year.

Students received prizes in the Sanatan Dharma competitive examination and one of them, Prabhabai Damodar received the Gold Medal.

This competitive religious examination is a very good institution indeed, as it encourages boys and girls to study their religious books which, otherwise, they would not do. The committee deserve great praise for the good work they are doing and hearty thanks for the liberality with which they award prizes to successful candidates.

11. There have been very few changes in the staff since the 1st of April 1910. Mr. Maneklal N. Shah, whc was acting Superintendent, handed over charge to me of the post of Lady Superintendent on the 15th of April and reverted to his post of Head Master.

The matron, Jaluba Tulsi, who attaind the age of 55 on the 8th of September 1910, retired and Ralayatbai Ishwarji, the head mistress of the Sadar Girls' School, was appointed as temporary matron on the 1st of January 1911. After the annual examination the 1st and 2nd assistants of the Practising School were sent out to Lathi and Bagasra respectively, and their posts were filled up by the former Lang Mistress and a passed 3rd year's student. The incumbent of the 3rd Assistant's post in the Practising School who failed to pass the college entrance examination, was asked to leave and her place was taken by a passed 3rd year's student.

All the members of my staff have worked well and have willingly helped me in every way. I herewith tender them my hearty thanks for their loyal support and co-operation at all times.

I have the honour to be,

Sir,

Your most obedient servant,

S. F. PEGGE,

Lady Superintendent Barton Female Training College, Rajkot.

Forwarded with compliments through the Agency Educational Officer, Kathiawar.

INDEX TO APPENDICES.

I. Names of high officials in the Kathiawar Political Agency.

II. List of Laws in force in the Kathiawar Political Agency.

III. Statement showing the strength, cost and other particulars of the Military force.

IV. Do. showing the strength, cost, discipline and education of Police.

V. Do. showing the working of the Police.

VI. Do. showing the value of property stolen and amount of recoveries.

VII. Do. showing the number of crimes committed, number of cases disposed of and cases awaiting trial.

VIII. Do. showing the number of offences reported and dealt with by the various Courts.

IX. Do. showing the results of appeals against decisions passed by the Criminal Courts.

X. Civil work—Nature and value of original suits filed and disposed of.

XI. Civil work—Results of Applications for execution of decrees.

XII. Civil work—Number and results of appeals in civil suits.

XIII. Statement showing the number of persons confined in the Jails and Lock-ups.

XIV. Registration of documents.

XV. Statement showing the Receipts and Expenditure on account of Registration.

XVI. Receipts and Expenditure of the four Civil Station Funds.

XVII. Statement of Rain-fall.

XVIII. Statement of prices of staple food-grains.

XIX. Statement of Expenditure on Public Works.

XX. Statement of agricultural stock.

XXI. Statement showing the excise shops and excise revenue.

XXII. Statement of Receipts and Expenditure of States from classes I-IV.

XXIII. Statement of Medical relief.

XXIV. Statement of vital statistics.

XXV. Statement of schools.

XXVI. Statement of Political Relations with Native States—Form I.

XXVII. Do. do. Ruling Chiefs—Form II.

XXVIII. Statement of States under Government Management.

XXIX. Sea-borne trade Statistics.

XXX. Rail borne trade Do.

XXXI. Statement of Receipts and Expenditure of Thana Funds.

XXXII. Return of Presses and Newspapers or Periodicals.

XXXIII. Statement of total demands, collections and outstandings of the British and Gaekwar Tribute and Junagadh Zortalbi.

XXXIV. Statement of Receipts and Expenditure of the Consolidated Local Fund.

XXXV. Statement of Receipts and Expenditure of the Excluded Local Fund.

XXXVI. Political Appellate work.

XXXVII. List of Jurisdictional Talukdars below Class IV.

—:o:—

No. 842 of 1912.

From

J. SLADEN, Esquire, I. C. S.,
Agent to the Governor,
Kathiawar.

To

The SECRETARY to GOVERNMENT,
Bombay.

POLITICAL DEPARTMENT.

KATHIAWAR POLITICAL AGENCY,
Rajkot, 13th September 1912.

SIR,

I have the honour to submit the Annual Administration Report of the Kathiawar Agency for the year ending 31st March 1912.

CHAPTER I.—GENERAL AND POLITICAL.

Area—20,882 square miles. Population—24,96,057 according to latest Census.
Gross Revenue—Rs. 2,00,00,000 approximately.

2. The Agency is divided into 4 administrative divisions (Prants), *viz.*, Jhalawad, Sorath, Halar and Gohilwad; and contains 188 separate States, Talukas and estates, jurisdiction being exercised by 83 Chiefs and Talukdars. The smaller non-jurisdictional estates are grouped into Thana Circles, the jurisdiction and control of which vests in the British Political Officers and is partly delegated to the Deputy Assistant Political Agents and Thandars.

The official *personnel* of the Province during the year under report is given in Appendix I.

3. The annual tribute of the Province is as follows :—

British Tribute ...	... Rs.	6,95,924	4	0
Gaekwar Tribute	... „	2,90,188	4	0
Junagadh Zortalbi	... „	92,421	8	0
	Total Rs...	10,78,534	0	0

4. The Annual Reports of States of Class IV and upwards are separately submitted and this report deals chiefly with States and Talukas below Class IV (a list of which is given in Appendix XXVII) and with Thana Circles, though in general matters and in the appendices, it deals with the whole Province.

5. There are 11 established Agency Thanas in the Province as shown below:—

		Area in square miles.	Population.
Jhalawad...	1. Wadhwan District Thana...	222·170	17,916
	2. Dasada Thana	119·76	11,525
	3. Bhoika Do.	178·388	18,539
	4. Paliad Do.	227·3	16,115
	5. Chotila Do.	367·9	17,724
Sorath	1. Lakhapadar Thana ...	137·2	14,589
Halar ...	1. Dhrafa Thana	207·7	13,653
	2. Lodhika Do.	256·2	8,596
Gohilwad...	1. Babra Thana	298·7	27,026
	2. Songadh Do.	151·	21,445
	3. Datha Do.	172·8	23,129

Besides the established Agency Thanas there are two Talukdari Thanas, *viz.*, Dedan and Jhinjhuwada.

The District Officers inspected all the Thana Circles in their respective districts during the year.

6. The following States were under Government Administration at the end of the year under report:—

No.	State.	Class.	Cause.
1	Junagadh	I	Minority.
2	Porbandar	I	Do.
3	Palitana	II	Do.
4	Chuda	III	Incapacity of the Chief.
5	Muli	IV	Minority.
6	Malia	IV	Debt.
7	Vala Kanthad Naja of Bilkha.	IV	Do.

7. At the beginning of the year under report 496 petty estates were under the supervision of the Superintendent, Managed Estates, 7 estates were taken under management during the year, while 58 estates were released from attachment leaving 445 estates under management at the end

of the year as detailed below:—

Prant.	Unpaid Loan.	Minority.	Under Encumbered Estates Rules.	Other causes.	Total.
Jhalawad ...	176	8	26	2	212
Sorath ...	101	13	16	4	134
Halar .	11	4	11	.....	26
Gohilwad ...	55	4	7	7	73
Total...	343	29	60	13	445

Of these estates 23 have a revenue of Rs. 10,000 and upwards.

I anticipate an increase in the number of these estates as many Talukdars who were free from debt have been obliged to take large loans from Government to tide over the period of scarcity.

Contribution towards the cost of the Japti and Audit Department and incidence of charges.

8. The cost of the Japti Department was Rs. 30,387 during the year under report as against Rs. 27,407 last year. The contributions levied for the supervision and audit of the Managed Estates during the year were Rs. 2-13-9 and Rs. 0-14-0 per cent. respectively on the average revenues of the previous three years against Rs. 2-13-1 and Rs. 0-11-5 in the preceding year. The total cost of the Department amounted to 2·60 per cent. of the average revenues against 2·32 for the preceding year. The incidence of the cost of the revenue collecting establishments varied from 6·23 in Limbda to 18·44 in Chiroda. The incidence of the cost in the Thana circles amounts to 8·25 against 10·19 last year while that of the total cost on all the estates was 9·23 against 9·98 last year.

The incidence of cost is higher because the estates numbered 445 against 496 in the preceding year without any reduction of establishment being possible.

A brief account of the larger estates has been given in the Annual Report of the Superintendent, Managed Estates, which forms an enclosure to the present report.

There is a large number of very petty estates under management on account of loans taken from Government during the last famine; this matter is receiving attention.

The financial details in the report being for the Samvat year 1967 ending at Divali, the effects of the drought will be seen in next report. The loss of the monsoon crops of Samvat 1967 was more than counterbalanced by the high prices obtained for cotton in the previous year Samvat 1966. Out of a total debt of Rs. 18,71,718, a sum of Rs. 2,17,122 was liquidated.

Employment of Girassias in the Managed Estates.

The experiment of employing the Girassias in the Department has not proved a success.

Principal Events.

9. The most noteworthy events of the year were:—

JHALAWAD PRANT.

(1) The installation of the Thakor Saheb of Wadhwan on the Gadi of the Wadhwan State on the 20th March 1912.

(2) Placing the Chuda Taluka under management.

(3) Handing over the Rai-Sankli Taluka to Azam Gopaldas.

(4) The decoration of C. S. I. conferred on the Thakor of Lakhtar in the Imperial Darbar held at Delhi on 12th December 1911.

(5) Conferring the Kaiser-i-Hind Medal, Second Class, upon Mr. Strip, Superintendent, Talukdari Girassia School, Wadhwan Civil Station.

(6) Placing the Sanosra Taluka under management until the Taluka is partitioned.

SORATH PRANT.

(1) The death of Azam Vala Ala Bhima of Bilkha on 27th November 1911.

(2) The birth of a son and heir to K. S. Fatehdinkhanji, Chief of Manavadar on the 22nd December 1911.

(3) The death of the son and heir of K. S. Husseinyavarkhanji of Sardargadh on the 28th April 1911.

(4) The death of Loma Vala, younger son of Azam Bhima Valera of Khijadia on the 16th March 1912.

(5) The re-opening of the Shahpur–Bantwa Railway on the 1st June 1911.

(6) The succession of Vala Unad Godad and his 3 brothers to the estate of Azam Vala Godad Punja on the 23rd June 1911.

(7) The death of Vala Godad Matra, non-jurisdictional Talukdar of Bagasra and the succession of his son Matra Godad to the estate.

HALAR PRANT.

(1) The title of K. C. I. E. conferred by His Imperial Majesty on Raj Saheb Amarsinhji of Vankaner, at Delhi.

GOHILWAD PRANT.

(1) The visit of His Excellency the Governor of Bombay to Bhavnagar on 16th March 1912 to perform the opening ceremony of the Dhasa-Kundla Railway and the ceremony of opening the Sandhurst Service Reservoir and Pumping Station at Bhavnagar.

(2) The installation of the Thakor of Lathi on the 1st May 1911.

(3) The birth of an heir-apparent to the Thakor of Lathi.

(4) The bestowal by the King Emperor at Delhi of the Badge of the Imperial Order of the Crown of India upon Her Highness the Maharani Shri Nandkunverba of Bhavnagar on 14th December 1911.

(5) The marriages of the two Kumars of the Thakor of Vala, Gumbhirsinhji and Mangalsinhji celebrated at Vala on the 9th March 1912.

Tours of the Agent to the Governor, Kathiawar.

10. Mr. Maconochie visited Mangrol, Wadhwan Civil Station and Dhrangadhra and Mr. Hill visited Junagadh, Palitana, Dhrangadhra, Dasada, Limbdi, Parnala, Nal-Bavli, Talsana and Bantwa.

CHAPTER II.—Administration of the Land.

System of Land Revenue collection in Kathiawar.

11. The land administration in Kathiawar, with the exception of States or estates under management, is independent of the Agency and is carried on in each State or estate in accordance with the system obtaining there; the most common being "Bhagbatai", *i. e.*, the division of the crops in a certain proportion between landlord and cultivator. In estates under management the land revenue collection continues to be carried out on the system previously obtaining in each estate.

12. In Jhalawad the monsoon having entirely failed the question of bringing waste lands under cultivation was out of consideration; the Chief of Lakhtar is contemplating some irrigation projects in the Than Mahal.

In Halar the Bhagbatai system of land revenue prevails in the smaller Talukas of the Prant—the Vighoti system has been introduced in portions of some of the larger States as shown in their separate reports.

CHAPTER III.—Protection.

Legislation.

13. Legislation in States of classes I to IV is dealt with in the reports of those States; in States of lower classes which do not possess codes or regulations of their own, the law follows generally the spirit of Acts and Regulations in force in the Agency Courts (*vide* Appendix II).

Military force.

14. The only military forces, properly so called, maintained by Native States in this Province are those of Junagadh, Nawanagar, Bhavnagar, Dhrangadhra and Jafrabad; and information regarding them is given in the reports of those States.

Junagadh, Nawanagar and Bhavnagar each maintains a body of Imperial Service Lancers.

The rest of the military forces call for little remark.

The total strength of the military forces at the end of the year was 1,583 while the cost was Rs. 4,51,005-9-10 (*vide* Appendix III).

Police.

15. The ratio of Police to population and area for the whole Province is respectively 1/302 and 2·5 per square mile. The Agency mounted and foot police are armed with smoothbore M. H. Carbines and smoothbore M. H. rifles respectively and are a very efficient body of men.

16. The total strength and cost of the States and Agency Police were:—

Police.	Strength.	Cost.
Native States ...	7,112	Rs. 8,80,648 13 0
Agency	1,162	Rs. 3,34,094 2 11
Total ...	8,274	Rs. 12,14,742 15 11

Full details are given in Appendix IV.

17. The work of the Police alike in native States and Agency jurisdiction was satisfactory; the percentage of stolen property recovered was higher in the case of the States' police as will be seen from the following table:—

Classification.	Percentage of	
	Convicted to accused sent for trial.	Stolen property recovered.
Native States' Police.	65·02	50·27
Agency Police ...	66·33	45·51

Full details are given in Appendices V, VI and VII.

Village Police.

18. The village police under Agency jurisdiction number 1,015 and are under the Superintendent, Agency Police.

Criminal Justice.

19. Information regarding the various criminal courts of the States of classes I to IV is given in the reports of those States. There are 20 Agency Courts, the constitution of which is the same as in the previous year, viz.—

The Court of Agent to the Governor presided over by the Judicial Assistant who is also President of the Chief Court of Criminal Justice in Kathiawar.

The four Courts of the four District Magistrates.

The four Courts of the Deputy Assistant Political Agents (exercising first class magisterial powers).

The eleven Thandars' Courts (exercising second class magisterial powers).

20. During the year 17,772 offences concerning 21,787 persons were reported to all the criminal courts in the Province (including those of the States) with the following results:—

Discharged.	Acquitted.	Convicted.	Committed or referred.	Died, escaped or transferred.	Remaining.
7,980	5,245	7,604	324	69	565

Appendix VIII gives details of the work performed by the Courts of the Agency and of the States.

21. The Chief Court of Criminal Justice disposed of 18 Sessions Cases as against 28 in the preceding year. The number of persons sent for trial fell from 60 to 30. There was a decrease in the percentage of convictions which was 63 as against 70 in the preceding year.

Criminal appellate work.

22. The number of criminal appeals decided during the year was 724 of which 33 were decided by Agency Courts and the remainder by the Courts of the States.

The following is an abstract of the results :—

Courts.	Rejected.	Confirmed.	Modified.	Reversed.	Quashed.	Referred.	Further inquiry ordered.	Pending.	Total.
Agency ...	14	11	2	4	1	...	...	1	33
States ...	18	325	159	155	5	...	11	18	691

The criminal appellate work of the whole Province is shown in Appendix IX.

The Court of Agent to the Governor (presided over by his Judicial Assistant) decided 13 revision applications, rejecting the applications in 6 cases, confirming the sentences in 5 cases and reversing the sentence in 1 case, while 1 case remained pending at the close of the year.

Civil Justice.

23. There are 19 original Courts of the Agency :—

The four Courts of Political Agents in charge of Districts (with unlimited jurisdiction in original civil cases).

The four Deputy Assistant Political Agents' Courts (with power to hear Civil Suits to the value of Rs. 5,000.)

The eleven Thandars' Courts (with power to hear Civil Suits to the value of Rs. 500.)

Appeals against the decisions of all these Courts lie to the Court of the Agent to the Governor, Kathiawar (presided over by the Judicial Assistant).

24. The following statement summarises the work of the Civil Courts :—

Courts.	Number of Cases.					
	In arrears.	Newly filed during the year.	Total.	Disposed of.	Average duration.	Pending at close of year.
					Y. M. D.	
Agency Courts ...	229	687	916	693	1 3 22·4	223
States' Courts ...	2,444	15,277	17,721	1,5793	0 3 14·2	1,928
Total ...	2,673	15,964	18,637	16,486	.....	2,151

Of the suits filed during the year 348 had reference to landed property, 14,953 to money transactions while the balance was concerned with other miscellaneous rights. The total value of all suits filed was Rs. 23,06,812-9-8.

Of the claims 32 per cent were admitted and compromised, 6 per cent were struck off the file and 19 per cent were decided *ex parte*, the remainder being regularly heard and decided on their merits.

Applications for execution of civil decrees.

25. The following is a brief summary of the work under this head :—

Opening balance.	Applications filed during the year.	Total.	Applications disposed of during the year.	Closing balance.	Nature of applications pending disposal at the close of the year.		
					Below 6 months.	Below 12 months.	Above 12 months.
10,676	17,225	27,901	23,447	4,454	1,580	1,051	1,823

Details are given in Appendix XI.

Civil appellate work.

26. The Court of the Agent to the Governor, Kathiawar, is the only Appellate Court in the Agency. The work done in this Court and in the appellate courts of States is summarised

in the following table:—

Courts.	Number of Civil Appeals. In arrears.	Filed during the year	Disposed of.	Pending at end of year.	Average duration. Y.	M.	D.
Agency ...	70	44	76	38	1	2	2
States ...	267	1,276	1,167	376	0	4	23

	Number of revision applications. In arrears.	Filed during the year.	Disposed of.	Pending at end of year.	Average duration Y.	M.	D.
Agency only...	6	10	14	2	0	5	0 about.

The Agent to the Governor disposed of 49 political appeals during the year as against 44 in the preceding year.

Details of the Civil Appellate work are given in Appendix XII.

Giras and Political.

27. During the year under review the Judicial Assistant sent 6 cases to the Agent to the Governor for countersignature. The number of suits pending in his Court has fallen from 17 to 15.

The system of referring petty disputes for diplomatic settlement in the first instance has proved successful and parties have begun to understand its advantages.

Extradition.

28. There is nothing special to remark on this head except that there were 2 cases of undue delay on the part of Dhrangadhra and Amreli in surrendering accused to Sayla and the Bagasra Manager respectively.

In the Jhalawad, Sorath, Halar and Gohilwad Prants respectively 60, 98, 28 and 54 accused persons were extradited by the States *inter se*.

Prisons.

29. There are 13 Agency and 131 State prisons in the Province. The health and general conduct of the prisoners were good. The total number of prisoners remaining in all the gaols at the end of the year was 837, the total cost of jails and prisoners being Rs. 1,00,543-11-6. The daily average number of prisoners was 277. The condition of the jail buildings at Songadh continues to be far from satisfactory but no improvements can be undertaken for want of funds.

Registration.

30. In the Agency Courts 573 deeds and in the States' Courts 6,260 deeds were registered of a combined total value of Rs. 41,49,639-9-8, the fee realized being :—

(*i*) In the Agency Courts. Rs. 1,762-12-0.

(*ii*) In the States' Courts. Rs. 45,736-11-6.

For details see Appendix XV.

Municipal Administration.

31. There are no regular municipalities in Agency jurisdiction but statistics of the four Prant Civil Stations will be found in Appendix XVI. The information under this head for States of classes I to IV is given in their respective annual reports.

CHAPTER IV.—Production and Distribution.

Weather and Crops.

32. A statement of the rainfall at the Civil Stations, Thanas and the chief towns of the larger States is given in Appendix XVII and detailed information on the subject dealt with in this chapter so far as the States of classes I to IV are concerned is given in the annual reports of those States.

Taking the Province as a whole the rains failed entirely, and it was only in a few places that monsoon crops were sown and in fewer still that they reached maturity.

The maximum rainfall was 14·65 inches at Junagadh the minimum 1·11 inches at Morvi. Even where heavy falls of rain were received the intervals between them were so long that the rain often proved of no value.

In parts of the Sorath Prant alone were crops harvested, roughly in the Junagadh State and the Bilkha and Mendarda Districts. Even in these favoured localities the cotton crop averaged 3 annas and the produce of Bajri, Juwari, wheat, til and sesamum 6 annas. Between the other 3 Prants it is difficult to differentiate; the Jhalawad Prant was perhaps the worst as there neither grass nor crops grew at all, and well sinking was useless. There were a few places in the Halar and Gohilwad Prants where a two to four annas outturn was obtained and a little fodder. By digging and deepening wells to which every encouragement was given some fodder crops were raised which were of great value to the plough bullocks.

The gloomy anticipations of a famine happily proved false. The people developed an unexpected power of endurance: relief measures were needed in few places; village-works had to be opened at Talsana and Parnala in Jhalawad and test works were opened at Kamalpur in Jhalawad and Baldhoi in Halar. Famine was declared at Malia and 9 villages of Wadhwan District Thana. Gratuitous relief was also given where required. Generally it may be said that there was little distress among the people.

The energies of all Officers were concentrated on saving livestock. The chief difficulty was to obtain sufficient fodder for the cattle. Quick growing

fodder crops were raised wherever irrigation from wells was possible and large numbers of cattle were taken to graze in the Gir from which too an unexpectedly large quantity of grass was obtained with much difficulty. The Bombay Central Famine Relief Committee through their Rajkot Branch rendered inestimable service by importing vast quantities of dry fodder which were sold at varying rates in accordance with the means of the purchasers. Without their assistance the mortality among the cattle would have been very great. Many small cattle camps were established by private charity.

Wages and labour.

33. The demand for labour was good and there were no appreciable fluctuations in the rates of wages. The condition of the labouring classes was nearly as good as during the last year. In Halar the failure of the rains resulted in a considerable reduction of both wages and labour during the latter part of the year, and in Gohilwad where the ginning factories at Songadh and Babra had to be closed for want of cotton there was not a great demand for labour.

Price of food grains.

34. The prices of staple food-grains were high. The failure of Agtar crops throughout Gujerat led to a general increase in the prices of food-stuffs. The prices of food-grains in March 1912 as compared with those in March 1911 are given in Appendix XVIII.

Forests.

35. There are no forests in any of the Talukas below class IV.

36. The sea-borne and rail-borne trade statistics for the whole Province are given in Appendices XXIX and XXX. The following is a brief summary of the figures:—

EXPORTS.—(Cotton, grain, bullion including specie, &c.) Rs. 3,65,69,630 as compared with Rs. 3,27,59,093 in 1910-11.

IMPORTS —(Rice, grain, cloth, metals, timber, sugar, molasses, bullion, including specie, &c.) Rs. 3,53,87,203 as compared with Rs. 2,99,64,876 in 1910-11.

RAIL-BORNE TRADE.—

	Railway.	Quantity.		Freight charges realized.
		Tons.		
Local...	Bhavnagar State Railway, including Dhrangadhra Railway.	98,953	...	Rs. 3,12,408.
	Junagadh State Railway ...	62,810	...	,, 1,4,0251.
	Jamnagar ,, ,, ...	11,287	...	,, 25,381.
	Gondal-Porbandar Railway.	61,462	...	,, 78,102.
	Morvi Railway	Maunds. 4,01,300	...	,, 32,509.

	Railway.	Quantity.		Freight charges realized.
Foreign import.	Bhavnagar State Railway, including Dhrangadhra Railway.	Tons. 51,379	Rs.	1,74,649.
	Junagadh State Railway ...	3,045	,,	15,992.
	Jamnagar ,, ,, ...	8,969	,,	24,486.
	Gondal-Porbandar Railway.	53,137	,,	1,11,496.
	Morvi Railway	Maunds. 9,70,663	,,	1,23,429.
Foreign export.	Bhavnagar State Railway, including Dhrangadhra Railway.	Tons. 44,596	Rs.	1,45,962.
	Junagadh State Railway ...	3,579	,,	14,515.
	Jamnagar ,, ,, ...	5,238	,,	10,790.
	Gondal-Porbandar Railway.	32,174	,,	73,186.
	Morvi Railway	Maunds. 4,39,741	,,	49,239.

The corresponding figures for 1910-11 were as follows:—

Local ...	B.-G.-J.-P. Railway ...	2,39,771 tons. ...	Rs.	7,07,347.
	Morvi Railway ...	2,82,060 maunds.	,,	24,236.
Foreign import.	B.-G.-J.-P. Railway ...	36,167 tons. ...	,,	1,71,182.
	Morvi Railway ...	4,36,213 maunds.	,,	58,176.
Foreign export.	B.-G.-J.-P. Railway ...	71,352 tons. ...	,,	3,05,471.
	Morvi Railway ...	7,17,463 maunds.	,,	59,926.

Public Works.

37. The total expenditure on public works during the year was Rs. 29,27,630-8-0 of which, works costing Rs. 2,06,533 were carried out under the supervision of the Agency Engineer, the expenditure being distributed as follows:—

States Funds	Rs.	1,41,682
Agency Local Funds	Rs.	52,276
Imperial and Provincial Funds ...	Rs.	12,575

Rs. 27,21,097-8-0 were spent by the States on public works carried out by their own Agency. Appendix XIX shows the details of this expenditure.

Post offices.

38. The number of Post Offices in each of the three Kathiawar postal divisions at the close of the year

was:—

Division.	Post Offices.	Postmen.	Village postmen.
Rajkot	193	169	63
Bhavnagar ...	177	164	55
Cutch	40	Not	known.

Mint.

39. There is no Mint in the Province.

40. Of the 31 States of classes I to IV (a list of which is given in Appendix XXVI) the financial condition of the following 16 is good:—

(1)	Junagadh	I class.
(2)	Bhavnagar	
(3)	Porbandar	
(4)	Morvi	
(5)	Gondal	
(6)	Jafrabad	
(7)	Limbdi	II class.
(8)	Palitana	
(9)	Rajkot	
(10)	Than-Lakhtar	III class.
(11)	Jasdan	
(12)	Manavadar	
(13)	Thana-Devli...	
(14)	Vadia	
(15)	Azam Vala Mulu Surag of Jetpur...	IV class.
(16)	Patdi	

The remainder are more or less indebted.

41. Of the States of lower classes (*vide* Appendix XXXVII) only the following are free from financial embarrasment:—

Class.		State.	Prant.
V	(1)	Vala Bhima Desa of Jetpur. ...	SORATH.
	(2)	Vala Punja Loma of Jetpur ...	
	(3)	Vasavad	
VI	(1)	Rajpur	JHALAWAD.
	(2)	Malek Jainkhanji of Dasada. ...	
	(3)	Rai-Sankli...	
	(1)	Vichhavad	SORATH.
	(2)	Kuba	
VII	(1)	Vala Giga Hipa of Sanala (Jetpur)	Do.
	(2)	Vala Bhaya Nathu of Sanala....	

Of the non-jurisdictional Talukdars there are but few who are not heavily indebted.

Births and deaths.

42. The figures of births and deaths for the whole Province will be found in Appendix XXIV. The number of births and deaths is reported to have been 78,879 and 49,532 respectively.

Agricultural stock.

43. The detailed figures of agricultural stock are given in Appendix XX.

The total number of the various animals is reported as being:—

Animals.		Number.
Bullocks		4,51,230
Cows		2,99,788
Buffaloes...	Males ...	33,576
	Females ...	2,01,199
Horses		10,405
Mares		19,563
Colts and fillies		5,382
Asses		47,087
Sheep and goats		13,38,960
	Total...	24,07,190

Immigration and Emigration.

44. Some herdsmen from Sind came with their cattle to the Gir. Many labourers went to Bombay, Ahmedabad and Karachi in search of work.

Excise.

45. There were 643 excise shops. The total excise revenue of the Province amounted to Rs. 2,75,924-3-11½ during the year as against Rs. 2,25,065-11-0 last year. Detailed figures are given in Appendix XXI.

CHAPTER V.—Revenue and Finance.

46. Although it is not possible to ascertain the exact figures of income, the total gross revenue of the Province may be estimated at about 2 crores of rupees.

The gross revenues of States of classes I to IV are given in Appendix XXVI (column 7) and that of the States of classes V-VII in Appendix XXXVII. The total receipts and expenditure and the opening and closing balances of States of classes I to IV will be found in Appendix XXII.

47. The balance to be recovered on account of Government loans at the end of the year 1910-11 was Rs. 32,78,488-3-4; Rs. 3,16,160-10-2 were recovered during the year.

Government Loan.

The total loan advanced to States and Talukas during the year amounts to Rs. 7,51,149. Out of this sum Rs. 21,904-14-1 were refunded and the net amount of loan advanced is Rs. 7,29,244-1-11. The recovery of the new loan effected upto 31st March 1912 is Rs. 2,187-10-2.

Local Fund Loan.

48. The amount outstanding on account of the Local Fund Loan at the close of the year was :—

Principal	... Rs.	4,75,814	11 11
Interest	... Rs.	45,547	12 10
	Total...	5,21,362	8 9

Tribute.

49. The unpaid tribute (British, Gaekwar and Junagadh Jortalbi) amounted on the 31st March 1912 to Rs. 5,19,087-2-2 as against Rs. 2,67,797-10-2 at the end of March 1911. Appendix XXXIII gives the details of these outstandings.

Consolidated Local Fund.

50. The receipts and expenditure of the Consolidated Local Fund were respectively Rs. 2,09,177-8-3 and Rs. 2,48,413-3-5. The details are shown in Appendix XXXIV.

Excluded Local Fund.

51. The receipts and expenditure of the States General Contribution and Endowment Fund were respectively Rs. 2,07,126-15-9 and Rs. 2,02,188-9-1.

Thana Funds.

52. The total receipts and expenditure of the several Thana Funds were Rs. 2,87,444-1-7 and Rs. 2,51,557-9-6 respectively. (Appendix XXXI.)

CHAPTER VI.—Vital Statistics.

53. Of the 117 hospitals and dispensaries in the Province at the end of the year under report, 19 (those in Thana Circles, Civil Stations and Managed Estates) were under the supervision of the Agency Surgeon. The following is a summary of the statistics :—

Hospitals and dispensaries.	No. of patients.		Expenditure.
	In-door.	Out-door.	
Under the Agency Surgeon.	1,521	73,899	Rs. 50,257 3 5
Under Native States.	6,941	7,26,317	Rs. 3,25,667 12 1
Total...	8,462	8,00,216	Rs. 3,75,924 15 6

The detailed figures of each institution are furnished in Appendix XXIII.

Rasulkhanji Hospital.

54. In the Rasulkhanji Hospital for women, 163 in-patients and 1,739 out-patients were treated during the year at a cost of Rs 16,649-7-0 as against 177 in-patients and 1,851 out-patients at a cost of Rs. 15,637-8-6 during the previous year.

Vaccination.

55. The States of Junagadh, Jamnagar, Bhavnagar, Porbandar, Dhrangadhra, Morvi and Gondal control their own vaccination operations. The control over the vaccination operations was handed over to the Porbandar State on the 1st April 1911. The management of the Department by the States shows some improvement.

The Assistant Superintendents of Vaccination under the Agency Surgeon inspected about half the villages and their work was satisfactory.

The following is a summary of the vaccination figures :—

Total number of vaccination or re-vaccination.	Successful.	Small-pox amongst				Cost of vaccination.
		Unprotected.		Protected.		
		Cases.	Deaths.	Cases.	Deaths.	
87,470	84,855	4,071	821	4,260	168	Rs. 40,031 6 0

Births and deaths Registration.

56. The births and deaths reported and the ratio per thousand during the past 2 years are given below :—

Year.	Population.	Births.	Ratio per thousand.	Deaths.	Ratio per thousand.
1910-1911 ...	24,97,145	78,874	33·98	53,964	22·34
1911-1912 ...	24,92,669	78,879	30·29	49,532	19·43

Plague.

57. The following are the plague figures for the year :—

Imported.		Indigenous.		Total.	
Cases.	Deaths.	Cases.	Deaths.	Cases.	Deaths.
52	31	3,654	2,573	3,706	2,604

The total plague cases and deaths in the year ending 31st March 1911 were respectively 3,826 and 2,590.

CHAPTER VII.—Education.

Rajkumar College.

58. A separate report on the College has been forwarded to Government.

Imperial Cadet Corps.

59. Last year there were four Kumars in the Imperial Cadet Corps and one Kumar joined during the year. The reports on their work and conduct is satisfactory.

Talukdari Girassia School at Wadhwan.

60. The number of boys on the roll of this School at the end of the year was 66 as against 67 last year.

The distribution was as under:—

1.	Jhalawad	... ...	40
2.	Gohilwad	... ...	6
3.	Halar	... ...	5
4.	Sorath	... ...	7
5.	Ahmedabad	... ..	1
6.	Broach	... ...	1
7.	Palanpur	... ...	1
8.	Cutch	... ..	5
			66

The School was inspected by the Educational Inspector Northern Division in August last and his report was found to be satisfactory on the whole. Mr. Strip still continues to superintend the institution with undiminished energy and success. In recognition of his services, Government were pleased to award him the Kaiser-i-Hind Medal, Second Class, on the occasion of the Imperial Darbar held at Delhi on the 12th December 1911.

Gondal Girassia College.

61. Besides the Talukdari Girassia School, there is a Girassia College at Gondal. The number of boys on the register was 65 as against 62 in the preceding year. The fee receipts and the total expenditure show a decrease from Rs. 14,651 and Rs. 25,629 to Rs. 13,781 and Rs. 20,050 respectively. This institution still continues to do excellent work and His Highness the Thakor Saheb of Gondal is to be congratulated on its success.

Male Training College, Rajkot.

62. The total number of pupils on the roll of this College was 65 at the end of the year; of these 15 were in the third, 24 in the second year's and 26 in the first year's course. Out of 72 students and 8 masters who appeared at the Annual Examination

71 passed. The number of candidates that appeared for the entrance examination was 60, out of whom 33 passed. Of the passed candidates, 25 were admitted to the first year's course and 16 obtained first grade certificates in the School of Art Examination.

The Practising School attached to the College has an attendance of 104 and is in an efficient condition.

Barton Female Training College.

63. There were 28 pupils on the roll of the Female Training College at the end of the year. Of these 7 were in the third, 9 in the second and 12 in the first year's course. At the Annual Examination, 22 students appeared, all of whom passed. Out of 19 candidates who appeared at the entrance examination, 9 passed. Five students obtained first grade certificates in the examination of the School of Art, Bombay. The practising girls' school attached to the College had 129 pupils on its roll and is in an efficient condition.

General Education, number of Schools, &c.

64. There were 1,482 educational institutions with 1,04,433 pupils against 1,455 institutions with 95,140 pupils in the preceding year. Of the 1,482 institutions 1,145 or 14 more than last year, were public institutions and were attended by 88,820 pupils against 80,015 last year. The number of private institutions rose from 324 to 337 and the attendance increased from 15,125 to 15,613. The number of male pupils in all the institutions rose from 76,939 to 83,108 and the number of female pupils from 18,201 to 21,325.

Of the 1,145 public institutions 287 were under the direct control of the Agency, 26 were private, 804 were under the management of the first and second class States, 24 were aided and 4 were unaided. The number of students learning English in public schools rose from 9,300 to 9,728, the number learning a classical language from 4,024 to 7,267 and the number learning a vernacular language from 79,475 to 88,143.

65. The distribution of the schools and the numbers attending them are given in Appendix XXV of which the following is an abstract :—

No. of schools.		Description of schools.	No. of pupils on 31st March.		Daily average attendance.		Remarks.
1910–11.	1911–12.		1910–11.	1911–12.	1910–11.	1911–12.	
		University Education.					
2	2	Arts Colleges ...	221	287	198	226	
		School Education General.					
15	16	High schools ...	4,428	4,912	3,607	3,960	

No. of schools.		Description of schools.	No. of pupils on 31st March		Daily average attendance.		Remarks.
1910-11.	1911-12.		1910-11.	1911-12.	1910-11	1911-12.	
		School Education General–*contd.*					
51	50	Middle schools for boys.	4,578	4,467	3,824	3,727	
2	2	Do. for girls ...	73	62	40	37	
952	965	Primary schools for boys.	60,021	66,680	45,557	50,525	
105	106	Do. for girls ...	10,560	12,264	6,763	7,778	
		School Education, Special.					
1	1	Male Training College.	69	65	62	64	
1	1	Female Training College.	22	28	23	23	
2	2	Other schools ...	43	55	39	45	
324	337	Private institutions.	15,125	15,613	.....	.....	
1,455	1,482		95,140	1,04,433	60,113	66,385	

Cost of Education.

66. The total expenditure on Education in Kathiawar increased from Rs. 9,33,322 to Rs. 10,43,720. The increase is due to increased expenditure on Arts Colleges, Secondary and Primary Schools, Inspection and buildings and under the head "Miscellaneous".

The distribution of the expenditure was as follows :—

(1)	Arts Colleges ...	... Rs.	69,267
(2)	High Schools ...	... ,,	2,45,579
(3)	Secondary Schools	... ,,	1,11,876
(4)	Primary Schools	... ,,	5,61,179
(5)	Inspection charges	... ,,	55,819
		Total Rs. ...	10,43,720

CHAPTER VIII.—Miscellaneous.

Press and Newspapers.

67. A return of Presses worked and of Newspapers and other periodical publications published in Kathiawar during the year 1911-12 will be found in Appendix XXXII.

Two Newspapers are published in Rajkot, one bi-weekly and one weekly.

Libraries.

68. There are four Agency Libraries, namely the Lang Library at Rajkot and the Civil Station Libraries at Wadhwan, Songadh and Jetalsar. There are also smaller libraries maintained by the Thana Funds in some of the Thana Circles, and the Watson Museum continues to be supported. Considerable interest is manifested in the Lang Library by the Rajkot Public and it is a well managed institution with a fair collection of books.

Horse-breeding.

69. The number of paddocks is the same as last year. Horse-breeding except for purely local purposes has not been found remunerative by any State, but the efforts made by such Darbars as those of Junagadh, Bhavnagar, Palitana, Wankaner, Rajkot and Manavadar have helped to foster the Kathiawar breed of horses. The stud at Palitana has been strengthened during the year by the addition of the Ahmednagar Paddock bred chestnut "Krishna" which has been lent to the Agency by Government and which is for the present to stand at Palitana.

70. The following reports are appended :—

(1)	Annual report of the	Judicial Assistant.
(2)	Do.	Political Agent, Jhalawad.
(3)	Do.	do. Sorath.
(4)	Do.	do. Halar.
(5)	Do.	do. Gohilwad.
(6)	Do.	Superintendent, Managed Estates.
(7)	Do.	Superintendent, Agency Police.
(8)	Do.	Agency Surgeon.
(9)	Do.	Agency Engineer.
(10)	Do.	Principal, Rajkumar College.
(11)	Do.	Agency Educational Officer.
(12)	Do.	Zenana Medical Officer.
(13)	Do.	Superintendent, Barton Female Training College.

General Remarks.

71. The following Chiefs from Kathiawar accepted the invitation to attend Their IMPERIAL MAJESTIES' Coronation Darbar at Delhi on December 12th, 1911.

(1) His Highness the Jam Saheb of Jamnagar.
(2) His Highness the Maharaja of Bhavnagar.
(3) His Highness the Raj Saheb of Dhrangadhra.
(4) His Highness the Thakor Saheb of Gondal.
(5) The Raj Saheb of Vankaner.
(6) The Thakor Saheb of Limbdi.
(7) The Thakor Saheb of Rajkot.
(8) The Thakor of Lakhtar.

The Thakor Saheb of Rajkot and the Chief of Manavadar rode with the Cadet Corps

Enthusiastic celebrations marked the auspicious day in the Civil Stations and throughout the States and Talukas of the Province. A detailed report regarding these has been submitted.

72. The new system of Railway Management on the Kathiawar Railways, by which States control their own portion of Railway, subject to a general agreement on certain points, came into operation on the 10th August 1911. It is too early for me to offer any remarks on the subject.

A Bhavnagar Railway branch line from Dhasa to Kundla, 35·41 miles, was opened during the year. A portion, Junagadh to Bilkha 14 miles, of the Junagadh-Visawadar-Una Railway project was completed and opened in May 1912 and the Bilkha-Visawadar section commenced. The earthwork of a branch line from Botad, Bhavnagar Railway, to Jasdan was completed. The extension of the Ahmedabad-Dholka line to Dhandhuka and to join the Bhavnagar Railway is again being talked of; it may seriously affect certain Kathiawar lines.

73. Credit is due to all concerned for their efforts to settle disputes amicably. A list is attached showing the success which has attended them.

74. The famine conditions that prevailed over the greater part of the Province have been discussed in an earlier paragraph. It is only since July that the strain on the Government officials has been relaxed. The excellent work done by the Rajkot Civil Station Committees under the Vice-Presidentship of Mr. S. N. Pandit and in Wadhwan Civil Station under Mr. Keshavlal Joshi for supplying grass and saving cattle deserves mention.

Thandars and other subordinates immediately concerned with the distribution of fodder, loans and relief have passed through a very trying season, in most cases creditably. The Prant Officers and their Deputy Assistants and the Officers of the Managed Estates' Establishment worked exceedingly hard and all were encouraged by their personal exertions. The assistance given by the Administrator Junagadh in providing grass from the Gir should not be overlooked. The additional work that fell to the lot of all clerical establishments including my own has been done satisfactorily.

I have the honour to be,

Sir,

Your most obedient servant,

J. SLADEN,

Agent to the Governor,

Kathiawar.

STATEMENT A.

Statement showing the number of Political or *quasi* Political disputes settled amicably by the Political Agents in charge of Prants during the year 1911–12.

Prant.	No. of disputes.
Jhalawad	17.
Sorath	43.
Halar	5.
Gohilwad	18.
Total...	83.

APPENDIX I.

No. 128 of 1912-13.

From,

G. D. FRENCH, Esquire, I. C. S.,

Judicial Assistant to the

Agent to the Governor, Kathiawar.

To,

The AGENT TO THE GOVERNOR,

Kathiawar.

Camp Jetpur, 16th May, 1913.

SIR,

I have the honour to submit the Annual Administration Report of the Judicial Assistant for the year 1911-1912.

Personnel. 2. With the exception of a portion of April, 1911, during which Major F. deB. Hancock acted, I have held charge of the office during the year under report.

Criminal. 3 Statistics of the appellate and revisional work of the Judicial Assistant, as Judge in the Criminal Court of the Agent to the Governor, are given in Appendices IX and IX A. In the Chief Court of Criminal Justice, which is the Sessions Court for the Kathiawar Agency, the figures are as follows:-

	Cases.	Persons tried.	Percentage of convictions.
Average of preceding 3 years.	26	47	71
Year under report. ...	18	30	63

The Sessions work of the year has therefore been light, and has not been increased by the unfavourable conditions of the year. This Court consists of the Judicial Assistant, and two or three of the principal officers of the States. The intimate knowledge possessed by the non-official members of local conditions and character, their sound common sense and the interest taken by them in the proceedings, have impressed the Judicial Assistant with the value of the system and there is every reason to believe that the Court commands the confidence of the Province.

Nine appeals were made to Government against the decisions of the Court: in one of these the decision was modified and in the other reversed.

The criminal work of the Courts generally, as shown by appeals and inspection, is fair, but there is a lack of criticism and a tendency to convict on insufficient evidence. The provisions of Chapter III of the High Court Criminal Circulars which are in force in Kathiawar, particularly with reference to enquiry regarding the time of detention of the accused in custody and entry of the result in the proceedings, are as a rule not observed by the Thanadars and their attention has been called to the matter during inspection. The practice of writing judgments, as well as proceedings

and evidence both criminal and civil, in Gujarati, which still obtains in several Thanas, causes difficulties in appeal and inspection, but cannot be entirely avoided unless all Thanadars are provided with English-knowing clerks, as is not always the case at present.

Civil suits.

4. The number of civil suits filed in all the Agency Courts during the year was about one-half of the average for the last three years (973 : 1860). The number of suits decided about equals the number filed and so the arrears, which are small, remain the same. The cause of the remarkable decrease in suits filed is of course the failure of the monsoon and is a striking instance of the connection between agricultural prosperity and litigation in Kathiawar, where about 94½ per cent. of the suits filed on the average are for money transactions. Only about 2½ per cent. of the civil suits relate to land, most land cases being tried either politically or under the Giras Rules. The average value per suit has slightly declined in the last few years. The appeals filed in the Court of the Agent to the Governor were far fewer than the average and not much above half the number of the preceding year, while the number disposed of by the Judicial Assistant was more than double of last year's figure, and the arrears have consequently been materially reduced and are now normal. The average duration was necessarily prolonged by the number of outstanding cases at the beginning of the year.

An important land dispute of long standing was brought to a conclusion by the mediation of the Judicial Assistant, in Civil Appeal No. 53 of 1908-09 which was compromised on December 15. This appeal had been on the file only for about 4 years, but the suit was filed in 1867, and the issues were much involved. It was found in personal discussion that the actual point of difference in the way of settlement was merely a matter of some Rs. 60, and the case is a good instance of the litigiousness of the Province. Another case dating from 1878 seems to be in fair way of settlement.

The results of inspection and appellate work suggest that the subordinate Courts do not always take full advantage of the provisions of the law which are intended or may be used for the advantage of impoverished and ignorant parties to contracts, such as section 16 of the Indian Contract Act, 1872, (undue influence) and section 111 of the Indian Evidence Act, 1872, (burden of proof): sections 73 and 74 of the Contract Act (damages) : the Interest Act, 1839: Order XIV of the Code of Civil Procedure, 1908, (framing of issues). In Kathiawar, where the poorer litigants are often unrepresented and many of the mukhtyars and pleaders have not sufficient knowledge to make the best of their clients' claims, I venture to suggest that the Court should take a more active part in the trial than is necessary in a more advanced community, but it is doubtful whether all the judges quite realize this or have the requisite legal attainments for the purpose.

Execution proceedings.

5. The applications for execution filed during the year were slightly over 1/3 of the average, while the disposals were nearly ¾ of the average, and hence the number of cases pending at the end of the year is only ¼ of the closing balance for last year. This result is abnormal, and is accounted for, I think, by the fact that a great number of proceedings were simply struck off the file in view of the Agency orders to stop execution proceedings in certain areas.

In the course of Thana inspection it was noticeable that the percentage of applications in which the decree-holder realized anything through the Court even in years not affected by famine, was very small. This is partly, but not wholly, accounted for by the practice of withdrawing the application in consideration of partial satisfaction out of Court, for in the majority of cases the application appears to be used merely as a form of pressure and is not intended to be carried through. It is also partly accounted for by the absence of

security for many of the loans advanced. But there are also cases in which the procedure with regard to preferred debts operates somewhat harshly on the creditor. In Kathiawar the creditor of a Talukdar or Girasia has four particular difficulties to contend with. Besides the Encumbered Estates Rules under which he has to prove that value was actually received (sometimes a difficult matter in the case of an old debt), and under which a decree may be opened up ; and the "life-interest principle", according to which, if the original debtor dies, the claim is subjected to political enquiry, and the creditor has to prove that the loan was in the interest of the estate ; the estate may (thirdly) be placed under Agency management, or (fourthly) the debtor may receive a loan from Government to which precedence is given over all other debts. In the first two cases the creditors' claim, although liable to substantial reduction or rejection, is at least adjudicated under a definite legal procedure : but in the last two cases, to which I now advert, the procedure does not appear sanctioned by any rules having the force of law, although it is regulated by executive orders, the enforcement of which rests with the same authorities as are responsible for the execution of decrees and which are therefore in practice unassailable. In the case of management the rights of a creditor appear to be dependent upon the orders issued from time to time by the managing officers, subject to the general control of the higher executive authorities, and execution of decrees may be indefinitely postponed till the guaranteed debts are paid off. In the case where there is no management, but simply a guaranteed Government loan, the creditor appears to be dependent upon the honesty of the debtor, for the debtor prepares a budget, and although the budget is subject to the scrutiny of the responsible officer, it is unlikely to be examined with particular reference to the claims of the creditor. Execution therefore, which is nowhere an easy matter, is beset with particular difficulties in Kathiawar, and it seems doubtful whether the interests of ordinary creditors are sufficiently provided for in the case of managed estates and estates which have received Government loans.

Encumbered estates.

6. Three appeals under the Encumbered Estates Rules were disposed of, the most important of which was a case involving a large sum of money claimed from the estate of the late Vala Naja Kala, Talukdar of Jetpur.

Giras.

7. Fourteen cases were disposed of under the rules for the settlement of Giras cases arising in Talukas below the IVth class, and arrears were reduced from 17 to 15. The arrears are not large considering the difficulty in securing the attendance of parties in a year of scarcity. No appeal lies to Government in these cases, a fact which has lately been noted in a Government Resolution, but the decisions of the Court are subject to the general control of Government under rule 17. Owing to the conditions of the country in the past and the habits of the people, the evidence obtainable in these cases is of a peculiar type, and the decision of the Court must frequently be given on the basis of probabilities determined by a number of particulars which do not admit of formal statement. The Judicial Assistant has the able assistance of experienced assessors in the trial of these cases and the decision requires the countersignature of the Agent to the Governor, who is competent to rehear or modify the award in any manner he desires. These cases, while readily lending themselves to the multiplication of arguments on appeal, cannot, from their nature, be fairly represented on paper. Applications are made to Government by the losing party in most cases of importance, but the Judicial Assistant ventures to hope that the consistent recognition of the principle that an application must show grounds, patent on the record, for the exercise of extraordinary jurisdiction before it can be admitted, will in time discourage the prosecution of hopeless cases and save much expense to unsuccessful parties. During the year under report Government passed decision on 7 applications for the exercise of their extraordinary jurisdiction, and, in all these cases the finding of the Giras Court was upheld.

8. The Judicial Assistant heard and reported upon 14 Political appeals under rule 7 of the rules published in Government Notification No. 5570, dated 18th August, 1903. This is the class of cases in which proceedings have the greatest tendency to become involved, and it appears questionable whether a somewhat stricter adherence to law and procedure would not in the end benefit the parties and save them expense.

Political.

General.

9. The following 4 Thanas were inspected :—

Lodhika, Dhrafa, Wadhwan and Bhoika.

During the year Lathi State ceased to be under an administration and an administration was appointed for Chuda. There has therefore been no change in the number of Courts in the jurisdiction.

The principles of the Interest Act, 1839, the Indian Evidence Act, 1872, and the Indian Contract Act, 1872, are observed in the Courts but they do not appear to have been formally introduced and a separate report has been made recommending that measure.

I have the honour to be,

Sir,

Your most obedient servant,

G. D. FRENCH,

Judicial Assistant, Kathiawar.

G. D. FRENCH,

Judicial Assistant, Kathiawar.

No 1555 of 1912-13.

From

Major W. M. P. Wood,
Political Agent, Jhalawad Prant.

To

The Agent to the Governor,
Kathiawar.

Jhalawad Prant Office,
Camp Wadhwan C. S., 29th May 1912.

Sir,

I have the honour to submit the annual report of the Jhalawad Prant for the year ending 31st March 1912.

2. The States of Classes I and II submit their Annual Administration Reports direct to you, while the reports of Classes III and IV are being submitted by me separately with my remarks thereon. This report in the main deals with Talukas below class IV and the Thana Circles, but in matters of general interest and in some of the appendices it embraces the whole Prant.

CHAPTER I.—General and Political.

3. Area ... ... 6,674 square miles.
Population ... ... 3,39,900.
Gross Revenue ... ... Rs. 48,97,194 (in ordinary years).

The Prant now comprises 18 jurisdictional States and Talukas as against 19 during the past year, the jurisdiction of Sanosra, a 6th Class Taluka having been placed under the Chotila Thana under G. R., P. D., No. 5579, dated 11-8-11.

1 First Class.
2 Second Class.
3 Third Class.
3 Fourth Class.
3 Fifth Class.
6 Sixth Class.

4. The annual tribute payable by the various States and Talukas is Rs. 2,38,539-4-7 divided as follows :—

British ... ... Rs. 2,21,700-4-7.
Baroda ... ... „ 382-0-0.
Junagadh Jortalbi ... „ 16,457-0-0.

There are six Thanas of which 5 are regular ones (Jhinjhuvada being the exception) in which jurisdiction is exercised by the Thandars over the petty jurisdictional Talukas

of class VI, as well as over non-jurisdictional ones. They are as follows :--

Name of Thanas.	Area in sq. miles.	Population.
Wadhwan D. Thana...	222·170	17,916.
Dasada	119·76	11,525.
Bhoika	178·388	18,539.
Paliad	227·3	16,115.
Chotila	367·9	17,724.

5. The principal events of the year under report were:—

Installation of the Thakore Saheb of Wadhwan on the Gadi of the Wadhwan State on the 20th March 1912.

Taking over of the Chuda Taluka under Management.

Handing over of the Rai-Sankli Taluka to Azam Gopaldas, his succession to the Taluka after the death of the late Talukdar Ambavidas Jivabhai without any issue, having been sanctioned by Government.

Conferring of the insignia of C. S. I. on the Thakore of Lakhtar in the Imperial Darbar held at Delhi on 12-12-11.

Visits of the Raj Saheb of Dhrangadhra, Thakore Saheb of Limbdi and the Chief of Lakhtar to Delhi on the occasion of His Majesty's Coronation in India on 12th December 1911.

Conferring of the 2nd Class Kaiser-i-Hind Medal upon Mr. S. A Strip, Superintendent T. G. School, Wadhwan Civil Station, on the occasion of the Imperial Darbar of the 12th December and in recognition of his long and valuable services.

Putting the Sanosra Taluka under Japti, till the Taluka is partitioned between the brothers subject to Mohotap to the elder as a result of disagreement between the brothers.

Personnel.

6. During the period under report Major Coghill held charge of the Prant from 1st April to 4th May 1911 and since then I have been in charge. The post of the Deputy Assistant Political Agent, was held by Messrs Panachand J. Mehta, B. A. and Chimanlal Girdharlal Mehta, by the former from the beginning of the year till 19th March 1912, when his services were lent to the Wadhwan State as Chief Karbhari, and by the latter from 20th March 1912 till the end of the year, *i. e.*, 31st March 1912.

1. Malek Hussein Mahomedkhanji of Vanod.
2. Malek Jainkhanji of Dasada.
3. Khachar Surag Sadul of Chotila.
4. Khachar Jiva } both of Mesur.
5. Khachar Desa } Anandpur. Bhoj.
6. Jhala Chandrasangji of Bhoika.

During the year under report I held a regular inspection of all the Thanas and of the judicial records of the marginally noted jurisdictional Talukas under the Thanas in addition to my constant touring in the Districts for famine purposes.

CHAPTER II.—Administration of the land.

7. The Bhagbatai system of payment prevails generally in this Prant, although the methods of collection vary. The monsoon having entirely failed the question of bringing waste lands under cultivation was out of consideration. No irrigation scheme

is possible in this Prant owing to the absence of large perennial rivers or tanks, but the Chief of Lakhtar is contemplating about some irrigation projects in his Than Mahal of the Taluka.

CHAPTER III.—Protection.

8. The States of classes I to IV furnish information on this point in their own reports.

Legislation.

The Talukas of the 5th and 6th class have no laws of their own, but they generally follow the spirit of the Acts and Regulations in force in the Agency.

Military.

9. Dhrangadhra is the only State which maintains a Military force strictly so called. Appendix III shows it in details.

Police.

10. As a separate report on the working of the Agency Police is submitted by the Superintendent of Police, Kathiawar Agency, this report is confined as usual to the working of the Police maintained by the Native States and Talukas of the Prant.

11. This force numbered 1,010 as compared to 917 and the cost amounted to 1,33,929-14-8 as against 1,11,223-11-10 during the preceding year. Their ratio to population and area was 29 per hundred and 15 per square mile respectively.

Number and Cost.

12. The working of the police was rather less satisfactory than the last year, the percentage of convictions to persons arrested and to those sent for trial being 58·6 and 62·1 as compared to 59·75 and 68·42 respectively.

Efficiency.

13. Appendices V, VI, and VII show further particulars of their work during the year under review as compared with that of the preceding year. The percentage of recovery of stolen property was 45·3 as aginst 62·27.

Work done.

14. The control over this force is exercised by the Superintendent of Police, Kathiawar.

Village Police.

Criminal Justice.

15. There was no change during the year in either the number or constitution of the Criminal Courts of the Agency in this Prant. They are as follows :—

1. The Court of the District Magistrate and the Political Agent, Jhalawad.
2. The Court of the Deputy Assistant Political Agent, Jhalawad, exercising the powers of a 1st Class Magistrate.
3. The Court of the Wadhwan District Thandar exercising the powers of a 2nd Class Magistrate.
4. Do. of Dasada.
5. Do. of Paliad.
6. Do. of Bhoika.
7. Do. of Chotila.

Besides the above Agency Courts, there are 40 Criminal Courts in the States and Talukas of this Prant.

16. Appendix VIII shows the work done by all the above Courts during the year, 1,894 offences concerning 2,390 persons were reported to the criminal courts of this Prant as against 1,809 offences and 2,225 offenders in the preceding year. Of the 2,390 accused persons 1,064 were discharged, 452 were acquitted, 763 were convicted, 50 were committed, 6 transferred and 105 remanded at the end.

Work done by Criminal Courts.

17. In all 60 appeals were filed before the several appellate Courts of the Prant of which 6 were rejected, 17 confirmed, 19 modified, 15 reversed, 1 quashed and 2 were pending at the close of the year (*vide* Appendix IX).

Civil Justice.

18. The seven Agency Courts remained the same as last year as regards the number and constitution.

Constitution and number of Courts.

They are as under :—

1. The Political Agent, Jhalawad's Court hears suits of unlimited value.
2. The Court of the Deputy Assistant Political Agent, Jhalawad's hears suits upto the value of Rs. 5,000.
3. The Courts of the Thandars, Wadhwan District, Paliad, Bhoika, Dasada and Chotila hear civil suits upto the value of Rs. 500.

19. Appendix X furnish particulars regarding the institution and disposal of suits. The number of suits instituted and disposed of during the year under report were, 2,123 and 1,906 as compared with 3,143 and 2,769 respectively in the preceding year. The value of the suits filed was Rs. 2,55,304-0-8 as compared to 2,86,435-11-8. The year under report started with an opening balance of 374 which being added to 1,749 suits filed during the year, totalled 2,123 of which 1,906 were disposed of, leaving in hand 217 at the close of the year.

Number of suits instituted and disposed of.

20. 2 suits were disposed of by the Court of the Political Agent, Jhalawad. The average duration of suits disposed of for the whole Prant was 6 months 2 days as against 6 months 5 days the last year.

Average duration of suits.

21. Appendix XI furnishes particulars about the execution work of the Prant in the year under report. There was a decrease in the number of applications which amounted to 1,764 in the year under review as compared to 162 in the preceding year ; the value being 2,73,027-14-0 and 6,81,061-8-$\frac{1}{2}$ respectively. In the preceding year 1,178 applications remained undisposed of, which added to 1,659 filed during the year made a total of 2,837, of these 2,237 were disposed of leaving a balance of 600 of the value of 2,27,956-13-0.

Execution of decrees.

22. Appendix XII furnishes particulars. The Court of the Political Agent, Jhalawad exercises no civil appellate powers. The number of appeals filed and disposed of by the Native States' Courts during the year under report were 122 and 87 respectively leaving a balance of 235. The value of appeals filed was 26,031-3-8 as against 32,556-4-7.

Appeals.

Extradition.

23. 2 accused were extradited from British India to the States ; 1 from Baroda and 60 *inter se*. The numbers of accused persons extradited to the British District and Baroda were respectively 11 and nil

There was no delay in extradition proceedings except in one case in which Dhrangadhra has delayed the surrender of certain accused persons to Sayla.

Prison.

24. There are 6 Agency and 33 State prisons and lockups in the area under report. The number of prisoners remaining from last years was 83; 722 were admitted during the year making a total of 805 out of which 709 were discharged. The daily average of the whole Prant was 97·049 and the cost Rs. 13,737–9–7 as against 106·592 and Rs. 12,087-7-8 respectively in the preceding year. The Inspector General of Prisons visited the Wadhwan Civil Station Jail in February last.

Registration.

25. Appendices XIV and XV give information under this head. During the year under report 2,195 documents of the value of Rs. 10,06,794 were registered as compared with 1,340 documents valued at Rs. 7,25,562-2-1 the year before. The fees realised amounted to Rs. 13,803–2-2 as against Rs. 10,286-1-10 last year.

Municipality

26. The receipts and expenditure of the Wadhwan Civil Station Fund are given in Appendix XVI. There was an increase of Rs. 12,784-6-8 in the receipts which amounted to Rs. 63,470-1-1 as against Rs. 50,685-10-5 the year before. The increase was mainly due to the increased receipt under the head 'octroi' consequent upon the importation of food stuffs on a large scale owing to famine. It may be here observed that the Civil Station is an emporium for cotton and grain, the expenditure during the year under review also exceeded that for the preceding year, but the excess only amounted to a thousand.

It may be noted that the last year's figures of receipt and expenditure look inflated owing to the inclusion of Rs. 25,000 invested capital in Government Promissory Notes. This being deducted the actual figures of receipts and expenditure for 1910-11 would be Rs. 50,685-10-8 and 47,400-11-7 respectively.

27. There is no regular Municipality in any of the petty Talukas.

CHAPTER IV.—Production and Distribution.

Weather and Crops.

28. The total rainfall registered at the various stations in the Prant varied from a maximum of 10·97 at Bhoika to a minimum of 2·25 at Vithalgadh. The average rainfall of the past five years ranges between 28·27 at Limbdi and 16·55 at Patdi. The rainfall on the whole was an absolute failure as where it was of any proportion the intervals between falls were so great as to render it useless.

The year has been a famine year throughout the Prant and crops and grass absolutely failed. The general question of the famine and the steps taken to deal with it will be made the subject of a separate report after the famine is over.

Wages and labour.

29. The prices of food have risen. The demand for labour was ample in trade centres, while in villages Ubhads maintained themselves on sale of fuel and grass.

30. There are no forests in the Prant.

Trade and Manufacture.

31. There is little trade in the Prant and except for the cotton mill at Wadhwan Civil Station manufacture is insignificant. The earnings of the Cotton Market were Rs. 3,358-2-0 for 25,798 bales of cotton weighing 12,899 Khandis as against Rs. 2,836-12-0 for 22,619 bales of cotton weighing

11,373 Khandis. No improvement in the direction can be expected as yet, as so many of the neighbouring States and Talukas have ginning factories and presses of their own.

Public Works.

32. Appendix XIX gives details of expenditure on the works executed by the States and Talukas in this Prant. The total under this head comes to Rs. 2,36,915 as against 3,00,090 in the preceding year. The figures of expenditure on works executed in the Wadhwan Civil Station and the various Thanas are supplied by the Agency Engineer, hence they are not incorporated in this report.

Post Offices.

33. Wadhwan Civil Station is the Head-quarter Station of the Superintendent of Post Offices, Bhavnagar Division and there is a Head Post Office here.

There are no regular Post Offices in any of the Thanas where the Post Masters' duties are discharged by the School Master.

Mints.

34. There are no Mints in any of the States of this Prant.

General condition of States and people.

35. All the States and Talukas in this Prant with the exception of Limbdi, Lakhtar, Patri, Bajana, Jainkhanji of Dasada, Vithalgadh and Rajpur are still in debt. The public health was on the whole good. The condition of the agricultural stock of the Prant was not satisfactory, and there has been a decrease of nearly 91 thousand in the number all round. The decrease is however mainly confined to sheep and goats and partially to cows, (*vide* Appendix XX). There has been an increase in the number of liquor and opium shops which are 19 and 44 as compared to 18 and 42 in the preceding year. The revenue derived from the sale of liquor and opium also increased with the increase in the number of shops. There has been no increase in the number of Ganja shops this year which has been the same, *i. e.*, 16 as in the preceding year. There is no Tadi shop in the Prant.

CHAPTER V.—Revenue and Finance.

36. The revenues of the States showed an increase owing to a bumper harvest and high prices of cotton. The budget system is still in force in the petty Talukas which are indebted to Government.

CHAPTER VI.—Vital Statistics.

Medical Institutions.

37. There are 17 Medical Institutions in the Prant of which 4 are Agency and 13 State ones. Dhrangadhra alone possesses 4 dispensaries. The total number of patients treated was 82,408, of whom 81,766 were out-door and 642 in-door. The total cost of these institutions was Rs. 42,602-6-9 as against Rs. 36,196-0-7.

Vaccination.

38. The First Class State of Dhrangadhra controls its own vaccination operations. The control in other States and Talukas is exercised by the Agency Surgeon who reports on this matter separately.

39. Appendix XXIV shows the births and deaths of the year under report and of the preceding year. There was an increase in the births and a decrease in the deaths which were 12,136 and 6,046 respectively during the year under report as compared with 10,244 and 6,800 in the preceding year; the birth rate being 35·7 and death rate 17·8 per thousand of population.

CHAPTER VII.—Education.

40. The Agency Educational Officer submits a separate report regarding education in States and Talukas below Class II and in the Thana Circles. But as the details of

school expenditure, &c., have been furnished by the Assistant Educational Officer they are given herein below.

There were 111 schools as against 110 in the year before in the whole Prant (excepting 1st and 2nd Class States) at the end of the year as shown below :—

Middle schools for boys	...	...	5
Primary Do.	...	...	93
Do. for girls	...	...	13

The total expenditure was Rs. 47,237 and was distributed as under :—

Middle Schools	...	...	7,134
Primary Do.	...	...	32,346
Girls Do.	...	...	4,863
Inspection charges	...	...	2,894

The average daily attendance was 4402 as against 3950 the year before.

Talukdari Girassia School.

41. The number of boys on the roll at the end of the year was 66 as against 67 last year.

The distribution was as under :—

40	From Jhalawad.
6	„ Gohilwad.
5	„ Halar.
7	„ Sorath.
1	„ Ahmedabad.
1	„ Broach.
1	„ Palanpur.
5	„ Cutch.
66	

The school was inspected by the Educational Inspector, N. D., in August last, and the inspection was found on the whole to be satisfactory.

42. Mr. Strip still occupies the post of the Superintendent of the School. As regards Mr. Strip's work I have already recorded my remarks in the last year's administration roport. This year I am happy to say that Government were pleased to award him a second class Kaiser-i-Hind Medal, in recognition of his services and the usefulness of his public career on the occasion of the Imperial Darbar at Delhi held on the 12th December 1911. The medal was presented to him in person by Mr. (now the Honourable) Hill late Agent to the Governor in Kathiawar, at Wadhwan Civil Station on the occasion of his, departure from Kathiawar, when he spoke in eulogising terms of the work and conduct of Mr. Strip.

The finances of the school still demands careful attention and stand in need of encouragement at the hands of the Ruling Chiefs of the Province with a view to give effect to the scheme of reorganization of the teaching staff of the School which is under contemplation and to extend the scope of its usefulness to the poor class of Girassias.

CHAPTER VIII.—MISCELLANEOUS.

Printing Presses.

43. The number of presses worked in the Wadhwan Civil Station and in other States is shown in Appendix 32.

Libraries

44. The same numbers of libraries is maintained in the Wadhwan Civil Station and other Thanas as reported last year.

45. Except for a few panthers and wolves there are no dangerous wild animals in the Prant. The wolves have apparently increased largely and have done some damage to cattle.

46. There were 5 estates under the Political Supervision and Management of the Political Agent at the end of the year:—

Chuda, 3rd Class—Temporary unfitness of the Chief.

Muli, 4th Class—Minority.

Gundiala—Minority and Sarkari Kamdar.

Mana Hathia—Indebtedness. Under the supervision of the Thandar, Chotila.

Malek Rasulkhanji's estate in Dasada. In execution proceedings of partition between the brothers.

Establishment.

47. Mr. Panachand has been my Deputy practically throughout the year and I cannot speak too highly of the zeal and energy he has displayed in his work in connection with famine. He rendered himself invaluable to me throughout the year.

The Office has worked hard and well. They have all, as has everyone, had to turn too and work late and early to cope with the extra work and I have much pleasure in stating that they have done so willingly and without complaint. All have worked well and my thanks are due to Mr. Khodabhai, the Shirestedar for the manner in which he has carried out his duties and kept others upto the mark.

The Thandars of the Prant have had an exceptionally hard time, and when they realised the need and use of touring have without exception done their work to my satisfaction. Where all have worked so well it is perhaps invidious to mention any names. But I think I am justified in saying that for steady plodding work Mr. Parbhashanker the Thandar of Chotila deserves the greatest credit. He has had the worst district to deal with and by his efforts has saved the situation. The other Thandars in their own way have worked very hard and with good results.

Mr. Motirm Mulji, the Civil Station Vahivatdar has been of the greatest assistance to me throughout the year.

I have the honour to be,

Sir,

Your most obedient servant,

W. M. P. WOOD, Major,

Political Agent, Jhalawad Prant.

No 1838 of 1912.

From

Major J. R. Carter,

Political Agent, Sorath.

To

The Agent to the Governor,

Kathiawar.

Sorath Prant Office,

Camp Veraval, 6th June, 1912.

Sir,

I have the honour to submit the Annual Administration Report of the Sorath Prant for the year ending 31st March 1912.

2. The report deals only with the Talukas below Class IV, and of these there are 8 of the V Class, 9 of the VI Class, and 3 of the VII Class, the rest being small non-jurisdictional Talukdars under the Lakhapadar Thana.

3. The States of Class I submit their reports direct. There is no State of Class II in this Prant. The reports of Classes III and IV have been submitted by me separately with my remarks thereon. This report deals more especially with Talukas below Class IV but in matters of general interest and in some of the Appendices with the whole Prant.

CHAPTER I.—General and Political.

4. Statistics.

Area	... ...	... 5,058·27 square miles.
Population	...	... 7,33,340 according to the Census of 1911.
Gross Revenue	...	... Rs. 55,64,882.

Introductory Remarks.

5. The Prant comprises 28 States and Talukas as under:—

First Class	...	... 3.
Third Class	...	... 3.
Fourth Class	...	... 2.
Fifth Class	...	... 8.
Sixth Class	...	... 9.
Seventh Class.	...	... 3.

6. The Fourth Class Estate of Azam Vala Kanthad Naja of Bilkha was the only Taluka under the Political Supervision and Management of the Political Agent, during the year under report.

7. The Fifth Class Estate of the late Azam Vala Ala Bhima of Bilkha is under my supervision as a temporary measure. Mr. Narsinhprasad H. Majmudar worked as a Kamdar during the year under report. The question of succession to the Estate remained undecided during the year under report.

8. There is only one Thana (Lakhapadar) in this Prant. Dedan is styled as a Thana but it is not a regular Agency Thana.

Thana Circles.

9. In Bantwa, Vasavad and Bagasra, the Majmu Nyayadhish exercises fifth Class jurisdiction under the supervision of the Agency. An appeal lies from their decision in Civil and Criminal matters to the Court of the Judicial Assistant, Kathiawar.

Jetpur Taluka Court.

10. The Jetpur Taluka Court exercises jurisdiction over the towns of Jetpur, Bilkha, Mendarda, Chital and other majmu villages under the Jetpur Taluka. The Taluka Court exercises Fifth Class jurisdiction. Three Chiefs, selected by all the shareholders of Jetpur, hold office for life as Members of the Court.

Lakhapadar Thana.

11. Lakhapadar Thana. (Area 137·2 square miles. Population 14,589). Estimated revenue Rs. 28,409. It includes 18 Talukas (all non-jurisdictional) assessed separately for tribute and subdivided to such an extent that most of the shares are of trifling value and, as a rule, burdened with debt Many of them are under Management.

Dedan Thana.

12. The Dedan Thana. (Area 99·5 square miles. Population 4,937). It consists of Dedan itself and the non-jurisdictional half of the Dedan Taluka. One-half of the whole Taluka is under Management and for economy and convenience, the posts of the Manager (under the supervision of the Superintendent, Managed Estates), and the Thandar (under the supervision of the Prant), are filled by the same person. The estimated average revenue of the Taluka is Rs. 45,168.

Personnel.

13. I was in charge of this Prant during the year under report and Mr. Ramprasad M. Mehta from 1-4-1911 to 10-6-1911, Mr. Nasarwanji Bezonji from 11-6-1911 to 9-10-1911, Mr. Ramprasad M. Mehta from 10-10-1911 to 31-3-1912, held charge of the Office of the Deputy Assistant Political Agent, Sorath.

Important Events.

14. Celebrations in honour of Their Imperial Majesties CORONATION DARBAR were held in all towns and villages throughout the Prant on 12th December at which the King Emperor's Proclamation was read amid general rejoicing.

2. Visit of C. H. A. Hill, Esquire, C. I. E., C. S. I., I. C. S., Agent to the Governor, Kathiawar, to Bantwa on 8-1-1912 and to Jetalsar in January.

3. Death of Azam Vala Ala Bhima of Bilkha on 27-11-11.

4. Birth of a son and heir to Kumar Shri Fatehdinkhanji, Chief of Manavadar on 22-12-11.

5. Death of the son and heir to Kumar Shri Husseinyavarkhanji of Sardargadh on 28-4-11.

6. Death of Loma Vala, younger son of Bhima Valera of Khijadia on 16-3-1912.

7. Re-opening of the Shahpur-Bantwa Railway on 1st June 1911.

8. Succession of Vala Unad Godad and his three brothers to the Estate of Vala Godad Punja on 23-6-11.

9. Death of Vala Godad Matra, non-jurisdictional Talukdar of Bagasra, and succession of his son Matra (Gala) Godad to the Estate.

10. Succession of Azam Gopaldas, Talukdar of Rai-Sankli, to the Estate of Desai Ambavidas Jiwabhai in Dhasa.

11. Removal of the Receiver's Japti over the Estate of the Nakra Chauta Bhagdars.

CHAPTER II.—Administration of land.

15. As mentioned in the previous report, the cultivators of the Talukas below Class IV are, on the whole, contented with the rates of assessment. The Bhagbatai system of revenue collections prevails throughout the Prant. The budget system introduced in Talukas indebted to Government exercises a wholesome check upon unnecessary expenditure

16. In all Talukas, most of the cultivable land is under cultivation, there being few cases of such land being allowed to lie waste.

17. No important boundary question was raised during the year under report.

CHAPTER III.—Protection.

Legislation.

18. The Talukas and Thanas have no laws of their own. They follow the British laws of the Agency Courts and Local Rules having the force of law in Kathiawar.

Military Force.

19. No Taluka in the area under report maintains any Military Force.

Police.

20. Each Taluka, as a jurisdictional unit, has its own small police force, except Vasavad and Bagasra Majmu.

The Police of Sardargadh has been temporarily placed under the supervision of the Superintendent, Agency Police, as per Agent to the Governor's No. 5570, dated 21-9-1911.

As the largest of these police forces numbers 40 men, and the pay of all ranks is not usually attractive, it must be admitted that their discipline, drill and equipment leave much to be desired.

21. In the Talukas below Class IV, the total number of regular police is 388, their cost for the year under report being Rs. 56,952-15-9 as against Rs. 56,359 last year. The ratio of police to population and area being 1 to every 508 persons and 1·28 per square mile respectively. The police of the Lakhapadar Thana, Bagasra Majmu and Vasavad are under the supervision of the Superintendent of Agency Police, Kathiawar, and are included in his Administration Report.

22. Tha Jetpur and Bantwa Majmu Police are under the control of the Superintendent of Police, Jetpur who works directly under the supervision of the Political Agent, Sorath Prant. The present incumbent is Mr. Amarchand Pitamber, who works diligently and to the satisfaction of both the Talukdars and the Political Agent, Sorath. The discipline and general turn-out of the force reflects much credit on Mr. Amarchand.

Jetpur and Bantwa Police.

23. The Police of the Estates of Azam Vala Kanthad Naja and Bhima and Bhan Desa were under the control of the Superintendent of Police, Jetpur, during the year under report. The Jetpur Police force numbers 210 and is armed with rifles converted to soomth bore. It has its head quarters at Jetpur.

24. Village Police of the Thanas are under the supervision of the Superintendent of Police, Kathiawar Agency. Appendices V, VI and VII give statistics of the working of the Police.

Criminal Justice.

Court of Criminal Justice.

25. There are 3 Agency Criminal Courts in this Prant:—

1. The Court of the Political Agent and District Magistrate, Sorath.
2. The Court of the Deputy Assistant Political Agent and First Class Magistrate, Sorath.
3. The Court of the Thandar and Second Class Magistrate, Lakhapadar.

26. There are now 46 Criminal Courts in the States and Talukas against 45 reported last year.

27. Appendix VIII shows the work done by the above State Courts.

Work done by Criminal Courts.

28. The number of offences reported during the year under report was 4,958 compared with 4,505 last year and of persons dealt with 7,745 against 7,033 last year.

29. The numbers of persons who were discharged without trial, acquitted, convicted, committed or referred, and who died, &c., were 2,712, 2,762, 1,853, 146 and 45 respectively as compared with 2,803, 2,197, 1,531, 83 and 42 last year.

30. Property of the value of Rs. 65,017-12-8 was stolen of which Rs. 21,128-7-11 were recovered, the percentage of recovery being 32·49 as compared with 52·15 last year.

31. 327 appeals were presented of which 308 were disposed of.

Civil Justice.

32. The Political Agent's Court hears suits above the value of Rs 5,000. The Courts of the Deputy Assistant and the Lakhapadar Thandar hear suits upto the value of Rs. 5,000 and 500 respectively.

33. There are also the Civil Courts of the States and Talukas.

Suits.

34. In the whole Prant 5,466 suits were instituted during the year under report and 1,209 were pending when the year opened. Of these 5,652 were decided.

Execution of Decrees.

35. 5,311 applications for the execution of decrees were presented and 7,277 were disposed of.

Appeals.

36. The opening balance of appeals in Civil Suits was 142; 506 appeals were made during the year; 417 were decided.

37. Full details of the working of all the Courts are given in Appendices X, XI and XII.

Extradition.

38. 10 accused were extradited from British India to the States; 10 from Baroda and 98 *inter se*. The number of accused persons extradited to the British Districts and Baroda were respectively 18 and 3.

39. There was one case of undue delay by Amreli in surrendering the accused to the Bagasra Manager.

Prisons.

40. There are two Agency and 38 State Prisons in the area under report. The number of prisoners continuing to serve sentence from last year was 239 ; 1,350 were admitted during the year, making a total of 1,589 out of which 1,335 were discharged. The daily average for the whole Prant was 7·24.

41. 3 deaths were reported by the Junagadh State.

Registration.

42. The information under this head is given in Appendix XV. The total value of the 719 documents registered is Rs. 7,19,676-15-5, as compared with 768 documents of the total value of Rs. 7,08,575-0-6 registered last year (including the Political Agent's Court).

Municipalities.

43. There are so called Municipalities at Sardargadh, Bantwa, Bagasra, Bilkha, Mendarda, Jetpur, and at the Jetalsar Civil Station, the municipal arrangements are made from the Civil Station Fund.

44. Bagasra Municipality is governed by a Municipal Committee composed of the Bhagdars, the Nyayadhish giving effect to the Committee's orders, which are issued subject to the general advice of the Political Agent.

CHAPTER IV.—Production and Distribution.

45. The rainfall during the year under report was at best fitful and scanty, and insufficient for agricultural purposes, though Sorath fared better in this respect than the rest of Kathiawar. In the Porbandar State, the Vasavad Taluka, Thana-Deoli and Chital, the failure was almost complete so that no agtar crops were realized. In the Junagadh State and the Bilkha and Mendarda Districts, the conditions were much better. There was no appearance of locusts during the year under report.

(*a*) Weather and Crop.

The produce of this year was far less than that of the last year. The rates of grain are much higher than those prevailing last year ; the cotton rates were even more so. In almost all parts the cotton crop was very poor; Bajri, Juwari, wheat, til and other crops slightly better. The cotton crop averaged 3 annas in the rupee and other crops 6 annas in the rupee.

Conditions of scarcity still prevail in large tracts of the Prant. The petty Bhagdars and Talukdars are being advanced Tagavi from September last. In some places scarcity of fodder is being felt, but generally fodder crops irrigated from wells will provide for the requirements of all the cattle. Owing, however, to the large demand for labour and the simultaneous commencement of the earth-works of the Khijadia-Amreli and Bilkha Railways, it has not been necessary to open any test or relief works to provide work for the people. The few men that may still want work are employed by States and Talukas in well digging, field bunding and other operations.

Generally it may be said that there is no lack of either fodder or water.

(*b*) Wages and labour.

46. In spite of conditions of scarcity the demand for labour continued to be great, the rates of wages averaging 4 annas per diem for an adult.

(*c*) Forests.

47. There are no forests in the area under report.

(*d*) Trade and Manufacture.

48. The States of Classes I to IV have each reported on this subject. The chief articles of export are cotton, wool, and ghee, while those of import are grain, rice, cloth, metals, timber, Kerosine oil, cocoanuts, spices and jewellery.

(*e*) Public Works.

49. No important public works were undertaken in the minor Talukas during the year under report. In the whole Prant Rs. 6,51,040-10-1 were expended under this head of which Rs. 4,07,438-15 2 were spent on original public works; the chief expenditure being Rs. 4,43,555-0-0 in Junagadh.

50. The Agency Engineer, Kathiawar, has expended Rs. 2,509 in the Jetalsar Civil Station.

(*f*) Post Offices.

51. There are 13 Post Offices in the area under report.

Mints.

52 There are no mints in any of the States and Talukas except in Junagadh where gold and silver Koris and copper Dokdas are coined.

General condition of States and People.

53. Public health was generally good. The agricultural stock of the Prant increased under the more important heads such as bullocks, cows and ploughs their numbers being 1,62,132, 96,162, and 61,751 respectively.

CHAPTER V.—Revenue and Finance.

54. The revenues of the States show decrease in almost all the cases owing to failure of the rains.

55. The total recoveries on account of Government and Guaranteed Loans amounted to Rs. 21,278-8-11, for the year.

56. The financial condition of the Lakhapadar Thana Fund was satisfactory.

CHAPTER VI.—Vital Statistics.

57. There are 39 Medical Institutions in the Prant, Junagadh alone possessing 21. The total number of patients treated was 2,14,841 (of whom 1,974 were in-door and 2,12,867 out-door) as against the total of 2,26,419 last year. The total cost of these institutions was Rs. 1,09,812-3-11 (vide Appendix XXIII) as compared with Rs. 93,296-12-11 last year. The daily average attendance was 27·70.

Bantwa Dispensary.

58. The Bantwa Dispensary is maintained and controlled by the shareholders in the Majmu Taluka. 6,255 out-patients were treated during the year. There were 5 in-patients, the daily average attendance of out-patients was 74·6 as compared with 58·7 last year. The medical expenditure amounted to Rs. 1,607-7-1.

Bilkha Dispensary.

59. The Bilkha Dispensary is maintained and controlled by the Bilkha shareholders, Valas Kanthad Naja, Ala Bhima and Bhima and Bhan Desa. The expenditure during the year was Rs. 1,279-14-3, and the number of out-door patients was 6,455. There is no accommodation for in-patients. The daily attendance averaged 73·3 as against 79 last year.

60. The Bantwa Dispensary is inspected by the Agency Surgeon Kathiawar, but the Bilkha Dispensary, which was inspected by the Agency Surgeon till 1910 has now been placed under the supervision of the Jetpur Taluka Court (*vide* Agent to the Governor's No. 2761 of the 19th May 1910).

61. The Dispensaries at Jetpur, Mendarda, and Chital are under the control of the Jetpur Taluka Court. They are well managed at a total cost of about Rs. 4,935-0-0 under the supervision of Doctor Dinshah Burjorji who is an able and experienced physician. In all, 19,623 out-patients were treated as against 20,317 last year. The Dispensary at Jetpur has accommodation for in-patients, of whom 6 were admitted during the year under report.

Jetpur, Mendarda and Chital Dispensaries.

62. The Bagasra, Lakhapadar and Dedan Dispensaries are under the supervision of the Agency Surgeon, Kathiawar. 6,613, 1,711 and 2,622 out-patients and 12, 8 and nil in-patients respectively were treated as against 6,571, 1,893 and 3,355 out-patients and 5, 12 and nil in-patients last year. Medical expenditure amounted to Rs. 1,986, 1,081 and 726-3-11, as compared with 1,868-0-0, 1,060-0-0 and 727-15-9 last year.

Bagasra, Lakhapadar and Dedan Dispensaries.

63. States of Classes I to IV attend to their own Sanitation which, even in the largest villages, is primitive. In minor Talukas, funds are not available for any material sanitary reforms. The same remark applies to the Thanas.

Sanitation.

64. The Junagadh and Porbandar States control their own vaccination. The control over the vaccination operations in the remaining States and Talukas is exercised by the Agency Surgeon, who reports on this matter separately.

Vaccination.

65. Appendix XXIV shows the births and deaths for the year under report and the previous year. There was a decrease of 787 in births and 640 in deaths, which were 25,905 and 17,288 respectively during the year under report as compared with 26,692 and 17,928 in the previous year, the birth rate being 35·55 and death rate 23·72 per thousand as compared with 36·6 and 24·6 respectively last year.

66. Plague visited Porbandar, Veraval, Bantwa, Junagadh, Manavadar, Bilkha and also their districts but fortunately the out-break did not assume a severe type.

Plague.

Education.

67. The Agency Educational Officer, Kathiawar, submits a separate report regarding education in States and Talukas below Class II and in Thana Circles.

68. Appedix XXV summarises the statistics of the First Class States in this Prant. The States and Talukas possess 298 schools with an attendance of 21,992 pupils which, during the year under report, cost them Rs. 2,02,433-7-0 as against 295 schools, 20,325 pupils and Rs. 1,62,961 last year. The increase is mainly due to the increased expenditure on education in the Junagadh State.

2 New Gujarati Schools are opened at Ghugharala and Halaria during the year under report. The school at Halaria was opened on the 22nd June 1911 in honour of the CORONATION of HIS MAJESTY the KING-EMPEROR in England.

CHAPTER VII.—MISCELLANEOUS.

69. There are 6 Printing Presses in this Prant. Two of these, the Junagadh and Porbandar State Presses issue the Junagadh and Porbandar State Gazettes respectively, while the remaining do job work.

70. In Jetalsar Civil Station, there is the LeGeyt Library. It has a small collection of English and Vernacular books and subscribes to 2 or 3 Newspapers. Under recent orders of Government it is now to be registered.

Library.

71. Panthers, wolves, sambhar, chital, deer and pig are found in parts of the Prant, chiefly in the Junagadh State limits. Snakes are common everywhere. Lions are found in the Gir Forest. The Great Indian Bustard has been seen in unusual numbers in Sorath Prant during the year under report.

Wild animals.

Managed Estates.

72. The Estates of Vala Kanthad Naja and of the late Azam Vala Ala Bhima are under the supervision of this Prant, while the Estates of Bhima and Bhan Desa, Punja Loma, Jasa Rukhad, Amra Kala, Manasia Nag, Giga Hipa, Azam Vala Vajsur Punja of Jetpur, Kumar Shri Jabarjastkhanji of Sardargadh, Amirkhanji and some other Bhagdars of the Bantwa branch, Vala Ram Harsur and Samat Matra of Bagasra, Naja Kotila and Unad Bhan of Dedan, Azam Bhima Valera of Khijadia and also of small petty Talukdars of the Lakhapadar Thana are under the supervision of the Superintendent, Managed Estates, Kathiawar.

Establishment.

73. Mr. R. M. Mehta has worked as Deputy Assistant Political Agent, Sorath, throughout the year except from June to October when Mr. Nasarwanji Bezonji took his place. Both have done good work:

74. Kumar Shri Vajubha has fully justified his selection for the post of Manager of the Kanthad Vala Estate and has carefully managed the administration and safeguarded the interests of the Estate.

75. Mr. Motilal Chhaganlal, as Thandar, Lakhapadar, has shown himself to be both capable and intelligent.

76. The Office Establishment has worked well. Mr. Yeshwantrai V. Vohra has done consistently good work. He is now well acquainted with all the conditions of the Prant and has performed willing and intelligent service.

I have the honour to be,

Sir,

Your most obedient servant,

J. R. CARTER, Major,

No. 3284 of 1912.

From

Major F. deB HANCOCK,

Political Agent, Halar Prant.

To

The AGENT TO THE GOVERNOR,

Kathiawar.

HALAR PRANT OFFICE,

Rajkot, 6th June 1912.

SIR,

I have the honour to submit the Annual Administration Report of the Halar Prant for the year ending the 31st March 1912. The States of Classes I and II submit separate Administration Reports direct to you ; while those of Class IV will be submitted separately by me. There is no third Class State in this Prant. This report is therefore confined more especially to Talukas below Class IV and the Thana Circles. In matters of general interest and in some of the appendices it however extends to the whole Prant.

CHAPTER I.—GENERAL AND POLITICAL.

2. Area ... . 7,477 square miles.
Population ... ... 7,96,493.
Gross Revenue ... ... 60,00,000.

The Prant comprises 22 jurisdictional States and Talukas as follows :—

First Class	...	...	...	3
Second Class	...	..	...	3
Fourth Class	...	...	...	3
Fifth Class	...	...	...	8
Sixth Class	...	...	...	3
Seventh Class	...	..	...	2
				22

There are two Thanas in the Prant in which a Thandar exercises jurisdiction in petty jurisdictional Talukas of Classes VI and VII as well as in all non-jurisdictional Talukas. They are as follows :—

Name of Thana.	Area in square miles.	Population.
Lodhika... ...	256·2	8,596
Dhrafa	207·7	13,653

Important events.

3. The Principal events of the year under report were :—

(1) The local celebration of Their Imperial Majesties Coronation at Delhi on the 12th December 1911. As already reported this auspicious occasion was fully and loyally celebrated throughout the Prant. In the Rajkot Civil Station the local celebrations were aided by a generous Government grant and were fully worthy of the Head Quarters of the Agency.

(2) The title of K.C.I.E. was conferred by His Imperial Majesty on Raj Saheb Amarsinhji of Vankaner at Delhi.

(3) The death of Bhadakwa Walan Rani, the senior wife of the Thakore of Kotda-Sangani occurred on the 29th February 1912.

(4) A second son was born to Kumar Shri Gumansinhji, heir-apparent of the Malia Taluka.

(5) A slight shock of earth quake was felt at Khakhrechi and Malia on 14-3-1912.

During the year under report I visited every village in the Thana Circles of the Prant. I also paid several visits to Malia and toured freely in jurisdictional areas throughout the Prant.

Personnel.

4. I held charge of the Prant throughout the year except for the short period 20-3-1912 to 31-3-1912 when Mr. J. Crerar acted for me while I was in charge of the Agency.

Mr. Gordhan Mavji was Deputy Assistant Political Agent, Halar Prant, from 1-4-1911 to 10-10-1911 when he was succeeded by Mr. Nasarwanji Bezonji who continued in office till the end of the year.

CHAPTER II.—Administration of the Land.

5. The Bhagbatai system of land revenue obtains in the smaller Talukas of the Prant; the Vighoti system having been introduced in portions of some of the larger States only as shown in their separate reports.

CHAPTER III.—Protection. Legislation.

6. States of Classes I to IV furnish information on this point in their own reports. The Talukas of Classes V, VI and VII generally follow the spirit of the Acts and Regulations in force in the Agency. Both the Vth Class Talukdars of Lodhika made an interesting departure in the course of the year in adopting the Encumbered Estates Rules of the Agency.

Military.

7. Except in the Nawanagar State there are no military forces.

8. The Nawanagar Military force consists of Artillery, Infantry and the Imperial Service troops. Its strength was 344 during the year under report and the cost was Rs. 1,27,579 as against Rs. 1,12,851 in the preceding year. There are a few bodies of Sirbandhi in the small Talukas below Class IV.

Police.

9. As a separate report on the working of the Agency Police is submitted by the Superintendent, Kathiawar Agency Police, this report is confined, as usual, to the working of the Police maintained by the Native States and Talukas of the Prant.

Number and Cost.

10. This force numbered 2,336 as compared to 2,322 and the cost amounted to Rs. 3,15,397-1-3 as compared to Rs. 3,14,457-4-11 in the preceding year. Their ratio to population and area was ·30 per hundred and ·31 per square mile respectively.

Efficiency.

11. The working of the Police was rather more satisfactory than that of the preceding year; the percentage of convictions to persons arrested and to those sent for trial being 69·76 and 70·02 as compared to 66·53 and 60·99 in the preceding year.

12. Appendices V, VI, and VII, show further particulars of their work during the year as compared with that of the preceding year. The percentage of recovery of stolen property was 57·8 during the year under report as compared to 52·6 in the preceding year.

Work done.

13. The control of the Village Police is now exercised by the Superintendent, Kathiawar Agency Police.

Village Police.

Criminal Justice.

14. There was no change during the year in either the number or constitution of the Criminal Courts of the Agency in this Prant. They are as follows :—

Courts of Criminal Justice.

1. The Court of the District Magistrate and Political Agent, Halar.
2. The Court of the Deputy Assistant Political Agent, Halar, exercising the powers of a First Class Magistrate.
3. The Court of the Thandar at Dhrafa exercising the powers of a Second Class Magistrate.
4. The Court of the Thandar at Lodhika exercising the powers of a Second Class Mrgistrate.

There are 57 State Courts in the Prant possessing various jurisdictions.

15. Appendix VIII shows the work done by all the above Courts. During the year 5,492 offences concerning 6,952 persons were reported to the Criminal Courts of the Prant as against 5,406 offences and 6,769 offenders in the preceding year. Of the 6,952 accused persons 3,222 were discharged, 1,248 were acquitted, and 2,258 were convicted, 40 were committed, 5 were transferred, and 179 remained at the end of the year under report.

Work done by Criminal Courts.

16. In all 201 Criminal Appeals were preferred before the several appellate Courts of this Prant of which 8 were rejected, 85 confirmed, 58 modified, and 48 reversed, 1 was pending at the close of the year and the proceedings of 1 were quashed.

Civil Justice.

17. The five Agency Civil Courts in this Prant were the same as last year as regards their number and constitution. They are as under :—

Constitution and number of Courts.

1. The Political Agent, Halar's Court, hears original Civil Suits of unlimited value.
2. The Court of the Deputy Assistant Political Agent, Halar, hears suits upto the value of Rs. 5,000.
3. The Courts of the Thandars of Lodhika and Dhrafa, hear suits upto the value of Rs. 500.

The Court of Small Causes, Rajkot Civil Station, hears suits of the value of Rs. 500 and under.

18. Appendix X furnishes particulars regarding the institution and disposal of suits. The number of suits instituted and disposed of in the year under report were 5,089 and 4,480 as compared with 7,932 and 7,229 respectively in the preceding year. The value of suits was Rs. 7,52,885-2-2½ in the year under report as compared to Rs. 13,41,091-11-10 in the preceding year.

Number of suits instituted and disposed of.

The year under report started with an opening balance of 703 suits and 4,386 were filed during the year making a total of 5,089 of which 4,480 were disposed of, leaving a balance of 609 at the close of the year.

Average duration of suits.

19. Only 1 Civil Suit was disposed of in the Court of the Political Agent, Halar Prant, during the year under report. The average duration of suits disposed of by the Courts of the Deputy Assistant Political Agent, Halar, and the Thandars of Lodhika and Dhrafa was 0-3-24, 0-2-24, 0-4-22 as against 0-5-11, 0-0-25 and 0-1-19 respectively in the preceding year.

Execution of decrees.

20. Appendix XI furnishes details regarding the execution of decrees. There was a decrease in the number of applications which amounted to 5,087 in the year under report as compared to 10,516 in the preceding year; the value being Rs. 10,52,937 and Rs. 23,27,322-8-2 respectively. In the preceding year 3,968 applications remained undisposed of, which added to 5,087 filed during the year made a total of 9,055. Of these 8,135 were disposed of during the year under review leaving a balance of 920 of the value of Rs. 7,91,338-4-8.

Appeals.

21. Appedix XII furnishes particulars. The Court of the Political Agent, Halar, exercises no Civil appellate powers. The number of appeals filed and disposed of by Native States Courts during the year under report were 445 and 389 respectively, leaving a balance of 56 in the year under report as compared to 481 and 421 leaving a balance of 60 in the preceding year. The value of appeals filed was Rs. 83,303-8-1 as against Rs. 1,00,359-11-6 in the preceding year.

Extradition.

22. 79 accused were sentenced by the States as against 63 in the preceding year. 5 accused persons were extradited from British Districts—2 to Gondal, 1 to Rajkot, 1 to Morvi, and 1 to the Rajkot Civil Station.

Prison.

23. The number of prisons was 44 as compared to 43 last year. 1,813 prisoners were admitted during the year which added to 380 remaining at the end of the preceding year makes a total of 2,193. Of these 1,846 were discharged, 4 died in jail and 343 remained at the close of the year. Each Taluka below Class IV has a prison of its own, in which however a total of only 52 prisoners was admitted during the year under review. Appendix XIII furnishes particulars.

Registration.

24. Appendicss XIV and XV give full details regarding registration during the year. 2,805 deeds of the total value of Rs. 19,65,050-2-3 were registered as against 2,307 deeds of the value of 13,61,659-9-0 in the preceding year.

Municipality

25. There is no regular municipality in any of the minor Talukas. The financial condition of the Rajkot Civil Station Fund continues to require careful attention. The receipts and expenditure during the year under report were Rs. 22,562-5-1 and 20,664-11-2 as against 21,579-13-9 and 20,207-0-7 the year before. The increase in the receipts was mainly due to the more punctual recovery of Civil Station dues. Appendix XVI furnishes particulars of receipts and expenditure.

CHAPTER IV.—Production and Distribution.

(*a*) Weather and Crops.

26. The total rainfall registered at the various stations in the Prant varied from a maximum of 6·91 at Vankaner to a minimum of 1·11 at Morvi. The average rainfall of the past five years ranges between 35·26 at Dhrol and 20·9 at Rajkot Civil Station. Owing to the failure of the monsoon the Agtar Crops were this year almost an entire failure; a three or four anna crop only being realized in a few scattered portions of the Prant. Irrigated crops have been everywhere encouraged and increased to the utmost. Many new wells were sunk and others deepened. To certain crops and particularly to those raised for fodder special concessions were allowed.

(*b*) Wages and labour.

27. The demand for labour and the rate of wages were high at the beginning of the year but failure of the rains resulted in a considerable reduction of both. The failure of Agtar crops also led to a general increase in the prices of food stuffs.

(*c*) Forest.

28. There are no forests in this Prant except the Jungles on the Barda Hills.

(*d*) Trade and Manufacture.

29. The States of Classes I to IV report on this subject in their Administration Reports. In the petty Talukas below Class IV and the Thana Circles in this Prant the condition of trade during the year under report continued to be fair.

(*e*) Public Works.

30. In the minor Talukas and Thanas, no public works of any importance were carried out. In the whole Prant Rs. 11,86,724-0-3 were spent on this object in the year under report of which Rs. 9,74,835-3-10 were expended on original Public Works.

(*f*) Post Offices.

31. The Head Quarters Post Office of the Province is situated in the Rajkot Civil Station. There are no separate Post Offices in the Lodhika and Dhrafa Thanas where the Post Master's duties are discharged by the School Masters.

(*g*) Mints.

32. There are no mints in any of the States of this Prant.

(*h*) General condition of States and people.

33. All the States and Talukas in this Prant with the exception of Morvi, Gondal and Rajkot, are still in debt. Small-pox made its appearance throughout the Prant during the year, but its effects were not severe. The public health was on the whole good. The agricultural stock of the Prant has decreased (*vide* Appendix XX). There has been no increase in the number of liquor and Tadi shops which has been the same, *i. e.*, 44 and 5 as in the preceding year. There was however, some increase in the revenues derived from the sale of liquor. There has been a slight increase in the number of Opium and Ganja shops from 93 and 32 to 94 and 33 only. There has been a decrease in the revenue derived from the sale of Opium. The revenues derived from the sale of Ganja on the other hand slightly increased.

CHAPTER V.—Revenue and Finance.

34. The year being one of scarcity the revenues of the States have greatly suffered. A nominal Budget system continues in force in petty Talukas which are indebted to Government.

The following list based on such information as is available in this office, shows the indebtedness of the States and Talukas in this Prant on the 31st March 1912 to Govern-

ment, Local Funds, and Guaranteed Creditors :—

Government Loan.

	Principal on 31-3-1911.	Interest due on 31-3-1911.
Gadhka	22,017 4 5	1,140 0 9
Kotda-Sangani	1,01,618 7 5	4,467 13 8
Malia Taluka	1,09,283 1 2	5,279 3 0
Rajpura	3,468 1 11	147 8 1
Vankaner State	67,788 8 4	4,275 11 1
Dhrafa Japti Estates ...	8,335 6 9	1,062 14 4
Do. Non-Japti „ ...	9,558 11 3	558 1 8
Lodhika Thana Japti Estates ...	19,577 10 0	1,835 15 10
Do. Non-Japti „ ...	801 3 6	149 5 4

Local Fund.

	Principal on 31-3-1912.	Interest due on 31-3-1912.
Dhrol...	1,22,276 13 8	6,718 2 6
Malia	2,13,081 3 9	10,654 1 0
Kotda-Sangani ...	14,403 14 11	720 3 2
Mengni	12,570 8 8	774 9 0
Vankaner	18,368 9 1	1,305 5 7

Guaranteed Loan.

	Principal on 31-3-1912.	Interest due on 31-3-1912.
Virpur	2,00,000 ...	.....
Pal	11,000 ...	.....
Rajpura	19,250 ...	1,443 12 0

Loans advanced.

35. Owing to the scarcity and the failure of crops the following loans were advanced to States and Talukas in the Prant upto 31-3-1912 :—

	Rupees.
Vankaner	1,35,000
Dhrol	40,000
Kotda-Sangani	37,148
Pal	9,461
Gavridad	5,609
Gadhka	3,615
Rajpura	4,475
Lodhika (Harisinhji)	3,475
Do. (Ratansinhji)	3,160

State of Thana Fund.

36. The financial condition of Lodhika and Dhrafa Thana Funds requires careful attention. And in the latter an enhancement of the Thana Varad may, I fear, shortly prove necessary.

CHAPTER VI.—Vital Statistics.

Medical Institutions.

37. There are 34 Medical Institutions in the Prant, Nawanagar alone possessing 15.

38. The total number of patients treated was 2,40,345 of whom 2,37,132 were out-door and 3,213 in-door. The total cost of these institutions was Rs. 92,043-15-3 as against Rs. 91,989-2-1 (*vide* Appendix XXIII).

Sanitation.

39. The States of Classes I to IV look after their own sanitation. In minor Talukas there is an insufficiency of funds to secure any material sanitary reform. And in the Thanas the same causes continue to operate to hinder progress in this direction as those mentioned in the reports of preceding years.

Vaccination.

40. The First Class States of Nawanagar, Morvi, and Gondal in this Prant control their own vaccination operations. The control in other States and Talukas is exercised by the Agency Surgeon who reports on this matter separately.

41. Appendix XXIV shows the births and deaths of the year under report and of the preceding year. There has been a decrease both in births and deaths which were 26,444 and 16,186 respectively during the year under report as compared with 27,574 and 19,096 in the preceding year; the birth rate being 33·20 and death rate 20·32 per thousand of population.

Plague.

42. During the year under report plague visited some villages in the Nawanagar, Gondal and Malia States.

CHAPTER VII.—Education.

43. The Agency Educational Officer submits a separate report regarding education in States and Talukas below Class II and in the Thana Circles.

Appendix XXV summarises the statistics of the first and second Class States in this Prant. They possess 345 schools with an attendance of 26,762 pupils, which during the year under report cost them Rs. 2,18,501-7-9. There is an increase in the number of schools by 6 and the daily average attendance of pupils exceeds that of the preceding year by 10,232·4.

CHAPTER VIII.—Miscellaneous.

Printing Presses.

44. There are 20 Printing Presses in the Prant, two of the eight Presses situated in the Rajkot Civil Station issue News Papers while 5 do job work, the eighth is the Agency Gazette Press.

Libraries

45. In the Rajkot Civil Station the Lang Library has a large list of members and a fine collection of books. There are also small libraries in the Lodhika and Dhrafa Thanas.

Wild animals

46. The panther, the wolf, and the wild boar still continue to exist in the Prant.

47. The Talukas of Malia, Shahpur, Bhadwa and Wadali continued under Agency Management during the year; the first being under my charge, while the rest were under the charge of the Superintendent, Managed Estates, Kathiawar.

48. Preliminary measures of preparation against imminent scarcity commenced in the month of August, when routine Civil work was temporarily suspended and special attention was devoted to duties of inspection and general preparation.

49. At the same time necessary advances were promptly commenced in Thana Circles for the deepening of wells, the encouragement of fodder crops, and maintenance of petty Talukdars and their cultivators, &c.

Upto the close of the official year these amounted to Rs. 16,743-8-11 as under :—

DHRAFA THANA.

Maintenance to Talukdars			3,399	2	9		
Administration charges of Talukdars ...			31	15	2		
Aid to cultivators			6,071	7	0		
						9,502	8 11

LODHIKA THANA.

Maintenance to Talukdars...			2,968	0	0		
Administration charges of Talukdars ...			210	0	0		
Tagavi to cultivators			4,063	0	0		
						7,241	0 0
						16,743	8 11

50. Private charity was everywhere stimulated and encouraged with gratifying results. And the collections made in cash and kind in all the more important villages of the Thanas tended largely to postpone and reduce the need for Government aid.

51. From the Rajkot Civil Station and from elsewhere there was also a ready response to appeals for charitable assistance. Special agents were deputed by the Wadia Trustees to visit the Province. And the administration of charity was carefully organized with the Agent to the Governor himself as President of the principal Committee.

52. The following figures show the amounts collected in and allotted to Thana Circles in this Prant upto the close of the official year :—

Collected in the Dhrafa Thana						432	0 0
„ „ Lodhika Thana						93	0 0
Allotted by the Agent to the Governor from a sum presented to him by Sheth Osman Jamal						500	0 0
Presented by the Wadia Trustees						240	0 0
Presented by the R. B. Vasanji Khimji ...						140	0 0
Allotted by the Central Kathiawar Relief Committee						3,850	0 0
Allotted by the President, Girassia Association						438	0 0
(MALIA TALUKA).							
Collected at Malia			87	7	0		
Presented by Mr. P. G. Sanghani.			500	0	0		
Presented by Wadia Trust Fund.			1,050	0	0		
						1,637	7 0
Total Rs. ...						7,330	7 0

53. This takes no account of the grain collections made in kind in several of the villages. Moreover 250 chadars were received from Sheth Ruttanshi Moolji. And both cattle kitchens and cheap grass shops have been generously established at Rajkot and Dhrafa.

54. Relief works programmes were carefully revised early in the year, and village works were as far as possible everywhere substituted for the large central works which had been previously contemplated. The first work to be opened was the excavation of the large village tank at Malia to check threatening restlessness amongst the Mianas. In the Thana Circles a fair weather road was started at Baldhoi in the Lokhika Thana on the 1st November 1911 and so far has proved the only work required.

55. Owing to the increasing strain entailed by the distribution of advances and the general exigencies of the situation in Thana Offices, a Circle Inspector was appointed in each Thana on 1-12-1911. And as work increased the following slight additions were made to establishment:—

Dhrafa ...	... 1 Clerk... ...	... Rs. 20
Lodhika ...	... 1 Clerk... ...	... Rs. 20
Prant Office	... 1 Clerk... ...	... Rs. 30
,,	... 1 Clerk ...	... Rs. 25*

* Deputed to assist the Deputy Assistant Political Agent, Halar, in the scrutiny of requisitions.

Baldhoi ...	.. 8
Kotda-Nayani	... 7
Chandli ...	... 2
	17

56. To meet special cases gratuitous relief was, where necessary, granted under Section 23 (*b*) of the Bombay Famine Code. But the numbers have so far been small, and the expenditure to the close of the year amounted to Rs. 110 only.

57. The market for rough woven material fortunately continued good throughout the year. And the expenditure on account of relief to artizans thus amounted to the paltry sum of Rs. 7-12-9 only.

58. A poor house was opened at Rajkot by the Local Famine Relief Committee in the month of March 1912; but so far the attendance has been insignificant.

59. The only place in which Famine has been actually declared in the Prant is Malia where special conditions, including the Miana element, rendered that step necessary.

60. The loans advanced to jurisdictional States and Talukas have enabled them to meet the exigencies of the situation. Over and above those already mentioned in para. 35 above, the position has entailed an application for a considerable loan by the Nawanagar State.

61. Amongst the smaller jurisdictional Talukdars undue readiness to again borrow money from Government has been duly checked by careful scrutiny of their requisitions. But even so, considerable difficulty has been experienced in judging of their real resources and their true requirements. This has been mainly due to their defective accounts system.

62. Speaking generally, the main features of this famine have been :—

(*a*) the ready emigration of the labouring classes to Sind and elsewhere in search of labour.

(*b*) the relief afforded by the remnants of a very large grass crop in the preceding year.

(*c*) the relief afforded to the cultivating classes by the development of well irrigation.

(*d*) the generous assistance rendered by private charity—particularly in the preservation of cattle.

63. The work performed by my office establishment during the year has been on the whole satisfactory, and reflects creditably on an industrious Shirestedar, Mr. Achratlal Chunilal. As Camp Clerk Mr. Jhaverchand Jethalal has accompanied me on all my touring and rendered me intelligent and valuable service. He is a rapid and accurate typist.

I have the honour to be,

Sir,

Your most obedient servant,

F. deB. HANCOCK, Major,

Political Agent, Halar Prant.

No. 2275 of 1912.

From

Captain A. S. MEEK,

Political Agent,

Gohilwad Prant.

To

The AGENT TO THE GOVERNOR,

Kathiawar.

GOHILWAD PRANT OFFICE,

Songadh, 25th June 1912.

SIR,

I have the honour to submit the Annual Administration Report of the Gohilwad Prant with appendices for the year 1911-12.

CHAPTER I.—GENERAL AND POLITICAL.

2. The Official Personnel of this Prant is given in Appendix I.

3. Of the Talukas below class IV there are 4 of the VIth class and 2 of the VIIth class. The remaining being small non-jurisdictional Talukas are grouped in three Thana Circles.

4. The States of classes I and II submit their Annual Administration Reports to you direct, while those of classes III and IV are submitted to the Prant Officer, who forwards them on to you with his remarks thereon.

This report therefore deals more particularly with the Talukas below class IV (a list of which is given in Appendix XXXVII) and the Thana Circles; but in matters of general interest and in some of the Appendices the whole Prant is taken into view.

5. There are three Thana Circles in this Prant, viz.—

Name of Thanas.	Area in square miles.	Population.
I. Babra Thana ...	... 298·7	27,026.
II. Songadh Thana ...	... 151	21,445.
III. Chok-Datha Thana	... 172·8	23,129.

6. Principal events:—

(*a*) The commemoration of the Coronation of His Imperial Majesty King George V in Imperial Darbar at Delhi on the 12th December 1911.

(*b*) The visit of His Excellency the Governor of Bombay to Bhavnagar on 16th March 1912 to perform the opening ceremony of the Dhassa-Kundla Railway and the ceremony of opening the Sandhurst Service Reservoir and Pumping Station in Bhavnagar.

(*c*) The Installation of the Thakor of Lathi on the Gadi on the 1st May, 1911, by Lieutenant-Colonel J. Davies the then Political Agent.

(*d*) The birth of an heir-apparent to the Thakor of Lathi.

(*e*) The bestowal by the King Emperor at Delhi of the Badge of the Imperial Order of the Crown of India upon Her Highness the Maharani Shri Nandkunverba on 14th December 1911.

(*f*) The marriages of the two Kumars of the Thakor of Vala Gumbhirsinhji and Mangalsinhji were celebrated on the 9th March, 1912, at Vala.

(*g*) Captain (now Major) Strong visited Bhavnagar, Palitana, Lathi, Vala, Babra and Chok Thana villages.

I visited Palitana, Bhavnagar, Lathi, Jasdan, Vala and all the villages under the Babra and Songadh Thanas and Datha.

CHAPTER II.—Administration of the Land.

7. The Bhag-Batai system of revenue collection prevails in the Talukas of classes VI and VII. The budget system introduced in Talukas indebted to Government works well and goes a great way to check unnecessary expenditure; but the exact financial condition of the Talukas cannot be ascertained, as the figures supplied by the Talukdars cannot be accepted as accurate. To minimise this difficulty a Pahni Patrak system has been introduced.

CHAPTER III.—Protection.

8. The Talukas below class IV exercising limited jurisdiction are guided by the spirit of the laws and rules and regulations in force in this Agency.

Military and Police.

9. There are no Military or regular Police forces in the Talukas in this Prant. Bhavnagar State alone maintains a Military Force and detailed information regarding it is given in Appendix III. Each jurisdictional Talukdar has a Fouzdar with village Police or Pasaitas under him. Their Police administration I have found to be very unsatisfactory and I am endeavouring to place it on a systematic footing. Police duties in the non-jurisdictional Talukas are performed by the Agency Police.

Village Police.

The control over the village Police is exercised by the Superintendent of Agency Police, Kathiawar.

Criminal Justice.

1.	Court of the Political Agent.	
2.	Do. Deputy Assistant Political Agent.	
3.	Do. Babra Thandar.	
4.	Do. Songadh „	
5.	Do. Chok-Datha „	

10. There are 5 Agency Criminal Courts as per margin and 6 Talukdari Courts of the Jurisdictional Talukdars of Kotda-Pitha, Itaria, Vankia, Bhadli, Kariana and Taivadar.

The work performed by all the Courts mentioned above is embodied in Appendix VII and VIII.

The Court of the Political Agent has appellate powers.

5 appeals were filed during the year: of which 1 was rejected, 2 confirmed, 1 modified and in one proceedings were quashed.

Civil Justice.

11. There are 5 Civil Courts exercising residuary Jurisdictions. The Political Agent's Court hears suits of unlimited value. The Court of the Deputy Assistant Poltical Agent, Gohilwad, hears suits upto the value of Rs. 5,000 and the Courts of the Thandars upto Rs. 500.

There are 4 Civil Courts of the Jurisdictional Talukdars with the same powers as those of the Thandars' Courts.

The average duration of suits in the Agency Courts was 2 months and 18 days; while in the Talukdars' Courts the average duration was 11 months and 28 days.

In the Agency Courts the opening balance of Civil Suits was 48 and 280 suits were filed during the year, making a tolal of 328. Of these 244 were disposed of, leaving a balance of 84 at the end of the year under report as against 48 in the preceding year. The increase in the balance is due to the year being one of scarcity and to the temporary suspension of judicial business.

In the Taluka Civil Courts there was an opening balance of 7 cases and 15 were filed during the year, making a total of 22. Of these 18 were disposed of leaving a balance of 4 as against 7 of the last year.

In the Agency Courts there was a balance of 333 Darkhasts and 251 were filed during the year, making a total of 584. Of these, 537 were disposed of leaving a balance of 47 applications for execution of decrees as against 333 of the last year.

In the Taluka Courts there was a balance of 3 Darkhasts and 7 were filed during the year, making a total of 10. Of these, 2 were disposed of, leaving a balance of 8 as against 3 of the previous year.

4 suits relating to landed property were filed in the Agency Courts during the year and none in the Taluka Courts.

The number of suits for money transactions was 256 in the Agency Courts and 15 in the Talukdari Courts. Their respective value amounted to Rs. 32,498-12-0 and Rs. 600-12-3 respectively.

There is no Civil Appellate Court in this Prant. Appeals against the decrees of all the Civil Courts of this Prant lie in the first instance to the Court of the Agent to the Governor, Kathiawar, presided over by the Judicial Assistant.

Extradition.

12. 24 accused were extradited from the States in this Prant to the British Districts and *vice versa*.

54 accused were extradited by the States *interse*.

Prisons.

13. There is one District Jail at Songadh. There are also 2 Thana lock-ups and 6 Talukdari lock-ups in the Prant.

The condition of the District Jail is far from satisfactory. The building being antiquated is unsafe for human habitation and want of funds prevents its reconstruction. The total number of prisoners remaining in the Jail and 2 lock-ups at the end of the year was 12; the daily average of prisoners was 25·13.

Registration.

14. 274 deeds were registered in the Agency Courts during the year. The fees realized were Rs. 229-12-0.

2. No deeds were registered in the Taluka Courts and no fees realized.

Municipal Administration in the Songadh Civil Station.

15. There is no Municipality but a conservancy establishment is maintained partly from Grant-in-aid from the State General Fund and partly from the Civil Station Fund.

CHAPTER IV.—Production and Distribution.

16. The rainfall in Songadh Civil Station measured 7 inches and 64 cents, in Babra 4 inches 10 cents, and in Chok-Datha 9 inches 43 cents.

The scarcity of rain greatly affected the outturn of crops (both Agtar and Pachhtar) which averaged from 1 to 4 annas in a rupee. Loans have been advanced to the needy Talukdars and Bhagdars by Government in the Thana Circles.

Wages and Labour.

17. The rates of wages remained fairly good owing to the emigration of the labouring class to other countries, to local railway construction and other works and to the timely issue of loan to Girassias and tagavi to cultivators.

The Ginning factories at Songadh and Babra had to be closed from the non-production of cotton this year. Labour was consequently dull.

The prices of food grains have been high and gratuitous relief has been given to those who showed need for it.

The staple food grains were Bajri and Juwari sold at an average of about 9 to 10 seers a rupee.

Trade and Manufacture.

18. The sea-borne trade statistics for this Prant is given in Appendix XXIX. There are no manufactures in the Thana Circles.

Public Works.

19. Expenditure upon petty original works and repairs in Songadh Civil Station and Thanas amounted to Rs. 10,536.

Post and Telegraph Offices.

20. There are 14 Post Offices and two combined Telegraph Offices (at Songadh and Babra) in the Thana Circles.

Mints.

21. There are no mints in this Prant.

General Condition of the People.

22. The financial condition of the Talukas below Class IV is far from satisfactory owing to successive bad years and the failure of the rains in the year under report. Liberal and early Government help however has averted certain general catastrophe and left the people on their feet to make the most of the present time of hardship and look forward with hope to renewed prosperity. The general health has been good.

CHAPTER V.—Revenue and Financial.

23. There were no Agtar crops and people raised irrigated crops which yielded very little. They were aided by Takavi in the shape of Kos-Varat-Seeds, bullocks and grass.

CHAPTER VI.—Vital Statistics.

24. There are three dispensaries in the Thana Circles maintained by the Civil Station and the Thana Funds.

These dispensaries are under the control of the Agency Surgeon who deals with them at length in his report.

The number of births in the Thana Circles and Songadh Civil Station was 1,923 as compared with 1,670 during the previous year ; while the number of deaths 1,010 as compared with 956 of the last year.

My tours towards the end of the year showed that the collection of vital statistics in all States and Thana Circles is carried out in so unsystematic a manner as to entirely nullify all value in the returns. Steps have been taken to secure thoroughness in this work in the Thanas and the attention of all States drawn to the defect.

In Babra, Songadh and Chok-Datha Thanas 793, 655 and 744 persons were vaccinated respectively.

CHAPER VII.—Education.

25. In Thana Circles education is given at the expense of the Talukdars. Control over the schools is vested in the Agency Educational Officer, Kathiawar.

There are 8 Vernacular Schools in the Songadh Thana Circle and one Girls' School. There is one Vernacular School in the Songadh Civil Station which is maintained from the Civil Station Funds.

The English School at Songadh Civil Station referred to in the previous reports is progressing steadily.

There are 5 Vernacular Schools and 1 Girls' School in the Chok-Datha Thana Circle and 7 in the Babra Thana Circle.

In my famine tours through the villages I have been impressed with the great need for improvement in education. The co-operation of the Talukdars has been sought and it is hoped to open 16 new schools next cold weather. I have striven to educate the interest of the public in this cause.

CHAPTER VIII.—Miscellaneous.

26. Library.

(*a*) There are two libraries one at Songadh called "The Russell Library" and the other at Datha called " The Edward VII Library."

They are registered.

(*b*) In the year under report Kumar Giga Kanthad of Vankia was sent to the Talukdari Girassia School at Wadhwan. Kumars Survaya Gagubha Manabhai of Hathasni under Chok-Datha Thana and Vala Ram Mulu of Babra were withdrawn from the Talukdari Girassia School and the Gondal Girassia School respectively.

Kumars Laxman Amra of Kotda-Pitha and Amra Mulu of Babra are progressing well in their studies in the Talukdari Girassia School.

(*c*) There are Ghassia Salt pans at Valer about 3 miles from Datha. The produce is sold at 2 annas per Indian Maund and returns only a meagre profit.

I have the honour to be,

Sir,

Your most obedient servant,

A. S. MEEK, Captain,

Political Agent, Gohilwad.

W. M. HOUSTON, M. B., D. P. H.,
Major, I. M. S.,
Agency Surgeon, Kathiawa

Rajkot, 17th July 1912.

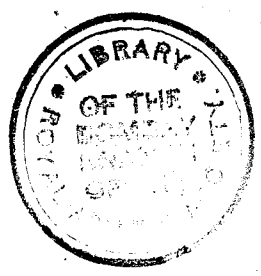
No. 1393 of 1912.

From,

T. J. B. THATCHER, Esquire,

Superintendent of Police,

Kathiawar Agency.



To,

The AGENT TO THE GOVERNOR,

Kathiawar.

POLICE SUPERINTENDENT'S OFFICE,

Rajkot, 9th May 1912.

SIR,

I have the honour to submit the following report on the administration of the Kathiawar Agency Police for the year 1911-1912 together with the statements noted in the margin.

Statements A, Parts I & II. Appendices 4, 5, 6 and 7.

2. I have been in charge of the office of the Superintendent of Police throughout the year and Messrs F. Trotter and Harilal Jethabhai were respectively the Assistant and Deputy Superintendents of Police during the same period.

Personnel.

3. Crime has increased in general the reason being mostly attributable to the effects of famine. The cognizable offences reported and taken up by the Police during the year numbered 878 against 763 in the year 1910-1911 and 753 in the year 1909-1910. The figures of cases reported in the Thanas and Civil Stations and on the Railways during the past three years stand as under :—

Police Cognizable Cases, Statements A, Parts I & II.

	Thanas and Civil Stations.	Railways.	Total.
1909-1910 ...	617	136	753
1910-1911 ...	651	112	763
1911-1912 ..	736	142	878

4. The number of cases disposed of during the past three years including those pending at the close of the year 1910 stand as under :—

Total cases for disposal.

	Thanas and Civil Stations.	Railways.	Total.
1909-1910 ..	670	145	815
1910-1911 ...	695	123	818
1911-1912 ...	802	157	959

5. The number of cases excluded comes to 243 as compared with 188 and 217 respectively in the years 1910-1911 and 1909-1910. This gives a percentage of 25·33 as against 22·98 in 1910-1911 and 26·62 in 1909-1910.

Excluded cases.

6. The cases classed as maliciously false numbered 5 as compared with 8 and 5 respectively during the two preceding years. In four of these cases, proceedings were instituted against the complainants with the result that one of them was convicted and two were discharged. One case was awaiting trial at the close of the year.

Maliciously false cases.

7. Excluding the cases classed as **B** or **C** the number of true cases remaining for disposal during the year was 716.

True cases for disposal.

The following table represents the number of true cases disposed of during the past three years:—

	Thanas and Civil Stations.	Railways.	Total.
1909-1910 ...	490	108	598
1910-1911 ...	535	95	630
1911-1912 ...	604	112	716

8. The total number of true cases disposed of during the year, *viz.*, 716 would, on a comparison with the total population in the Thanas and Civil Stations according to the last census which amounted to 2,37,777 persons, give a proportion of 1 case to 331 persons as against 1 to 444 persons in the year 1910-1911 and 1 to 394 persons in the year 1909-1910.

Proportion of true cases to the population in the Thanas and Civil Stations.

9. The number of true cases reported on the Railways compared with the length in miles of the Railway would give a proportion of 1 case to 5·31 miles as compared with 1 to 5·73 miles and 1 to 5·09 miles in the past two years.

Proportion of true crime to the mileage on the Railways.

10. A comparison of the total number of offences reported during the triennium with that of the policemen employed for the prevention and detection of crime gives the following figures:—

Proportion of cases reported during the year to the number of policemen employed for the prevention and detection of crime.

	Thanas and Civil Stations.	Railways.	Total.
1909-10... ...	1 Policeman to 1·39 cases.	1 Policeman to 1·05 cases.	1 Policeman to 1·31 cases.
1910-11... ...	1 Policeman to 1·39 cases.	1 Policeman to ·99 cases.	1 Policeman to 1·31 cases.
1911-12... ..	1 Policeman to ·99 cases.	1 Policeman to ·99 cases.	1 Policeman to 1·01 cases.

Proportion of cases ending in conviction to those disposed of by the police.

11. The cases sent up for trial during the triennium gave the following results :—

		Total cases before the police for disposal.	Total cases placed before the court for trial.	Total cases ending in conviction.	Percentage of cases ending in conviction to those sent up for trial.
1909-1910	Thanas	670	279	213	90·25
	Railways ...	145	54	40	74·07
		815	333	253	87·24
1910-1911	Thanas	695	308	254	82·46
	Railways ...	123	47	37	78·72
		818	355	291	89·81
1911-1912	Thanas	802	330	293	88·78
	Railways ...	157	42	41	97·61
		959	372	334	89·78

The percentage of cases ending in conviction to the true cases disposed of during the year under report comes to 46·64 as against 46·19 and 42·30 in the past two years.

Undetected cases.

12. The total number of cases undetected during the year under report was 281 as against 203 and 253 in the two years preceding and to the total number of cases disposed of during the year gives a percentage of 29·30 as compared with 24·81 and 31·04 respectively in the years 1910-1911 and 1909-1910.

Pending cases.

13. The number of cases pending at the close of the year was 51 as against 75 and 55 respectively in the years 1910-1911 and 1909-1910. Of these 51 cases 25 as against 27 and 17 respectively in the years 1910-1911 and 1909-1910, were pending with the police, and 26, as compared with 48 and 38 respectively during the aforesaid years were pending with the magistracy.

Serious crime in general.

14. The figures for true serious cases reported during the year under report in comparison with those for the two years preceding, stand as under:—

		Number of true cases for disposal.	Percentage of cases ending in conviction to true cases disposed of by the police.
Murder ...	1909-1910 ...	8	12·5
	1910-1911 ...	5	60·0
	1911-1912 ...	9	22·44
Dacoities ...	1909-1910 ...	6	16·66
	1910-1911 ...	1	0·00
	1911-1912 ...	1	0·00
Robberies ...	1909-1910 ...	15	20·00
	1910-1911 ...	12	50·00
	1911-1912 ...	14	35·71
House-breaking & thefts.	1909-1910 ...	163	18·40
	1910-1911 ...	134	23·13
	1911-1912 ...	179	33·51
Thefts ...	1909-1910 ...	340	31·47
	1910-1911 ...	269	43·86
	1911-1912 ...	313	48·26
Receiving stolen property.	1909-1910 ...	13	61·54
	1910-1911 ...	18	77·77
	1911-1912 ...	2	100·00

15. The total number of cases tried by the Sessions Court during the year was 12, of which 5 ended in conviction and gave a percentage of 41·66 as compared with 83·3 and 55·55 in the two former years; 5 cases were discharged 4 of them by the Sessions Court and 1 on an appeal to Government. 2 cases were awaiting trial at the close of the year under report.

Sessions Cases.

16. The total number of offences dealt with by the police under the local and special laws was 77 during the year under report as compared with 80 and 79 respectively during the two preceding years whereas the number of cases ending in conviction was 56; the percentage of conviction being 72·72 as against 85·00 and 69·62 in two former years.

Cases under local and special laws.

Of the total number of cases under this head, *viz.*, 77 dealt with by the police during the year under report, 12 cases were found on inquiries to be false, exclusive of which the percentage of cases ending in conviction would be 86·15.

17. The number of offenders apprehended by the police during the year under report was 689 as against 569 in 1910-1911 and 639 in 1909-1910. The figures under this head, inclusive of those relative to cases pending at the close of the former year, for the Thanas and Civil Stations and the Railways are tabulated as under :—

Persons apprehended.

	Thanas and Civil Stations.	Railways.	Total.
1909-1910 ...	629	61	690
1910-1911 ...	560	55	615
1911-1912 ..	695	66	761

Of the total number of 761 offenders disposed of during the year under report, 707 were put on trial in the court. 469 of them were convicted as against 383 and 364 respectively in the years 1910-1911 and 1909-1910 and gave a percentage of 63·33 as compared with 71·99 and 65·17 in the two years preceding.

The reduction in the percentage of persons convicted to those sent up for trial is due to so many as 58 offenders being discharged under section 345 of the Criminal Procedure Code in cases which were compounded.

18. The value of property stolen during the year under report amounted to Rs. 20,351-11-5 and that for the property recovered to Rs. 9,273-15-½, giving thereby a percentage of 45·51 as compared with 49·33 and 30·66 respectively in the past two years.

Property stolen and recovered.

The figures for the property stolen in Thanas and Civil Stations and on the Railways, during the triennium stand as under :—

	Thanas and Civil Stations.			Railways.			Total.		
1909-1910 ...	10,477	1	9	6,641	2	7½	17,118	4	4½
1910-1911 ...	17,012	12	1½	2,512	3	9	19,524	15	10½
1911-1912 ...	17,958	2	1½	2,393	9	3½	20,351	11	5

The following figures represent the percentage of property recovered during the past three years :—

	Thanas and Civil Stations	Railways.	Total.
1909–1910 ...	42·72	11·59	30·66
1910–1911 ...	50·83	40·72	49·33
1911–1912 ...	47·84	28·29	45·51

The number of cases in which the property was stolen was 449 during the year under report as against 371 in 1910–1911 and 359 in 1909–1910 whereas the number of cases in which the same was recovered, was 288 as compared with 217 and 197 respectively during the past two years, and gave the following percentage :—

	Thanas and Civil Stations.	Railways.	Total.
1909–1910 ...	54·51	56·09	54·87
1910–1911 ..	60·45	48·33	58·49
1911–1912 ...	66·48	26·31	64·14

Supervision over bad characters.

19. The number of persons dealt with under Chapter VIII of the Criminal Procedure Code, during the year was 13, 1 of whom was bound down with security for good behaviour and the rest who failed to furnish securities were sentenced to imprisonment.

The figures under this head for triennium stand as under :—

	Number of persons placed before the court.	Number required to furnish security.
1909–1910 ...	10	9
1910–1911 ...	12	5
1911–1912 ...	13	13

Sanctioned strength of the force and the total expenditure in connection with it.

20. The sanctioned strength of the force, inclusive of the clerical staff and the temporary Vasavad Establishment is 251 officers and 911 men =1162, the total expenditure relative to which amounted to Rs. 3,34,094–2–11 during the year under report.

Punishments.

21. The punishments inflicted during the year under report were as follows :—

Strength of the force.	Number of men judicially punished.	Number of men punished departmentally.	Total.	Percentage of men punished to the total strength.
1,162	2	113	115	9·81

The following figures represent the number of men punished during the triennium :—

1909–1910 118

1910–1911 98

1911–1912 115

Rewards.

22. The number of men receiving monetary rewards was 224 during the year under report as against 147 and 90 during the two years preceding.

Education.

23. The figures shown below, represent the number and percentage of officers and men able to read and write :—

Strength.		Able to read and write.		Percentage able to read and write.		Percentage of Officers and men able to read and write.
Officers.	Men.	Officers.	Men.	Officers.	Men.	
251	911	188	701	74·90	76·94	76·50

Enlistments and resignations, &c.

24. The number of men enlisted during the year was 157 whereas the number of men leaving the force including 7 men dismissed and 7 discharged for misconduct was 109 the number of vacancies at the close of the year being only six. Of those who left service 21 men were pensioned. The figures of men who left the force and the number of men pensioned, during the triennium stand as under :—

	Number of men who left the force.	Number of men pensioned.
1909–1910 ...	108	30
1910–1911 ...	162	62
1911–1912 ...	109	21

Health.

25. 11 policemen, as compared with 11 and 9 respectively during the past two years, died during the year under report. The percentage of men admitted in hospital was 50·95 as against 62·67 and 65·60 during the two years preceding.

Buildings.

26. Construction of new lines are required at several Thanas and especially at the following places :—

Head-Quarters, Dasada, Bhoika, Dhrafa, Babra, Lakhapadar.

The first two have been represented as per this office No. 3461, dated 26th November 1911 as extremely urgent works.

The police lines at Bhoika are in a dilapidated condition and I should be glad if the question of removing the Thana from Bhoika to Untdi is decided as soon as possible. The police lines at Dhrafa, Babra and Lakhapadar are also in a similar state and require to be reconstructed as soon as the necessary funds are sanctioned.

Inspection of the Thanas and Sub-Police Stations and Out Posts.

27. The following Police Stations, Sub-Police Stations and Out Posts were inspected during the year under report:—

Name of Police Stations.	Names of Sub-Police Stations.	Name of Out Posts.	
Bagasra	Vasavad		By the Superintendent of Police.
Babra	Chamardi		
Dhrafa			
Songadh			
Paliad			
Bhoika...			
Wadhwan	Talsana	Wana	By the Assistant Superintendent of Police.
Dasada...	Jhinjhuwada	Adariana... ...	
Chotila	Datha	Anandpur ...	
Chok	Mulila	Bamanbore ...	
Lodhika		Sudamda ...	
		Dhandhalpur ...	
Bagasra	Lakhapadar	Kanpur	By the Deputy Superintendent of Police.

Village Police.

28. The number of village policemen including the Police Patels is 1,015. Of the total number of 187 Police Patels 185 are well educated, 1 indifferently so and 1 Police Patel is illiterate. I am glad to express my satisfaction at the work done by this branch of the force which always proves itself useful to the police in the detection of crime. In recognition of their services in this direction, 91 men were given monetary rewards for the assistance rendered by them, the amount distributed being Rs. 183-6-6. The number of village policemen punished departmentally during the year was 47, 2 of whom had to be dismissed from the service owing to misconduct. Of the former number (47), 3 men were punished at the recommendation of Prant Officers and Thandars. The number of men punished judicially was 3 during the year. The number of men who left the service during the year was 45, which included 3 dismissals, resulting from the judicial punishment 2 dismissals for misconduct, and 19 resignations; the services of 21 men were dispensed with on account of age, etc.

Review.

29. Crime results are very much the same as last year. A larger number of cases remained undetected during the year under report which was caused by an increase in petty crime in which the stolen property was fodder and food stuffs due to the scarcity—these in some cases were disposed of under 157 (*b*) Criminal Procedure Code and in others the conviction was not pressed. The percentage of detection in the case of murders is not as satisfactory as one could wish but the figure will be improved when two cases which are now pending before the Sessions Court are decided as they will almost certainly result in convictions.

The percentage of the value of property recovered is very nearly the same as last year although it has been greatly affected by one case of theft by a servant at Vasavad in which the property stolen amounted to Rs. 3,042-0-0 and by another under section 408, Indian Penal Code at Babra in which a criminal breach of trust was reported to have been committed in respect of property worth Rs. 1,184-4-7; the latter case was found on inquiry to be false and has been sent to the magistrate for exclusion. The former case was committed two years ago and the lapse of such a long period between the date of the commission of the offence and that of the information to the police made the recovery of a greater part of the stolen property impossible.

The percentage of conviction in robbery cases does not compare favourably with that of the last year but is much better than that of the previous year. Three of the cases are pending with the police, one of which has been detected. Some of the cases however under this head were of a very trivial nature—the stolen property consisting of fodder and food-stuffs of very small value.

The results of house-breaking and theft cases show an improvement on the past two years.

A gang of Baurias consisting of 12 made its appearance in the limits of Wadhwan Thana but before the members could commit any serious offence they were all arrested and dealt with under Chapter VIII of the Criminal Procedure Code.

The conduct, on the whole, of the force was good. They are well drilled and are progressing in shooting which is borne out by the fact that this time, we had 197 marksmen as compared with 188 and 139 during the two preceding years.

The system of the independent working of the Kathiawar Railways by the proprietory States was given effect to from the 1st August 1911.

A branch of the Bhavnagar State Railway was opened from Dhasa to Lilia Mota, and further upto Kundla and a branch of the Junagadh State Railway was opened from Shapur to Bantwa. His Excellency the Governor of Bombay visited Kathiawar and opened the Dhasa-Kundla Extension from Lilia Mota to Kundla.

The title of Khan Saheb was bestowed upon Risaldar Sabir Ali Mirfida Ali of the Kathiawar Agency Mounted Police.

A detachment of the Agency Police consisting of 6 Head Constables and 34 Constables has been stationed at Bhuj for the purpose of guarding the Government Treasury there replacing the military guard which has been removed.

The results are on the whole I consider satisfactory. A rise in crime was inevitable taking into consideration the failure of the rains and resultant distress. But the increase is only in the case of petty crime and the most comforting feature is the fact that dacoities and highway robberies of a serious nature were conspicuous by their absence. During the year there was only one dacoity and that was a very trivial one—the stolen property consisting of clothes amounting (in value) to less than 3/- and of the 6 highway robberies, in two the stolen property consisted also of grass and small value, and in the other four it consisted of clothes and cash in no case valuing more than 30/- which can in consequence be fairly presumed to have occurred owing to distress.

The work of the force on the whole has been entirely satisfactory both in the Executive and Clerical Branches. My office has been ably administered by my Shirastedar Mr. Tripurashanker Bhanshanker Bhatt, my Head Clerk Mr. Sakerlal Rewashanker, and my Police Accountant Mr. Harjiwan Juthabhai. Mr. Pryde continues to give complete satisfaction at Head Quarters and is ably assisted by the Risaldar Khan Saheb Sabir Ali Mirfida Ali in charge of the Mounted Branch. The Railways and District Inspectors have also given satisfaction. Of the Chief Constables which all did their work well I must especially mention Mr. Amantulla Rahemtulla in charge of the Civil Station Rajkot, whose excellent arrangements in the way of watch and ward, have contributed to a satisfactory absence of crime.

Mr. Trotter my Assistant and Mr. Harilal Jethabhai continue to maintain the high state of efficiency as mentioned by me last year.

I have the honour to be,

Sir,

Your most obedient servant,

T. J. B. THATCHER,
Superintendent of Police,
Kathiawar Agency.

STATEMENT A.—PART I.

RETURN OF COGNIZABLE CRIME FOR THE YEAR 1911-12.

Serial No.	Law.	Offence.	Number pending from previous year.	Number reported in the year.	Number in which investigation was refused.	Number remaining for investigation.	Number proved or declared to be false.	Number due to mistakes of law or fact or declared non-cognizable.	Number pending at end of year.	True Cases.				Total Magistrate's true cases.	Total Magistrate's cases convicted.	Grand total of true cases (Cols. 14+15).	Section 157 (b) C. P. C.	Remarks.
										Convicted.	Acquitted.	Not detected or apprehended.	Total true cases (Cols. 6+11+12+13).

T. J. B. THATCHER,
Superintendent of Police,
Kathiawar Agency.

No. 513 of 1912-13.

From

HORMASJI J. ANTIA, Esquire,

Acting Superintendent, Managed Estates,

Kathiawar ;

LIBRARY OF THE BOMBAY BRANCH OF THE ROYAL ASIATIC SOCIETY

To

J. SLADEN, Esquire, I. C. S.,

Agent to the Governor,

Kathiawar.

Rajkot, 1st June, 1912.

SIR,

I have the honour to submit the 11th Annual Administration Report of the Department of Managed Estates under my supervision for the year 1911-12 together with the annexed statement A. in the usual form. The information embodied in the latter relates to the period comprised in the Samwat year 1967—from 1st November, 1910, to 31st October, 1911—for which the Budgets of the Managed Estates are prepared. The report, on the other hand, deals with events that have occurred in the financial year, from 1st April, 1911, to 31st March, 1912. This double-barrelled arrangement is inconvenient and, to a casual reader, somewhat confusing.

Personnel.

2. The charge of the Department remained with me throughout the year. Mr. F. W. Allison, I. C. S., the permanent holder of the appointment, on return from leave about the end of November last was transferred to the Revenue Department and posted as Assistant Collector, Thana.

3. Mr. Chhaganlal Ghelabhai Mehta was my Senior Assistant from 1st April to 30th May, 1911, when he was appointed Deputy Assistant Political Agent, Rewakantha and was succeeded by Mr. Manshanker Mayashanker, who held the office till the end of the year. The office of my Junior Assistant was held by Mr. Chamanrai O. Moon from 1st to 16th April, 1911, when he was transferred to Dedan as Manager and was succeeded by Mr. Bhagwanji Bhanji, who held the post till the end of the year.

Tour.

4. I visited all the Managed Estates in my charge and inspected a considerable proportion of the villages belonging to the different Estates from central camps during my comprehensive tour in the year under report. In the beginning of the year I visited Shapur and Bhadwa and in May, 1911, camped at Mendarda, Bilkha, Bantwa and Sardargadh. In June I visited Jetpur. Owing to the prevailing drought in Kathiawar I commenced my season's regular tour early in September last when I visited Jetpur, Dhrafa and Shahpur Estates. In October I visited the villages from my camp at Wadhwan, Dasada, Jhinjhuwada and Paliad. After this I camped at Bhadwa, Jetpur, Luni, Bamanbore, Chotila and Anandpur and subsequently visited Bagasra, Dhasa, Charkha, Lakhapadar, Pachhegam, Limbda, Babra, Jetpur, Luni, Verawal and Limbdi. Since the close of the year I have toured in Bantwa, Sardargadh, Mendarda, Chiroda, Jetpur, Dedan and Lakhapadar and finally returned to Head Quarters in the last week of

May, 1912. In fact I camped at 38 places, visited 192 villages from my central camps and travelled 1,657 miles by road and 2,200 miles by rail. I have left not a single Managed Estate unvisited, while some of places were visited more than twice. Owing to the famine conditions which prevailed during the year I was obliged, while in the Districts, to remain outdoors from early morning till noon and again from afternoon to sometimes late in the evening. The remaining hours at my disposal had to be devoted to disposing of the heavy bulk of office work, which has increased over 50 per cent. since August last. I have also, with the help of my establishment, examined and checked, as usual, the accounts and records, and personally verified the cash balances, ornaments, &c., of the various Managed Estates in my charge. Both my Assistants have toured energetically throughout the greater portion of the year and have visited almost all the villages in the Estates in their charge, some oftener than once.

Number of Managed Estates.

5. The number of Estates in my charge on 1st April, 1911 was 496, to which 7 new Estates were added during the year, viz;—

1. Estate of Malek Husenmahmadkhan Jesarkhan of Dasada.
2. Do. do. Ebrahimkhan Parbatkhan of do.
3. Do. Khachar Amra Sanga of Sanosra.
4. Do. Jhala Ramsang Oghadbhai of Jakhan.
5. Do. Jadeja Kesarisang Desalji of Sisang-Chandli.
6. Do. Jadeja Pathaji Muluji of Vadali.
7. Do. Jadeja Bhurji Pragji of do.

Of these, No. 5 was for indebtedness by the application of the Encumbered Estates Rules, Nos. 1, 2 and 4 were on account of minority, Nos. 6 and 7 on account of Government loan debt and No. 3 was on account of disputes regarding partition.

6. The Estates released from Management during the year were as under:—

Estates under management due to Government loan debt ...	...	49
Do. under the Encumbered Estates Rules.		6
Do. due to minority		1
Do. other causes		2
		58

7. Deducting the number of Estates specified in para. 6 from that shown in para. 5 the number remaining under management during the year under report is as under:—

Prant.	On account of Government loan debt.	On account of minority.	Under E. E. Rules.	On account of other causes.	Total.
Jhalawad ...	176	8	26	2	212
Sorath	101	13	16	4	134
Halar	11	4	11	.....	26
Gohilwad ...	55	4	7	7	73
Total...	343	29	60	13	445

Classification of Managed Estates according to income.

8. The subjoined table shows the classification of the Estates according to their income:—

Prant.	No. of Estates with income of Rs. 10,000 and over.	No. of Estates with income of less than Rs. 10,000	Total.
Jhalawad... ...	4	208	212
Sorath	16	118	134
Halar	2	24	26
Gohilwad... ...	1	72	73
Total...	23	422	445

Contributions towards the cost of the Japti and Audit Departments and incidence of charges.

9. The contributions levied towards charges for the supervision by this Department and the audit of accounts by the Hazur Audit Department during the year were Rs. 2-13-9 and Rs. 0-14-0 per cent. respectively of the average income for the previous 3 years against Rs. 2-13-1 and Rs. 0-11-5 in the year preceding. The total cost of the Department amounted to 2·60 against 2·32 per cent. of the average income.

10. The incidence of the cost of this Department has slightly increased owing to the fact that the number of the Estates removed from management during the year is larger than the Estates taken under management. I have, in my report No. 1025, dated 18th August, 1911, conclusively shown that this Department is indispensable for the Managed Estates in Kathiawar and this is the opinion of every high officer in the past. If so, it is absolutely necessary, on economical grounds, to allow it full scope in its legitimate work. There are at the present moment about 50 Estates under irregular Japti managed, in a haphazard manner, by Thandars and recently one large Estate with an annual income of nearly a lac and possessing jurisdiction of the 5th class, which, under the Rules, ought to have been placed in charge of this Department, has been handed over to the Political Agent. The result of this arrangement will inevitably be that the smaller Estates will feel the burden of increased cost of the Department that must be thrown on them proportionate with the reduction in the number of Japti Estates.

Incidence of the cost of the revenue collecting establishment.

11. The incidence of the cost of the revenue collecting establishments varied from 6·23 in Limbda to 13·24 in Amra Vala Estate of Bagasra and 18·44 in Chiroda. The incidence of the cost in the Thana circles amounts to 8·25 against 10·19 last year, while that of the total cost on all the Estates was 9·23 against 9·98 last year. During the year, I have paid special attention to reducing the cost of the establishments generally so as not to exceed 10 per cent. and a substantial reduction has recently been effected in this direction in Chiroda.

12. The subjoined are brief accounts of the progress in the larger Estates in the different Prants.

JHALAWAD PRANT.

Dasada Estates.

13. Of the 4 Estates under management at the close of the year those of Maleks Dada Saheb, Aladatkhan and Husenmahmadkhan were released during the year, leaving

the following still under management, viz.,

1. The Estate of Malek Husenmahmadkhan ($\frac{1}{3}$rd share).
2. Do. of Malek Malek Saheb.
3. Do. of Malek Ebrahimkhanji ($\frac{1}{6}$th share).

The first and third are retained under management owing to the minority of the holders while the portions belonging to the remaining shareholders of these Estates have been released on the expiry of the 20 years' period under the Encumbered Estates Rules.

14. The past monsoon was almost a total failure and has caused more or less distress and great pecuniary loss to the Estates owing to the almost complete stoppage of the agricultural operations, chiefly due to the want of sufficient good water for irrigation. The plough bullocks were, at an early stage of the drought, removed to outside grazing grounds where, however, they did not fare well and those that survived the effects of unfavourable conditions had to be brought back and fed on grass imported from Chotila and Mendarda, &c.

15. The income during the Samwat year 1967 rose from Rs. 76,481 to Rs. 1,00,881, owing to the highly satisfactory character of the season and the abnormal prices obtained for cotton—the staple product of this part of the Province. The expenditure has increased by Rs. 7,185, due principally to the expenses incurred in connection with the disposal of the long pending suits against the Estates under the Encumbered Estates Rules and the Takavi advances made on a rather liberal scale, owing to the drought.

16. The Estate of Malek Husenmahmadkhanji having received the benefit of the 20 years' period of limitation under the Encumbered Estates Rules, all its debts amounting to over Rs. 20,000 have been wiped off and the minor Talukdar's Estate is now being managed with a clean slate. The minor is receiving his education in the Talukdari Girassia School, Wadhwan.

17. The debts against the Estate of Malek Aladatkhan having been paid off during the year, the Estate has been released from management, while the share of Ibhrahimkhan, who is studying in the Talukdari Girassia School, Wadhwan, has been retained under management owing to his minority.

18. The 20 years' period under the Encumbered Estates Rules having expired the share of Malek Malek Saheb in the Estate belonging to his branch has recently been ordered to be released. The shares of the remaining 3 shareholders of this Estate which were taken under management subsequently will, however, remain under the charge of this Department until November, 1913, when the 20 years' period expires. The debts against this Estate now are Rs. 22,199, most of which will be written off.

19. There is very little culturable land remaining waste in these Estates. Although the soil is most suitable for cotton in a good year, the want of irrigational facilities is a serious drawback in a year of drought. Water under certain depth is brackish and consequently very little could be attempted by way of raising irrigated crops. The outstandings of Takavi advances are not large and could be recovered within 3 good years.

20. 4 Kumars of these Estates are at present receiving education in the Talukdari Girassia School, Wadhwan, whereas 1, Pirumia Sedatkhan, left the school during the year under report.

JHINJHUWADA.

21. The following Estates were under management during the year:—

1. Dargaji Pati ... ... (Rasani).
2. Jasaji „ ... ... (Do.).
3. Rasani Jiwaidars ... ... (Mulada).
4. Melani Do. ... ... (Bhalgam).
5. Ranchhodji Pati ... ... (Melani).
6. Rozwa Talukdars.

Of these, No. 5 has, during the course of the year, been released from management, all its debts having been satisfied. Separate management is made of the different Estates and separate accounts maintained of the different shareholders, and as soon as any of the latter are free from debt they are allowed to have the surplus balances to their credit at the close of the year.

22. The rainfall of the season, (2·97 inches against an average of 20 inches), being entirely unsatisfactory the Taluka has suffered pecuniarily and its progress will consequently be greatly retarded. As in Dasada so in Jhinjhuwada the plough bullocks were, at an early stage of the drought, removed to the different grazing places and those that escaped death had to be brought back as the climate and feeding were unsuitable to them. Attempts at raising irrigated crops by "Dhikwas" (hand water-lifts) were made and these produced some fodder, but very little grain.

23. During the Samwat year 1967 the monsoon being satisfactory and the prices high the income of the aforesaid Estates was larger than in the preceding year by Rs. 12,307, while large surpluses were paid to the shareholders who were free from debt. This accounts for the increase in expenditure. Rs. 21,507, against Rs. 17,397 in the preceding year, were paid towards the liquidation of debts of all the Estates except Rozwa which was not able to pay a pie on this account as the suits against this Estate are still pending before the Special Officer. The outstanding debts against the first 4 Estates are now reduced to Rs. 1,37,045. Large Takavi advances had to be made owing to the existing drought which is also responsible for large areas of land remaining uncultivated A further area of 230 Vighas has, however, during the year under report, been reclaimed by the construction of "Bundhs".

SORATH PRANT.

The Estate of Valas Bhima and Bhan Desa of Bilkha.

24. The past season's rainfall was almost a total failure in the portion of the Estate situated between Jetpur and Chital, being 5 inches against an average of 25 inches, and against 41 inches 13 cents in the preceding season, whereas that in the villages near Bilkha, which adjoin the Gir forest, it was from 12 to 15 inches against an average of 35 inches and against 53·57 inches in the year preceding. The largest fall was 15 inches at Mandanpura and the smallest 1 inch at Vinjiwad. As a consequence the rain crops have failed entirely in a large portion of the Estate.

25. One of the most important events of the year for this Estate is the construction of the Railway between Junagadh and Bilkha, undertaken and completed by the Junagadh State. During the year the elder brother, Kumar Shri Bhima Vala, worked as Joint Manager and the younger, Kumar Shri Bhan Vala, as Assistant Superintendent of

Police. The partition of the Estate between the two brothers has, after some trouble and delay, been effected during the year and the share of each has, after the close of the year, been handed over to the shareholders. The elder exercises jurisdiction of the 6th class. The Agent to the Governor Mr. (now the Honourable Mr.) Hill in approving the settlement arrived at was pleased to remark, "The Agent to the Governor has noted with satisfaction the zeal and success with which you have brought about the amicable settlement."

26. The ordinary revenue during the Samwat year 1967 was Rs. 79,887 against Rs. 87,079 in the year preceding. The decrease is chiefly due to the fact that an unusual item was received last year from Azam Laxman Meram in satisfaction of what is known as the Pedhla Decree. The ordinary expenditure was slightly less, being 65,814 against Rs. 66,290, while the balance rose from Rs. 96,577 to Rs. 1,07,878 ; but unfortunately the present drought will help to reduce the balance materially, while the Takavi and other outstandings will increase. The Estate has thus after careful management been placed in a flourishing condition. There is not an inch of waste land any where in the Estate.

27. Owing to the drought the usual system of revenue collection in this as well as in the majority of the Estates under management has had to be altered with the view of giving relief to the cultivators.

The Estate of Vala Jasa Rukhad of Jetpur.

28. It is gratifying to note the marked improvement in the general health and habits of the young holder of this fine Estate by the special measures adopted. The companion, latterly designated Private Secretary, given to Kumar Shri Jasa Vala has loyally carried out the work entrusted to him and the Talukdar has creditably helped, by self restraint, in bringing about the desired improvement in his health. The latter has, during the year, taken a keen interest not only in the work of his Taluka but has also tried to place the domestic affairs of his house in order. He was consequently invested with certain independent powers as a joint Manager, and his work has been favourably reported on. The removal of the late Manager, Mr. Jiwanlal H. Nanawati, and the appointment of the present Manager, Mr. Janmashanker Ramashanker to succeed him is also a happy augury for the Estate. On the other hand, the perverse and unseemly behaviour of Bai Kamribai, aunt of Kumar Shri Jasavala, since nearly a year has, to a certain extent, marred the peace and happiness of the latter's household.

29. The past monsoon proved a failure, the rainfall in the tracts between Jetpur and Chital and at Chanaka near the Gir being 5 and 8 inches respectively compared with an average of 25 and 30 inches. The lowest fall was at Lonkotda where 75 cents were registered. As a consequence an acute drought prevails and very little revenue could be expected. But for the liberal concessions granted to the cultivators as specified in para. 27, the situation would have proved more acute, resulting in mortality amongst men and cattle.

30. The ordinary income for the Samwat year 1967 was better by Rs. 3,000 as compared with the preceding year, while the expenditure has risen by Rs. 11,896, due chiefly to the payment of a larger amount towards debt and to larger Takavi having had to be advanced owing to the drought. The Government loan debt incurred during the great famine of Samwat 1956 has already been fully liquidated, but the prevailing drought has necessitated the raising of a further loan from Government. The outstanding debt against the Estate is Rs. 1,53,005 to which should be added the sum of Rs. 73,649 awarded to the creditors by the Committee appointed under the Encumbered Estates Rules,

while one suit still remains undisposed of. Rs. 6,784 have been recovered on account of Takavi and other outstandings. The extent of culturable land lying waste is very small—125 Vighas at Chanaka—which owing to its situation near the Gir forest is unable to attract new cultivators.

31. Kumar Shri Champraj Vala, aged 9, has joined the Rajkumar College during the year.

The Estate of Valas Punja and Rukhad Loma of Nawania.

32. This Estate is an amalgamation of the late Khoda Vala's and Loma Vala's Estates, *the former having been inherited by Kumar Shri Punja Vala alone under the rule of primogeniture. The latter is invested with 5th class jurisdiction.*

33. The past monsoon's rain was quite insufficient, being 5½ inches in the villages on the Jetpur side and 10 inches in those near Mendarda. Consequently there were hardly any rain crops in the former villages, while about 8 to 10 anna crops were reaped in the latter. This Estate is consequently more fortunate comparatively.

34. Kumar Shri Punja Vala, having completed his education in the Rajkumar College and having travelled round India, is now receiving his training in administrative matters under the Manager. He is a very well-behaved young man and promises to be a successful Talukdar. His younger brother Rukhad Vala is receiving education in the Rajkumar College and the Principal reports very favourably regarding him.

35. The income for the Samwat year 1967 is slightly less than in the year preceding, being Rs. 77,326 against Rs. 80,300, while the expenditure was brought down from Rs. 71,502 to Rs. 64,970, leaving a closing balance of Rs. 1,11,883. The villages near Mendarda produced a decent quantity of grass which saved a large number of cattle of this and other Estates such as Dasada, Jhinjhuwada, Paliad and Chotila. I had also specially arranged for the grazing in these villages of several outside cattle. There is only one claim against the Estate of Rs. 36,821, which is being enquired into by the Sorath Prant Officer, under the life interest principle. The Takavi and other outstandings are rather large, being Rs. 21,141 and 26,997 respectively, chiefly due to the prevailing drought, owing to which no large recoveries could be effected, while further advances have had to be made. There is no land lying waste.

The Estate of Vala Bhima Valera of Khijadia.

36. The past season's rainfall in the villages near Jetpur and Chital was about 5½ inches, while that in those near Mendarda was about 10 inches and consequently there were fair rain crops in the latter. The crop of grass in the Mendarda villages saved a large number of cattle belonging to this and other Estates such as Dasada and Jhinjhuwada. The revenue of this Estate, on the whole, is estimated to be 7 anna in the rupee, and this, by comparison, can be regarded as satisfactory.

37. Kumar Shri Raning Vala continues to work as Joint Manager satisfactorily. It is with much regret that I have to record the very sad and untimely death of the younger Kumar Shri Moka Vala on the 16th March, 1912.

38. The receipts for the Samwat year 1967 were nearly the same as in the year preceding. The expenditure shows an increase of Rs. 6,104, owing chiefly to the payment of Rs. 10,000 towards debt which is still very large. Of the 50 claims brought against the Estate, 48 have been decided by the Special Officer appointed for this work and who

has awarded Rs. 2,35,346. Besides this there is a guaranteed debt of Rs. 2,60,000 due to Her Highness the Rani Saheb of Gondal, of which Rs. 10,000 were paid during the year.

39. The Ijardar of Kennedypura and Hathiganj having failed, Kumar Shri Raning Vala is trying to bring the waste land of these villages under the plough. By persistent efforts in this direction I hope to attain better results than by farming the villages. Unfortunately there is still a large area of waste land, especially in these villages, but it is satisfactory to note that the area has, during the year, been reduced by 1,429 Vighas.

The Estate of Valas Ebhal and Harsur Vajsur of Jetpur.

40. The last season's rains failed almost entirely. There was, however, a solitary exception in the case of the village of Chuda which received sufficient to produce from 8 to 10 anna crops.

41. Both the minor Kumars are receiving their education in the Rajkumar College and the Principal speaks very highly of Ebhal Vala's conduct and progress. Harsurvala requires to be looked after. Kumar Shri Ebhal Vala was betrothed during the year to the daughter of Bhan Kotila, the late Talukdar of Dedan. This connection can be regarded as lucky, as amongst Kathi Chiefs marriage, as a rule, is contracted with daughters of persons of inferior status who do not belong to the landed aristocratic class. This places the daughters of Talukdars at a great disadvantage, as their husbands are mere idlers without education and wholly dependent on their fathers-in-law. In this case the parties belong to the different clans, one being a Vala and the other a Kotila Kathi, which fact alone will permit of a matrimonial alliance. The 2 Kunvaris are being educated at home under a private tutoress.

42. The receipts for the Samwat year 1967 were Rs. 40,686 against Rs. 46,856 in the year preceding and the expenditure was brought down from Rs. 42,914 to Rs. 37,557, leaving a closing balance of Rs. 10,252 against Rs. 7,123 in the year preceding. The decrease in receipts is due to the fact that in the previous year larger outstandings were recovered and the sale proceeds of State animals and property formed a decent item of miscellaneous revenue. There is an ascertained debt of Rs. 65,746 against the Estate still to pay. Of the outstandings, Rs. 1,654 are on account of Takavi and Rs. 28,808 on account of mesne profits due from the Luni Estate on the land exchanged with that Taluka. It is proposed to clear the debt of Rs. 5,500 incurred on the pledge of certain ornaments by the sale of the latter. There is no waste land in the Estate.

The Estate of Vala Manasia and Desa Nag of Mendarda.

43. Although the last rains failed almost entirely in the villages near Jetpur and Chital there was comparatively a fairly satisfactory fall in those near Mendarda, being 10·25 inches. Consequently the yield in the latter was fair, especially grass, which saved the situation. There was sufficient grazing in Mendarda for the cattle of these and outside villages and grass was exported to the latter.

44. The receipts during the Samwat year 1967 were less by Rs. 3,823 than in the year preceding owing to the smaller sales of building sites and less collection of outstandings. The expenditure decreased by Rs. 6,094. The outstanding debts against the Estate amount to Rs. 36,923, but there is an appeal still pending before the Government of India in a case in which Rs. 51,000 were disallowed to the plaintiff by the Bombay Government on appeal against the Agent to the Governor's decision. The outstandings were nearly the same as in the preceding year ; larger advances had, however, to be made owing to the prevailing drought. The area of waste land was small, being 94 Vighas.

45. Kumar Shri Manasia Vala continues to work as Joint Manager. His younger brother and his son are attending the Rajkumar College.

The Estate of Vala Giga Hipa of Sanala.

46. The rainfall of the season was extremely unsatisfactory, being 4·27 inches, against 27·60 inches in the preceding year. Consequently there were hardly any crops except in small irrigated patches.

47. The income for the Samwat year 1967 was better by Rs. 4,925 as compared with that of the preceding year and the expenditure shows an apparent increase of Rs. 7,466, due largely to account adjustments, and the writing off of unrecoverable outstandings. The closing balance was better by Rs. 4,475 than in the preceding year. There is no debt against the Estate. The outstandings are being recovered as speedily as possible, but the present drought will hinder the progress in this direction. There is no waste land.

48. The minor Kumar is receiving his education in the Rajkumar College, but his progress not being satisfactory, a warning has had to be administered to him.

The Estate of Vala Amra Kala of Luni.

49. The season's rainfall was extremely unsatisfactory, being 4·10 inches, against 18·75 inches in the preceding year. One of the villages belonging to this Estate named Navi Sankli, about a couple of miles from Jetalsar was, however, exceptionally lucky in receiving fairly good rains. With the exception of this village the rain crops were an utter failure.

50. Both the receipts and expenditure during Samwat year 1967 have fallen off by Rs. 6,713 and Rs. 18,479 respectively, the former due to smaller receipts from sale of building sites, and the latter to the fact that larger remissions of unrecoverable debts were made, larger amounts were paid towards debts and expenses in connection with the Kunvari's marriage had to be incurred, last year. The debts against the Estate amount to Rs. 95,411, but owing to the past unsatisfactory season no more than Rs. 3,605 could be paid in reducing them. Large outstandings still remain to be collected, while fresh Takavi advances have had to be made during the year. A sum of Rs. 5,539, being an unrecoverable outstanding of long standing, has been written off. There is no waste land in the Taluka. Chokhabhag system of revenue collections prevails.

51. The minor Talukdar receives his education in the Rajkumar College where he is reported to be doing well. He has been adopted by Darbar Laxman Vala of Jetpur as his successor.

The Estate of Vala Ram Harsur of Bagasra.

52. The past season's rainfall was 13·23 inches against 31·77 inches in the year preceding and the agricultural prospects are consequently disappointing.

53. The yield during the Samwat year 1967 was 16 anna in the rupee and the ordinary receipts were, therefore, better by Rs. 3,408 than in the year preceding. The ordinary expenditure has increased owing to the payment of a larger amount towards debts, being Rs. 30,000, against Rs. 22,000 in the year preceding. The total debts against the Estate now amount to Rs. 1,63,928. Bai Shri Jalubai, the aunt of the Talukdar having died, the land (34 Santis) that was assigned for her maintenance has reverted to the Estate. The outstandings are being gradually recovered and it is expected that they will be fully cleared in 4 years. The area of waste land is not large, being 177 Vighas only.

54. Kumar Shri Ram Vala having returned from his tour round India in September last, has been appointed a Joint Manager, in which capacity he is working fairly well.

The Estate of Vala Amra Samat of Bagasra.

55. The rainfall of the season in this Estate was equally unsatisfactory with that in Vala Ram Harsur's Estate.

56. The yield of crops in this Estate in Samwat 1967 was satisfactory. The total receipts were better by Rs. 2,260 and the ordinary expenditure slightly larger as compared with the preceding year. The Estate is free from debt. The outstandings are still large, being Rs. 4,754 and energetic measures are needed for their recovery. There is no waste land in the Estate.

57. The young Kumar, 10 years old, is receiving his education in the Rajkumar College.

The Bantwa Estates.

58. The following 4 Estates were under management during the greater portion of the year :—

(1) Bantwa Nakra Estate of Khan Shri Jorawarkhan.

(2) Bantwa Kotdi Estate of Khan Shri Chiragmahmadkhanji.

(3) Bantwa Dadwa Estate of Khan Shri Amirkhan.

(4) Bantwa Desinga Estate of Khan Shri Mahomad Amirkhan.

Of these, the first was managed under the orders of the Civil Court of the Political Agent, Sorath Prant. It was released from management on 24th March, 1912. The rest are being managed, on account of indebtedness, under the Encumbered Estates Rules. The jurisdiction over these Estates has been exercised by Khan Shri Sher Bulandkhan. The expenses on account of administration are defrayed out of the produce of the joint Giras specially set apart for this purpose.

59. The last monsoon, though not an utter failure as in the other parts of Kathiawar, can not be regarded as altogether satisfactory, the rainfall being 10·86 inches against 38·36 inches in the year preceding and the outturn of crops is consequently poor.

60. Plague again appeared in Bantwa during the year under report and lasted for 3 months. A son was born to the wife of Khan Shri Chiragmahmadkhan of Kotdi. The latter's sister was married during the year. 5 Kumars of the different Bantwa Jagirs receive education in the Talukdari Girassia School, Wadhwan.

61. The receipts for the Samwat year 1967 have risen by Rs. 10,208, while the ordinary expenditure is larger by Rs. 5,352 than in the preceding year, the latter due to the marriage of Khan Shri Chiragmahmadkhanji's sister and the expenses in connection with the suits against the Kotdi Estate under the Encumbered Estates Rules.

All the debts against this Estate have been paid off and it has, therefore, been released from management since the close of the year. Thus after 11 years of careful management the Estate has been handed over to its owner free from debt and with a decent cash balance of Rs. 25,000. One-third of the total number of claims against the Dadwa and Desinga Estates have been heard by the Special Officer, and when the remaining claims are decided a liquidation scheme will be prepared. Large Takavi advances, amounting to Rs. 3,041, have had to be made during the year owing to the drought, thereby swelling the outstandings. There is no waste land in any of the Estates.

The Estate of Khan Shri Jabardastkhanji of Sardargadh.

62. The last season's rains, though better than in other parts of Kathiawar, were not altogether satisfactory, being 7·25 against 36·25 inches in the year preceding and the outturn of crops is consequently poor.

63. The ordinary income of the Estate for the Samwat year 1967 was nearly the same as in the preceding year and the ordinary expenditure less by Rs. 3,069, leaving a closing balance of Rs. 42,402. Of the ascertained debt, Rs. 28,951 have been paid upto the end of the year, leaving Rs. 10,160 to be paid hereafter. Owing to the prevailing drought the outstandings have risen from Rs. 6,828 to Rs. 16,814. There is very little waste land in the Estate.

64. The minor Talukdar, 4 years of age, is residing with his mother in the Rajkot Civil Station.

Dedan.

65. There are 3 Estates under management, viz., those of Kotila Unad Bhan, Kotila Naja Raning and Mota Barman.

66. The last season's rainfall was deficient and not well distributed, being 9·19 inches as against 32 inches in the preceding year.

67. Kotila Unad Bhan left the Talukdari Girassia School, Wadhwan, during the year and is now receiving administrative training under the Manager.

68. The income for the Samwat year 1967 of the Estate of Kotila Unad Bhan has slightly increased and that of Kotila Naja Raning has somewhat fallen off. The expenditure in both the Estates has, however, been reduced. Owing to the prevailing drought no portion of the debts against these two Estates could be paid off which now stand at Rs. 17,560 and Rs. 37,598 respectively. The Mota Barman Estate is free from debt. The outstandings have increased during the year owing to the drought, while no large recoveries were possible.

The land lying waste in these Estates is as under :—

Kotila Unad Bhan	...	...	1,483 Vighas.
„ Naja Raning	...	...	1,742 Do.
Mota Barman	...	...	301 Do.

The Manager has been directed to look into this and reduce the area of waste. But the hilly and unproductive nature of the soil prevents new cultivators from outside establishing themselves in Dedan. Owing to want of water facilities very little irrigation is possible and the cultivators ordinarily content themselves with the rain crops and the vast quantity of grass growing on the hills.

HALAR PRANT.

The Estate of Jadeja Prabhatsang Bhupatsang of Shapur.

69. The rainfall of the past season was an entire failure, being less than an inch, and no monsoon crops could consequently be raised, while irrigated wheat and Methi were damaged by rust and frost.

70. Kumar Shri Prabhatsang receives his education in the Rajkumar College where he is reported to be making satisfactory progress and is considered one of the best at sports.

71. The income for the Samwat year 1967 was slightly less than in the year preceding, due to the damage done to winter crops by rust and frost. The expenditure has risen by Rs. 3,988 owing to the grant of Takavi on a larger scale and payment of a larger amount towards debt which now stands at Rs. 4,226. The heavy outstandings of the time of the late administration are being gradually collected, but much progress was not possible during the year on account of the drought There is some waste land in the village of Verawal which is being given to new cultivators.

The Estate of Jadeja Balsing Pratapsing of Bhadwa.

72. The past monsoon was an entire failure, the rainfall being 2·50 inches against 25·39 inches in the year preceding and consequently nothing but some irrigated crop could be produced.

73. The young Talukdar, Kumar Shri Balsing and his younger brother Kumar Shri Harising are receiving their education in the Talukdari Grassia School, Wadhwan. Both the Kumars are extremely well-behaved, intelligent and of charming manners. Kumar Shri Balsing was betrothed during the year to the daughter of a Chuda Bhayat of Kudla

74. The ordinary receipts for the Samwat year 1967 were smaller by Rs. 2,875 as compared with those in the year preceding owing to the fact that no income from Suped has been received owing to the settlement effected with the Gondal State whereby Bhadwa has given up all its rights in Supedi on receipt of a lump sum of Rs. 1,40,000. The ordinary expenditure was greater by Rs. 4,599 owing to payment of arrears of contribution on account of the Japti and Audit Departments, the increase in Darbar charges on account of the drought and the increase in the pay of the Manager, &c. The Taluk having paid Rs. 62,853 towards debt a sum of Rs. 28,087 now remains to be paid on this account, which will be gradually done as it has been decided to invest the greater portion of the amount of compensation for the loss of rights in Supedi received from the Gondal State. It was originally intended to invest Rs. 80,000, but owing to the prevailing drought Rs. 60,000 only could be invested. The Chokhabhag system of revenue collection prevails. The outstandings are not large. There is very little waste land.

75. The claim of the Taluka in the villages of Kathrota and Kalaria are still hanging fire in the Gondal Courts and the promises made by the latter State, when the Supedi settlement was being effected, to lend friendly assistance in disposing of these claims still remain unfulfilled. When these claims are decided it is expected that Rs. 33,000 will be received on account of mesne profits for several years.

GOHILWAD PRANT.

The Estate of Gohils Ratansang and Bhavsang Bhagwatsang of Limbda.

76. The rainfall of the last mosoon was an utter failure, being 2 inches and no crop except in small patches of irrigated areas could be raised.

77. The receipts for the Samwat year 1967 were Rs. 3,219 more than in the preceding year. The expenditure has risen by Rs. 1,388 due to Takavi advanced on a liberal scale to the cultivators owing to the drought. The Estate being free from debt was released from the operations of the Encumbered Estates Rules, although the management continues until the disputes between the brothers relating to partition are settled. There was a closing balance of Rs. 28,728 at the end of the year. The outstandings are not large, but they have increased during the year owing to Takavi advanced. There is no waste land in the Estate.

The Estate of Vala Godad Rawat and Nana and Jaita Kalu of Babra.

78. The season's rainfall was quite insufficient, being 6·7 inches against 25·37 inches in the previous year and the income is consequently expected to be about an anna and a half in the rupee from irrigated crops.

79. This Estate was released from Management, but has been reattached for the purpose of recovering the debts due to certain creditors under the orders of Government. The accounts of the different shareholders have recently been settled, but there are disputes among them regarding certain items which have been referred for the decision of higher authority. As soon as these are settled and the amount due to creditors paid the management will be removed.

Education.

80. The following Kumars attend the Rajkumar College, Rajkot:—

1. Kumar Shri Vala Amra Kala of Luni.
2. ,, ,, ,, Rukhad Loma of Nawania.
3. ,, ,, Prabhatsang Bhupatsang of Shapur.
4. ,, ,, Vala Desa Nag of Mendarda.
5. ,, ,, ,, Giga Hipa of Sanala.
6. ,, ,, ,, Ebhal Vajsur of Jetpur.
7. ,, ,, ,, Harsur Vajsur of do.
8. ,, ,, ,, Amra Samat of Bagasra.
9. ,, ,, ,, Champraj Jasa of Jetpur.
10. ,, ,, ,, Naja Manasia of Mendarda.

81. The following Kumars receive education in the Talukdari Grassia School, Wadhwan:—

1. Kumar Shri Mabomadkhan Bapjiraj of Dasada.
2. ,, ,, Asmankhan Fatehkhan of Do.
3. ,, ,, Ibhramkhan Parbatkhan of Do.
4. ,, ,, Husenkhan Jesarkhan of Do.
5. ,, ,, Jadeja Balsing Partapsing of Bhadwa
6. ,, ,, ,, Harising Pratapsing of Do.
7. ,, ,, Prathising Umedsing of Dudhrej.
8. ,, ,, Balsing Umedsing of Do.
9. ,, ,, Khachar Rawat Laxman of Paliad.
10. ,, ,, Jhala Gagubha (Bhavsing) Jaswatsing of Karmad.
11. ,, ,, ,, Abhesang Akheraj of Karmad.
12. ,, ,, ,, Jalamsang Chandrasing of Gedi.
13. ,, ,, ,, Mansang Dolatsang of Ankewalia.
14. ,, ,, Khachar Pithoo Bhan of Chotila.
15. ,, ,, ,, Jiwa Amra of Sanosra.
16. ,, ,, ,, Vira Amra of Do.
17. ,, ,, ,, Surag Bhan of Do.
18. ,, ,, ,, Giga Kanthad of Vankia.
19. ,, ,, Vala Visaman Valera of Monvel.
20. ,, ,, Jadeja Bhagwatsing Verubha of Shahpur.
21. ,, ,, Abderahimkhan Hajifatehalikhan of Desinga.
22. ,, ,, Navrangkhan Mujfarkhan of Do.
23. ,, ,, Abdulkarimkhan Hajifatehalikhan of Do.
24. ,, ,, Khanjahankhan Amirkhan of Dadwa.

82. Kumar Shri Jhala Natwarsang Balubha of Talsana is studying in the Wadhwan Dajiraj High School and Kumar Shri Jorawarsing Chandrasing of Gedi in the Talukdari Grassia School, Rewakantha.

83. The sons of the petty Talukdars and Grassias who are too poor to send them to either one or other of the aforesaid educational institutions are allowed to attend the local village schools. 22 boys of the Thakarda Talukdars and Grassias of Jhinjhuwada thus attend the local school and a daughter of a Rawani shareholder attends the girls' school there. Besides the aforesaid institutions there is another excellent Grassia School at Gondal where the charges are moderate. Every care is taken to see that no son of an Estate holder under my supervision remains without education.

84. In my last Administration Report I have recorded some remarks as to the method to be adopted in keeping up the moral tone of the Kumars attending schools and colleges and I would repeat what I then said, viz —With regard to the education of the Kumars attending colleges there has been a general complaint that soon after leaving the college some of them unlearn what they have acquired there. There is a great deal of truth in this complaint, but the college authorities cannot be held responsible for this. They are earnestly and conscientiously doing their best to improve the minds of their pupils. But the root of the evil can be traced in the early associations some of these Kumars form with undesirable menials in the household. The parents, guardians and Managers would, therefore, do well to watch the company these Kumars keep while at home and to see that all undesirable young menials are scrupulously excluded from their private rooms. The principle of self help should be constantly inculcated in their minds and when the Kumars are about to leave the College for good or during vacations they should receive special lectures on the principles that should govern their conduct at home. A short catechism containing broad hints in these matters, printed in Gujrati, showing what things the boys should avoid and what would be the best method of passing their time at home, might be published by the College authorities and supplied to each student, who should be required, when returning to College at the end of the vacation, to produce a certificate from parents, guardians or Managers showing that he has acted upon the instructions contained in the catechism during his stay at home. Constant lecturing on these subjects might probably bring about the desired results.

Season of 1910.

85. As remarked in the last Administration Report the monsoon of 1910 was, on the whole, a highly satisfactory and wet one. The rains commenced unusually early and continued upto the last, giving even the Hathia or Elephanta showers which have been rare during the past few years. But as the saying is it was too much of a good thing and the crops suffered from excessive moisture in places. Subsequently the winter frost, which was unusually heavy, did damage to wheat. But with all these drawbacks, the abnormal prices that ruled generally in the Province helped to bring in large receipts, in some cases nearly double the usual amount, and general prosperity prevailed.

The season of 1911. A brief account of the prevailing drought.

86. The rainfall throughout the Province, except a few places near the Gir such as Bilkha, Mendarda, and parts of Bantwa, Sardargadh, Bagasra and Dedan, was entirely insufficient and consequently no monsoon crops could be sown and where sown, the seeds either did not germinate at all or the plants did not rise above half their usual height or did not come into ears and had to be used as fodder. The people held out hopes for rain till the last moment and there was, in the commencement, some difficulty in persuading them to irrigate the standing crops. For, the Kathiawar Khedut is no believer in human efforts to save an unfavourable agricultural situation and it requires wonderful patience and perseverance on the part of the landlord to induce him to abandon his "Kismat" theory.

87. As soon as it became evident at the end of July that no further hopes of rain could reasonably be entertained, a note of warning was sounded and measures were taken to induce the cultivators to raise as much irrigated crops as the water facilities at their disposal could permit and orders were accordingly issued to advance them Takavi for the purchase of Kos, Varat (for lifting water from wells), seeds and money help in some cases to clear silted and disused wells and sink new ones. The money lenders, at the first sign of the approaching distress, stopped the usual advances of grain and money loans to needy cultivators and it was, therefore, found necessary for the Estates to give them the required quantities of grain for their maintenance Fortunately at this time water in the wells was plentiful owing to the previous monsoon being satisfactory. It was soon realised that we were going to have an acute fodder famine. For of late years cultivators have grown indifferent to the necessity for laying by a stock of fodder against a season of drought, being forced to do so by too frequent cases of incendiarism. They were, therefore, now in a sad predicament how to save their cattle. However, having once been awakened to the necessity for putting their shoulders to the wheel and having the recollection of the last great famine vividly before their mind's eye, all available patches of land under command of wells were soon sown with irrigated quick growing grains and fodder such as Bajri, Juwar, maize, Jav, Lucerne grass, Methi, Wheat, Mag, Math, Arad, as well as inferior grains such as Kang, Chino and Banti, &c., &c. About this time several cultivators arranged to remove their spare cattle, by rail or road, to places such as the Junagadh and Mendarda Gir, Songadh-Viara, Rajpipla, Broach, &c., where pasture was available.

88. The general efforts to raise irrigated crops, stimulated by the officials of this Department, had very much to do with the saving of a large number of cattle. In the early stage of the drought I issued several circular orders and held meetings of my Assistants and Managers, explaining in detail the principles of the Bombay Famine Relief Code that should govern their action and impressing upon all the necessity for a sharp look out. The village inspection work was systematically performed by the Managers and Vahiwatdars, the latter acting as Circle Inspectors. Diaries of the Managers have been regularly received every week and checked by me.

89. There have been very few complaints so far. Those received were from petty Grassias whose annual income in ordinary years is less than Rs. 200 and the share of some of whom is so little as Rs. 8 or even less. These people are no better than ordinary cultivators and maintain themselves as such, their Estates being irretrievably encumbered with debts ; but at a time like the present they are ready to stand on their dignity as Talukdars. They would take no trouble to raise any crops but expected to be fed in idleness and supplied with opium. The most troublesome amongst these were the Grassias of Dahida-Padargadh, and Manavav in Lakhapadar Thana, Khantdi in Chotila Thana and Rozwa in Jhinjhuwada.

90. It appeared necessary to grant the cultivators as much relief as a paternal Department could having regard to the pecuniary condition of the Estates concerned, and proposals were accordingly submitted by me and approved by the Agent to the Governor, Kathiawar, in the matter of altering the ordinary system of revenue collections and substituting it by the grant of various concessions and remissions. The timely grant of these concessions resulted in keeping the cultivators to their holdings and preventing them migrating in search of other occupations.

91. Notwithstanding the almost total failure of the monsoon one fact stood out prominently. In the commencement of August every one anticipated acute distress, not only amongst cattle but also amongst human beings, but these fears were soon dispelled and this can be attributed to the following causes :—

(1) Two previous good years, enabled both the cultivators and labourers to

make unusually large earnings owing to abnormal prices of food stuffs and cotton and abnormal rates of wages of labourers, whereby they made some savings.

(2) Those cultivators as had no such savings were, as already stated above, helped with Takavi on an unstinted scale.

(3) Many large works in and out of Kathiawar such as Railways, Mills, Factories, and grass cutting operations gave employment to thousands of labourers. Rates of wages continued to be high and tempting offers from contractors, who were busy recruiting labour, attracted the people to places such as Surat, Baroda, Broach, Khandesh, Bombay, Karachi and to the new Railways such as the Junagadh-Bilkha, Dhasa-Kundla, Khijadia-Chalala, Botad-Jasdan and Viramgam-Shaukheshwar *via* Dasada. Again, the labourers of Bhoika and Wadhwan Thanas bordering on Null-Kantha found lucrative employment in excavating the grass root called "Bid" which makes good food for animals. A maund of this fetches 4 or 5 annas and one man can collect about 3 maunds in a day. An idea of the scarcity of labour can be obtained from the fact that whereas in ordinary years the rate of cutting 1,000 bundles of grass is one rupee it was found difficult to get this work done for double the rate during the year under report.

92 The aged and infirm, who were unable to work, were looked after under a system of supervision which can be characterized as efficient. Charitable subscriptions (in cash or grain) were raised in large villages for the maintenance of these incapables and when these funds were exhausted help was continued from the Estates concerned. Some help was received in the shape of 250 Chadars from the Bombay Central Famine Relief Committee, and Rs. 315-4-0 from Kumar Shri Harbhamji for clothes for poor Grassia widows out of the funds he raised in Rajputana and other places.

93. A large number of cattle was saved by the timely assistance offered by the Junagadh Authorities in the shape of Gir grass to the extent of 5,95,000 lbs. at moderate prices and later the Bombay Central Famine Relief Committee supplied grass for sale at the cheap rate of Rs. 10 per 1,000 lbs. The total quantity received from the latter was 11 lacs lbs, besides 2,65,500 lbs. of grass received from them free of charge. For this I am indebted to Mr. S. N. Pandit, the vice, President of the Kathiawar Central Famine Relief Committee, who has ever been anxious and ready to render every possible assistance in saving cattle. Besides these helps, I was able to arrange to supply, at moderate rates, to the Rajkot Civil Station and the petty Estates in Paliad and Chotila, 2,51,659 lbs. of grass from the Nag Vala, Khijadia and Nawaniya Estates at Mendarda. Some grass was also supplied from Chotila at an early stage of the drought to the Dasada and Jhinjhuwada Estates. The stacks of grass in the Vajsur Vala and Bilkha Estates and at Sakhpur, Virpur and Monvel were also utilized for distribution to places where grass was badly needed. All these extraneous aids were supplemented by tons of irrigated fodder produced by the never failing energies of the cultivators, and the following table will show the results obtained so far :--

No. of cattle on 31st March, 1911.			Mortality upto 31st March, 1912.			No. of cattle on 31st March, 1912.			Percentage of cattle saved.		
Plough bullocks.	Milch cattle.	Calves.	Plough bullocks.	Milch cattle.	Calves.	Plough bullocks.	Milch cattle.	Calves.	Plough bullocks.	Milch cattle.	Calves.
17,597	13,593	13,317	2,650	2,344	2,052	14,947	11,249	11,265	84·9	82·7	84·5

It will be seen that 84·9 per cent. of the plough bullocks and 82·7 per cent. of the milch cattle have escaped the effects of the drought upto 31st March, 1912. Steps are in progress to replace the plough bullocks that have died by new purchases at the Ahmedabad market and the first batch of 600 is expected to be received by the 15th June, 1912.

94. The accompanying table B. will give some idea of the amount of Takavi, &c., given for various objects, the number of wells newly sunk and the benefit the Estates will derive therefrom, as also the extent to which it is estimated the different Estates have suffered by the drought.

95. The only relief works opened so far were at Talsana and Parnala in the Wadhwan Thana, Kamalpur in Bhoika Thana, and Baldhoi in the Halar Prant. These, however, have attracted very few labourers and those too mostly appear to belong to these villages.

96. In some of the villages under Wadhwan and Bhoika Thanas there has been a water famine, as no potable water is available in these places. Pits were dug in the dry beds of tanks and these would give fairly potable water for a fortnight when suddenly the water would turn brackish by being mixed with that in the lower strata. The villagers have consequently had to resort to the neighbouring villages for their drinking water.

97. The general condition of the Managed Estates was, until last year, showing signs of decided improvement, but the present drought has unfortunately set the clock back and the process of retrogression has again set in. However, the measures taken as described in the preceding paras to keep the cultivators to their holdings will be the means of enabling the Estates to resume their normal condition within 2 or 3 good years. 55 Estates which used to be managed on account of indebtedness were freed from management during the year under report. Every possible care is taken to exercise economy, and while passing the Budgets I am particular in firmly running my pen through all items of unnecessary or lavish expenditure. Some idea of the work of this Department can be formed from the fact that although the number of Estates under management during the year has fallen by 51 the revenues have increased by Rs. 81,780 and the expenditure reduced by Rs. 2,918, while the balances are larger by Rs. 2,41,408 as compared with the figures for the year preceding.

The general condition of the Estates under management.

98. The Encumbered Estates Rules have been a veritable blessing to those whose predecessors have launched them in hopeless embarrassment; but with all this there are some who are ever ready to gain an unfair advantage from these Rules. For as soon as the enquiries into claims result in a substantial reduction of the debts the unscrupulous amongst the Talukdars readily come up with an application to allow them to pay off the debts somehow, as a rule by borrowing at high rate of interest. Thus, on the one hand, while they are most anxious in the commencement to hand over the Estate to be managed by this Department, as soon as their object is gained their love of power and extravagance makes them equally ready to run into fresh debts before the work of management is satisfactorily completed. All interest on the debts ascertained under the rules ceases, while those incurred anew are saddled with heavy rates of interest. Compliance with such applications would thus be detrimental to the interests of the Estates; the Rules moreover prohibit this.

99. The cost of the Department is extremely low, being 2·60 per cent. looking to the benefits it confers. Although the drought has prevented any large outstandings being recovered the management has been able to pay off Rs. 2,17,122 towards debts during the year under report. When the orders of Government remitting the old famine debt are

received several petty estates will be freed from indebtedness, but unhappily these and many more will again have to be placed under management for fresh loans given by Government during the year. The system whereby the Estates are allowed to be freed from management by their holders passing bonds for payment of the debts by fixed instalments has not proved successful so far, as these people, from their inborn habits of extravagance, are unable to save money to pay the stipulated instalments which thus remain in arrears.

General condition of the people.

100. The people had just emerged from their condition of indebtedness after hard struggles for over 10 years, but the existing agricultural situation has seriously retarded the progress and from the effects of which they can only gradually recover with a succession of good years. The Ubhads or labouring classes are, on the whole, in a fair condition and have happily spared us the trouble and anxieties during the prevailing drought.

General remarks.

101. The most important event of the year was the Coronation of Their Imperial Majesties, the King-Emperor, George V and Empress Mary and the magnificent Darbar held by them at Delhi on 12th December last. Concurrently with the reading of the Royal Proclamation in Delhi the same was read in every Head quarter town and village throughout the Managed Estates. The Talukdars, Grassias and their subjects vied with each other in celebrating the unique occasion in the most ostentatious and befitting manner. Whole towns and villages were gaily decorated and illuminated, Darbars and loyal meetings were held, presided over by the Talukdars in large towns and by the Managers, Vahiwatdars, Fozdars and Police Patels in villages, where the Royal Proclamation was read. The poor and the school children were fed on sweet meats and the latter awarded prizes and coronation medals. In fact the day was spent in great rejoicings and observed as the most important holiday and feelings of genuine loyalty and devotion towards the person and throne of Their Imperial Majesties pervaded every where. The unique event is universally regarded as the most unprecedented and as one tending to lead to the most beneficent results for this country.

102. As remarked last year the experiment of employing Grassias in this Department has not been successful. I have myself tried to give them every encouragement, as far as possible, by selecting men of this class for higher appointments, but I am sorry to observe that they have hitherto failed to come up to my expectations.

103. During the yaar I had to reduce 5 Vahiwatdars for malpractices. 3 Karkuns had to be reprimanded and transferred to other places and 4 were fined for bad work. The work of the Dedan Manager, who was specially selected to place the affairs of these Estates on a satisfactory basis was, at my recent inspection, found very slack. The services of one Manager had to be dispensed with and another was forced to retire for misbehaviour. With the exception of these cases the general tone of the establishments has, on the whole, greatly improved. I am glad to place on record that my Assistants and Managers have worked hard and cheerfully since the commencement of the drought and my own office establishment has had extremely heavy work to perform and in consequence of which it had to be specially strengthened. They have worked most satisfactorily, especially my Shirestedar, Mr. Kanji Bogha, whose unflagging energy and devotion to his duties are deserving of praise.

I have the honour to be,

Sir,

Your most obedient servant,

HORMASJI J. ANTIA,

Acting Superintendent, Managed Estates,

Kathiawar.

Rajkot, 1st June 1912.

HORMASJI J. ANTIA,

Superintendent, Managed Estates,

Kathiawar.

No. 460 OF 1912.

From

Major W. M. HOUSTON, I. M. S,

Agency Surgeon, Kathiawar.

To

The SANITARY COMMISSIONER

for the Government of Bombay.

Dated 18th July 1912.

SIR,

With reference to your letter No. 897, dated 29th February 1912, to the address of the Agent to the Governor, Kathiawar, copy of which was forwarded to me under his endorsement No. 1742 of 11th March 1912, I have the honour to forward herewith the Annual Statements of Vaccination on forms Nos. I, II and IV.

2. The States of Junagadh, Jamnagar, Bhavnagar, Dhrangadhra, Morvi and Gondal control their own Vaccination operations.

3. The control over the Vaccination operations was handed over to the Porbandar State on 1-4-1911.

4. The figures of the above States are therefore given separately in the statements annexed.

5. The following table shows the number of villages visited by the Vaccinators and inspected by the Superintendents and their Assistants :—

Names of Districts.	NUMBER OF VILLAGES.				NUMBER OF CHILDREN INSPECTED BY		REMARKS.
	Total.	Visited by Vaccinators.	INSPECTED BY.		Assistant Superintendents.	Superintendents.	
			Assistant Superintendents.	Superintendents.			
Under the Agency Surgeon, Kathiawar.	1,537	1,536	905	67	25,209	5,804	
Junagadh State	842	842	486	313	9,672	10,000	
Jamnagar „	683	683	352	56	7,817	1,943	
Bhawnagar „	659	657	379	35	10,890	4,404	
Dhrangadhra„	142	142	139	21	2,251	504	
Morvi „	146	146	146	52	1,919 4	848	
Gondal „	174	168	174	56	4,206 88	3,398 118	
Porbandar „	101	98	62	42	1,296	907	
Junagadh State Railway ...	34	1	...	...	65	...	
Bhawnagar „ ...	86	...	...	...	...	...	
Gondal-Porbandar „ ...	78	...	...	...	213	...	
TOTAL ...	4,482	4,273	2,643	642	63,630	27,926	

Porbandar State shows only one place Porbandar itself—infected, and only 12 cases occurred. The control was handed over to the State on 1-4-1911 considering that this State was frequently severely affected with the disease in past years, that the Memon population have always proved obstinate in submitting to vaccination and that the disease was unusually prevalent throughout the Province this year, the State is to be congratulated.

Morvi shows 27·9 per cent. Vaccination per 1,000 of population. The average figures for the past 8 years (1903-04 to 1910-11) in that State is only 23. Unless the birth rate is lower in Morvi State than in others, there must be a considerable number of unvaccinated children at present in the State.

Morvi shows 24 re-vaccinations performed during the year, all of which are returned as successful. The number, is, of course, a small one but cent per cent. success in even such a small number must be very rare indeed. Jamnagar also shows an astonishingly high figure of success in re-vaccinations, viz., 92·34 per cent. in 222 cases. On looking back I find that the State returned 95·58 per cent. success in 1909-10 and 96·33 per cent. in 1910-11. Such figures as these would be considered good even for primary Vaccinations.

6. The following table shows the reported incidence of Small-pox in the Province during the year :—

Districts.	Number of villages affected.	Cases of Small-pox.		Deaths from Small-pox.		Remarks.
		Previously protected.	Previously unprotected.	Previously protected.	Previously unprotected.	
Under the Agency Surgeon, Kathiawar.	264	1,241	1,291	31	272	
Junagadh State	250	1,155	629	21	131	
Jamnagar	53	464	237	20	62	
Bhawnagar	83	467	1,153	24	176	
Dhrangadhra	2	9	7	...	1	
Morvi	5	23	4	2	...	
Gondal	58	888	731	67	175	
Porbandar	1	4	8	...	1	
Junagadh State Railway..	...	...	...	...	...	
Bhawnagar „ ...	5	3	5	2	2	
Gondal-Porbandar „ ...	6	6	6	1	1	
Total ...	727	4,260	4,071	168	821	

It will be seen from the following figures that Kathiawar has been visited by a very severe epidemic of Small-pox during the year :—

Year.	Total number of cases.	Deaths.
1907–08	486	52
1908–09	685	121
1909–10	2,382	246
1910–11	2,686	411
1911–12	8,331	989

7 The use of Belgaum glycerinated lymph was continued as far as the small amount of money for its purchase was available (Rs. 239-9-6). The results for primary vaccinations were 97·6 per cent. success with an insertion success of 91·3 per cent. in 4,938 known cases. The extended use of this lymph would undoubtedly tend to increase the popularity of vaccination, as many people object to arm to arm vaccination and it would obviate the necessity of taking lymph children away from their homes to neighbouring villages for the purpose of starting a lymph supply in the latter.

Establishment.

8. During the year the Assistant Superintendents visited all the villages requiring inspection. On the whole the vaccinators performed their work satisfactorily. One Vaccinator was reduced from 3rd grade to the lowest paid candidateship on account of bad work and a few fines were inflicted on others.

I have the honour to be,

Sir,

Your most obedient servant,

(Sd.) W. M. HOUSTON, M. B., D. P. H.,

Major, I. M. S.,

Agency Surgeon, Kathiawar.

No. 461 OF 1912.

Dated 18th July 1912.

Copy forwarded with compliments to the Agent to the Governor, Kathiawar, together with three accompaniments with reference to his No. 1742, dated 11th March 1912.

Vital Statistics.

It will be noticed that the figures for birth rates vary from 55·61 per 1,000 in Dasada Thana to 19·8 in Babra Thana. The notice of the authorities in the latter place has frequently been drawn to the defective registration. However it shows some improvement over last year. Generally speaking the system of registration which is still defective, is gradually improving.

W. M. HOUSTON, M. B., D. P. H.,

Major, I. M. S.,

Agency Surgeon, Kathiawar.

To,

THE AGENT TO THE GOVERNOR,

Kathiawar.

KATHIAWAR AGENCY P. W. D.,

Rajkot, 11th May 1912.

SUBJECT:—Administration Report for 1911-12.

SIR,

I have the honour to submit herewith my Annual Administration Report on the Public Works executed during the year 1911-12.

I have the honour to be,

Sir,

Your most obedient servant,

E. W. PROCTOR SIMS, A. M. I. C. E.,

Agency Engineer, Kathiawar.

ADMINISTRATION REPORT ON PUBLIC WORKS EXECUTED DURING THE YEAR 1911-12.

GENERAL.

1. The total expenditure incurred on Public Works and Repairs under the respective Funds executed during the year was shown in the Statement hereto attached.

BUILDINGS.

Original Works.

2. The following principal works (commenced last year) were completed during the year under report:—

Completing the re-roofing of the Barton Female Training College.

3. The following were commenced and completed during the year:—

1. Constructing a masonry weir and earthen dam across the Ghozara Nala to distribute water to the Rawal Miani gheds.
2. Stables in the Rajkumar College, Rajkot.
3. Bath room accommodation for the minor Rana Saheb of Porbandar in Rajkumar College, Rajkot.
4. Compound wall to the new Guest House at Bilkha.
5. Special Repairs to Karadia Bundh near Malia.
6. Tent room at Jetalsar.
7. Police chokey near Shett Ratanshi Mulji's Dharamshala, Rajkot.
8. Servants' quarters to the Assistant Surgeon's Bungalow, Wadhwan.
9. One block of latrines for the Police at Wadhwan.
10. Sullage-water drain near Jasdan Uttara in Rajkot.

4. The following works were continued and are still in progress:—

1. Jail at Palitana.
2. Dispensary at Gariadhar.
3. School at Soornivas.
4. Thana buildings at Songadh.

5. The following principal works were commenced during the year and are in progress:—

1. Record Room at Malia.
2. Miana Sim bandh.
3. Chikhli Tank under Malia.

} Carried out as Famine Relief Works.

4. Police buildings at Datha.

REPAIRS.

6. Annual repairs to the buildings in charge of this Department were carried out during the year.

COMMUNICATION.

Original Works.

7. The paving of the Machhu causeway commenced last year was completed during the year.

8. The following principal work was commenced and completed during the year:—

1. Special Repairs to culvert No. 4 in Sankli limit near Jetpur.

9. The following works were continued and are still in progress :—

1. Owen bridge at Palitana.
2. Retaining wall to Do.
3. Approaches to Do.

REPAIRS.

10. Usual repairs to the Trunk Road in charge of this Department were carried out during the year but owing to failure of monsoon did not prove very satisfactory.

E. W. PROCTOR SIMS, A. M. I. C. E.,

Agency Engineer, Kathiawar.

E. W. PROCTOR SIMS, A. M. I. C. E,
Agency Engineer.

No. 330 of 1912-13.

From,

DHIRAJRAM V. VYAS, Esquire, B. A.,
Agency Educational Officer, Kathiawar.

To,

J. SLADEN, Esquire, I.C.S,
Agent to the Governor, Kathiawar.

Camp Rajkot, dated 21st May 1912.

SIR,

I have the honour to forward herewith my Annual Report on the Progress o Education in Kathiawar with the necessary statements for the year 1911-12.

I have the honour to be,
Sir,
Your most obedient servant,
DHIRAJRAM V. VYAS,
Agency Educational Officer, Kathiawar.

REPORT ON THE PROGRESS OF EDUCATION IN KATHIAWAR

FOR THE YEAR 1911-12.

During the year under report, the number of Educational Institutions, was 1,482 against 1,455 last year. The number of pupils in them rose from 95,140 to 1,04,433. Of the 1,482 institutions 1,145, or 14 more than last year, were public institutions and were attended by 88,820 pupils against 80,015 last year. The number of private institutions rose from 324 to 337, and the attendance in them from 15,125 to 15,613. The number of male pupils in all institutions public and private rose from 76,939 to 83,108 and of female pupils from 18,201 to 21,325. No school had remained closed on 31st March 1912 on account of plague.

2. Of the 1,145 public institutions, 287 were under the direct control of the Agency, 26 were private, 804 were under the management of the first and second class States, 24 were aided and 4 were unaided. Corresponding figures for the preceding year were, 283, 29, 794, 21 and 4.

3. The number of students, learning English in public schools, rose from 9,300 to 9,728, the number learning a classical language from 4,024 to 7,267 and the number learning a vernacular language from 79,475 to 88,143.

4. A table showing the distribution of schools throughout the province is attached to this report. It would appear therefrom that in the whole of Kathiawar, with an area of 20,882 square miles, 4,215 towns and inhabited villages, and a population of 24,94,924 souls, there were, on the 31st March 1912, 1,145 recognized institutions with 88,820 pupils, and 337 unrecognized (private) institutions with 15,613 pupils.

5. The total expenditure increased from Rs. 9,33,322 to Rs. 10,43,720. The increase is due to increased expenditure on Arts Colleges, Secondary and Primary schools, inspection and buildings, and under the head miscellaneous.

CHAPTER II—COLLEGE EDUCATION.

6. ARTS COLLEGES.—The number of pupils in the two Arts Colleges in the province, *viz.*, the Bahavdin College at Junagadh and the Samaldas College at Bhavnagar, rose from 221 to 287 during the year under report. The Bahavdin College was attended by 157 pupils against 136 last year, while the Samaldas College had an attendance of 130 pupils against 85 last year. Of the total number, 287, of the pupils, 61 are reading for the B. A. degree and 226 for the previous and intermediate examinations.

CHAPTER III.

7. The number of High schools increased from 15 to 16, the Middle school at Mangrol having been raised to the status of a High school. The attendance in them rose from 4169 to 4912, and the fee receipts increased from Rs. 74,980 to Rs. 87,435. The total expenditure on these schools was Rs. 2,14,827 against Rs. 2,00,273 in the preceding year.

8. The only institution of the kind under the Agency is the Rajkumar College at Rajkot. I have no official connection with it. But, from the statistics received, it appears that it was attended by 42 pupils against 34 last year. The fees realized amounted to Rs. 32,692 and the total expenditure to Rs. 68,836.

9. Of the remaining High schools, 14 are under the management of the first and second class States. The attendance in them ranged from 65 to 561, the largest High schools in size being the Alfred High School, Bhavnagar and the Alfred High School, Rajkot, which had respectively an attendance of 561 and 500 pupils. The Bhavnagar High School passed 45 pupils at the Matriculation examination, out of 73 sent up, and the Alfred High School, Rajkot, passed 34 pupils out of 71 sent up The Junagadh, Jamnagar, and Porbandar High schools passed respectively 14, 15, and 7 pupils out of 44, 27, and 10 pupils sent up. The number of boys passed at the Matriculation examination by the Dhrangadhra, Morvi, Gondal, Limbdi, and Wadhwan High schools was respectively 4, 5, 3, 8, and 8 out of 8, 10, 7, 8 and 12 sent up for it. 3 pupils appeared at the Matriculation examination from the Vankaner High school but none passed.

10. The results given by the High schools at the Matriculation examination were satisfactory on the whole. The schools appear to be well managed. They are all accommodated in suitable buildings, and are generally well equipped as regards gymnasia, and scientific apparatus, and they have also their cricket and football teams. The cricket team of the Alfred High School, Rajkot, won the Hill Challenge Shield, instituted by the Thakore Saheb of Limbdi for competition by the State High schools of Kathiawar, during the year.

11. The Saurashtra High School, Rajkot, which is the only unaided institution of its kind in the Province was attended by 149 pupils The fees realized amounted Rs 2,252 against Rs. 1,708 last year. It passed 3 students at the Matriculation examination out of 9, sent up.

Middle Schools.

(Boys and Girls)

12. The total number of these schools was 52 or 1 less than last year. The decrease is due to the Mangrol Middle school being raised to the status of a High school during the year under report. The number of pupils declined from 4,651 to 4,529. But the fee receipts increased from Rs. 39,415 to Rs. 41,270. The total expenditure also increased from Rs. 98,998 to Rs. 1,07,393.

13. Of the 52 Middle schools, 16 are under the control of the Agency. 1 is private but under the inspection of the Department, 28 are under the management of the 1st and 2nd class States, 4 are aided and 3 are unaided.

14. Two of the Middle schools are for Girls. They are at Bhavnagar and Gondal. The attendance in them declined from 73 to 62.

15. The Wadhwan Camp Talukdari Girassia school, and the Middle schools at Jetpur, Wadhwan Camp, and Lathi continue to be the largest schools under the Agency. The other schools under the Agency are also in a flourishing condition.

16. Of the schools under the first and second class States, the Rajkot State Middle school, and the Bhavnagar Middle school are the largest in size, having an attendance of 418 and 414 pupils respectively.

CHAPTER IV.—Primary Schools for Boys.

17. The number of these schools increased from 952 to 965 during the year under report. The number of pupils also increased from 60,021 to 66,680. The number of girls, attending boys schools was 2,828 against 2,220 in the preceding year.

18. The number of schools, maintained by Native States, increased from 933 to 946, and the pupils in them from 58,788 to 65,081. 156 of these schools teach the rural standards. The number of aided schools increased from 15 to 17, and the attendance in them from 1,233 to 1,598. The number of night schools declined from 4 to 2 and the attendance from 33 to 21, during the year under report.

19. There are no unaided primary schools in the Province.

20. UNRECOGNIZED SCHOOLS.—The number of these schools increased from 324 to 337, and the attendance in them increased from 15,125 to 15,613. Of these 337 unrecognized schools, 2 teach Arabic or Persian, 17 teach Sanskrit, 109 teach a vernacular only or mainly 207 are Koran schools, and 2 are schools not conforming to Departmental standards.

21. PRIMARY SCHOOLS FOR GIRLS.—The number of these schools increased from 105 to 106. The attendance in them also increased from 10,560 to 12,264. If to this number, the 2,878 girls, that attend boys schools, are added the total number of girls under instruction would be 15,142.

22. Of the 106 Girls' schools 27 are under the Agency, 2 are private, 74 are under the management of the 1st and 2nd class States, and 3 are aided. A majority of the Girls' schools have trained Head Mistresses. As the pay offered to female teachers in Kathiawar is low, the low paid teachers leave service in the Department as soon as they can obtain better paid posts outside the Province.

SCHOOL HOUSES.

23. The total number of boys and girls' schools together, excluding the Night schools is 1,069. Of these, 752 schools have specially erected buildings, and 317 are held in rented houses, choras and such other places.

CHAPTER V.—EDUCATION OF SPECIAL CLASSES.

24. GIRASSIA AND TALUKDARI SCHOOLS.—The Gondal Girassia College was attended by 65 pupils. The fees realized amounted to Rs. 13,781 and the total expenditure amounted to Rs. 20,050. The attendance in the Wadhwan Camp Talukdari Girassia School was 67. The fee receipts amounted to Rs. 13,500 and the total expenditure to Rs. 19,339. The number of sons of Girassias and Talukdars, receiving education in these two special institutions was 132. Over and above this number, 285 children of poor Girassias and Talukdars attend the ordinary Secondary schools, 2,441 are found in primary schools, and 328 attend Girls' schools. The total number of children of this class under instruction is 3,054. This number would appear very small in comparison to their population in Kathiawar.

MAHOMEDANS.

25. The number of Mahomedans under instruction rose from 14,013 to 15,147. This shows that the appreciation of the benefit of education by that community reported by me in former years, has continued. Of the 15,147 Mahomedan children under instruction, 27 are in Arts Colleges, 794 in secondary schools, 14,323 in primary schools, and 3 in other schools.

26. The number ef Mahomedans in private institutions rose from 9,453 to 9,835 during the year under report.

ABORIGINAL AND HILL TRIBES AND DEPRESSED CASTES.

27. No special provision exists for the education of these castes in Kathiawar. The

number of children of Aboriginal and Hill tribes was 39, and that of depressed class was 42.

CHAPTER VI.

28. The number of institutions for special instruction is the same as last year, *viz.*, 4. These institutions were attended by 589 pupils against 640 last year. This number includes 148 pupils, studying in special institutions, and 441, attending secondary and other schools but receiving education in Drawing.

Secondary Teachers Certificate Examination.

29. Only one candidate appeared at the examination during the year under report and he failed to pass in it.

Normal Schools.

30. There are altogether 2,783 male and 255 female teachers in the public schools of Kathiawar. Of the male teachers, 637 are trained Head Masters, 172 are trained assistants, 329 are untrained Head Masters, 1,606 are untrained and unpassed assistants, and 39 are untrained but passed assistants. Of the 255 female teachers, 71 are trained Head Mistresses, 31 are trained assistants, 7 are untrained Head Mistresses. 134 are untrained assistants, and 12 are untrained but passed assistants.

31. The average pay of a trained Head Master under the Agency is Rs. 19-6-9, of an untrained Head Master Rs. 10-9-7, of a trained assistant Rs. 12-12-3, of an untrained and unpassed assistant Rs. 4-4-3, and of an untrained but passed assistant Rs. 5-8-0. The corresponding figures for the State schools are Rs. 19-13-4, Rs. 8-13-4, Rs. 11-10-10, Rs. 6-9-0 and Rs. 8-3-0.

32. The average pay of a trained Head Mistress under the Agency is Rs. 18-1-5, of a trained assistant Rs. 11-10-8, and of an untrained assistant Rs. 3-11-3. Similar figure for the State schools are Rs. 21-11-5, 11-8-8, and Rs. 5-9-5.

Kathiawar Male Training College, Rajkot.

33. This College had on its rolls 65 students on 31st March 1911. Of these 15 were in the third year's course, 24 in the second year's course, and 26 in the first year's course. 72 students and 8 masters appeared at the annual examination, out of these 71 passed. The number of candidates, that appeared for the entrance examination was 60, out of whom 33 passed. 25 of the passed candidates were admitted to the first year's course. In the School of Art examinations, 8 got the third grade, 6 the 2nd grade and 16 the first grade Art Certificate.

The Practising school, attached to the College has an attendance of 104, and is in an efficient condition.

Barton Female Training College, Rajkot.

34. The number of students in the Barton Female Training College increased from 22 to 28. Of these 7 were in the third year's course, 9 in the second year's course, and 12 in the first year's course. At the annual examination 22 students were presented, all of whom passed. At the entrance examination 19 candidates appeared, out of whom 9 passed. All the passed candidates were admitted to the first year's course. 3 teachers passed in the 3rd grade and 5 students in the 1st grade examination of the School of Art, Bombay.

The Practising Girls' school, attached to the College had 129 pupils on its rolls at the end of the year. This school is also in an efficient conditio

Drawing Classes.

35. The number of these classes is the same as last year, *viz.*, 6. The number of outside students increased from 29 to 41. But number of the rolls of the existing institutions declined from 506 to 441.

Agricultural Classes.

36. No special provision exists for imparting Agricultural education in Kathiawar. The subject is however, taught in the Male Training College at Rajkot, in order that a knowledge of it may be of use to the scholars in teaching pupils in the primary schools, in which they may be appointed as teachers.

Administration and Miscellaneous.

37. The operations began in September as usual and the work of inspection and examination was finished in time. Mr. Desai, Assistant Agency Educational Officer, Jhalawad and Halar, reported great hardship in obtaining bullocks on hire for travelling in some parts of Jhalawad. Some of my time was taken up in preparing a draft revised Code for the Barton Female Training College, Rajkot, during the year.

38. My warm acknowledgments are due to the Political Officers of the Province for the remarks and suggestions, made by them from time to time with regard to the teaching in the Agency schools, visited by them while on tour, and for the help, which the Department invariably receives from them in educational matters.

The Vernacular Final Examination.

39. 8 candidates appeared at this examination out of whom 2 passed.

Plague.

40. 3 masters, 94 pupils and 1 servant died on account of plague against 4 masters, 117 pupils, 1 servant last year.

Physical Education.

As remarked by me in former reports Cricket is becoming more and more popular in Secondary schools. The boys in primary schools, having gymnasia attached to them, are taught gymnastic exercises. In other schools, the pupils play native games. Some schools also teach drill.

From,

The ZENANA MEDICAL OFFICER,

Kathiawar.

To,

The AGENT TO THE GOVERNOR,

Kathiawar.

Rajkot, 4th May 1912.

SIR,

I have the honour to submit my annual report of the working of the Rasulkhanji Hospital for the year 1911-12.

A copy is sent as asked in Resolution No. III of the Karbharis' Meeting held on the 19th April 1907 to the Standing Committee.

The number of in-patients treated during the year ending 31st March 1912 was 163 and those of the two preceding years were 218 and 177.

The classes of the new in-patients are as under with those of the two preceding years.

Classes.	1909-10.	1910-11.	1911-12.
Europeans	1	3	4
Eurasians	1	2	.....
Native Christians	17	12	7
Hindus	152	117	113
Mahomedans	46	39	36
Parsis	1	.....	.....
Others	.....	4	3

Name of Hospital.	Year.	Cured.	Relieved.	Otherwise.	Died.	Remaining.	Total.
Rasulkhanji Hospital ...	1909-10.	101	74	27	7	9	218
	1910-11.	75	70	17	6	9	177
	1911-12.	66	44	41	5	7	163

The number of operations performed during the year under report was 72 and those of the last two years were 66 and 64.

	1909–10.	1910–11.	1911–12.
Primary	63	65	70
Secondary	1	1	2
Total ...	64	66	72

The number of out-door patients treated during the year under report was 1,739 and those of the last two years were 1,842 and 1,851.

The classes of the new patients are as under with those of the last two years.

Classes.	1909–10.	1910–11.	1911–12.
Europeans	2	11	16
Eurasians	5	11	2
Native Christians	72	95	88
Hindus	1,284	1,236	1,182
Mahomedans	442	456	427
Parsis	2	.....	.....
Others	35	42	24
Total ...	1,842	1,851	1,739

The average daily attendance of out-patients was 21·97.

I have the honour to be,
Sir,
Your most obedient servant,

C. M. WICKHAM,
Zenana Medical Officer, Kathiawar.

No. 7 of 1912-13.

From

The LADY SUPERINTENDENT,

Barton Female Training College, Rajkot.

To

The AGENT TO THE GOVERNOR

in Kathiawar.

Rajkot.

Rajkot, 1st April 1912,

SIR,

I have the honour to submit the following report of the Barton Female Training College for the year ending the 31st March 1912.

2. At the beginning of the official year there were 23 names on the College rolls, of which 18 were stipendiary and 5 non-stipendiary students. After the terminal examination, 1 student left the College. 8 students were given appointments after the Annual Examination held in October 1911. Of these, 1 head-mistress, who was taking her course for the 3rd year's examination resigned her post, having proved successful in the examination.

14 new students have been admitted into the College, 9 of whom are stipendiary. and 5 non-stipendiary. The scholarship grant allows an expenditure of Rs. 145 per mensem.

3. The official year closes with 28 names on the rolls, of these 22 are stipendiary and 6 non-stipendiary. These 28 students are studying in the following classes:—

3rd year's course...	... 7	(4 Stipendiary, 3 non-stipendiary.)
2nd year's course	... 9	Stipendiary.
1st year's course...	... 12	(9 Stipendiary, 3 non-stipendiary.)
Total	... 28	

4. The College students belong to the following castes:—

Brahmins	...	... 19
Banias	...	... 4
Other Hindus	...	... 5
		28

Of this number 11 are married 15 are widows and 2 are unmarried.

5. The average number on the rolls throughout the year is 23·8 as against 24·1 last year and the average daily attendance 23·2 as against 22·9 last year.

6. At the Annual Examination 22 candidates were presented, the result of which is as follows:—

Class.	No. presented.	No. passed.
3rd year's class	7	7
2nd year's class	6	6
1st year's class	9	9
	22	22

7. During the year 6 fully trained students of the 3rd year's course and one student of the 2nd year's course were given posts in the undermentioned places:—

	Name of Student.	Class of passing.	Post given.	Pay of Post.
1.	Premkunverbai Jetha ...	3rd year	... Lang mistress B. F. T. College.	Rs. 15.
2.	Bhagirthibai Purshottam.	„ „	... Head-mistress Girls' School Chorwad.	Rs. 12.
3.	Jamnabai Shamji ...	„ „	... Head-mistress Anjar.	Rs. 20.
4.	Mottibai Pursuhottam...	„ „	... 2nd Assistant Practising School.	Rs. 12.
5.	Anandbai Raghuram ...	„ „	... Assistant mistress Girls' School Botad	Rs. 12.
6.	Santokbai Jutha ...	„ „	... Assistant mistress Girls' School Gondal	Rs. 12.
7.	Radhabai Vera ...	2nd year	... Head-mistress Girls' School Jam-Kandorna	Rs. 14.

8. 19 Applications were received for the College Entrance Examination which was held in September 1912. Of this number 9 passed in all the required subjects. 14 students were admitted into the College in December when the new term commenced. 9 of which are stipendiary and 3 non-stipendiary and 2 Head-mistresses were admitted to study.

The Drawing Class.

9. 14 students appeared for the Bombay School of Arts 1st Grade Examination in August 1912, but only 5 passed. This is indeed a low percentage, but we hope to do better this year, when we have found out the cause for this poor result. 3 Teachers appeared for the 3rd grade, of whom 2 were successful.

The Boarding House.

10. All the stipendiary students of the College are compelled to live in the College. At present there are 29 inmates of the Boarding House. 27 (22 stipendiary and 5 non stipendiary) of whom are students and 2 are Assistant Teachers of the practising school. The average expenditure per month for the year has been Rs. 5–12 as.–2 ps.

The Practising School.

11. The number on the rolls of this school is 129 as against 126 last year. The average number on the rolls throughout the year is 119 as against 133·5 of last year and the average daily attendance has been 91 against 83 of the preceding year. At the Annual Examination held in August, 95 pupils were presented and 79 of this number passed, giving a percentage of 83·1 passes. This is creditable and shows that the Head-mistress and the Assistant Teachers worked hard.

12. 5 students received prizes in the Sanatan Dharam competitive examination. This examination, which encourages boys and girls to study their religious books, is a necessity, and we are so grateful to the promoters of this good institution, for the good which they are doing for the great cause of education. We fully realise that Teachers must be intellectually, physically and morally trained if they are to be of use to their country. Our hearty thanks are due to the gentlemen who are helping us in the teaching of religion, by liberally awarding prizes to the successful candidates.

13. Our grateful thanks are also due to Mr. D. Robertson, the Administrator of the Junagadh State and to the Khan Saheb of Mangarol for their kind help in giving scholarships of Rs. 8 per mensem and Rs. 5 per mensem respectively to 2 scholars at the request of the Acting Superintendent. Mr. Sitaram Narayen has also very kindly given 2 scholarships of Rs. 5 per mensem each to two other students. Our grateful thanks are also due to this kind gentleman. Their help to the great and noble cause of education is indeed praiseworthy.

14. There have been very few changes in the staff since the 1st of April 1911. The late Lady Superintendent Miss Pegge resigned her post and Mr. Maneklal Shah was apointed as Acting Superintendent for about 4½ months. He handed over the charge of the post of Lady Superintendent on the 14th ot March to me and reverted to his post as Head Master. The Probationary Matron reverted to her own post as Head Mistress of the Rajkot Civil Station Girls' School and Bai Shrikunwer Shivram, late Head Mistress of the Bagasara Girls' School was appointed as a Matron. After the Annual Examination the late Lang Mistress Dasherabai Bhagwat was appointed as an Assistant Girls' School (Ladradi Bebe Junagadh.) The 1st Assistant of the Practising school was granted 1 year's leave without pay and in her place, the 2nd Assistant of the same school, was appointed, and a successful 3rd year's student was appointed in the 2nd Assistant's place. The 3rd Assistant of the Practising school obtained a post in the Bhavanagar State and her place was filled by an untrained Mistress.

15. The members of my staff have shown their willingness to help me in the work of the College and the School, since I have taken over charge, for which I tender them my hearty thanks. We hope for better results for the coming year and I am sure my staff will work with me unitedly for the good of both the College and the School.

I have the honour to be,

Sir,

Your most obedient servant.

O. E. STRIP,

Lady Superintendent.
